School Tax Unpaid Is $291,857

Flood Deadline Is Dated Dec. 15th

A total of $291,857.84 in unpaid school taxes for the past year was reported by the committee on Town and County Accounts last evening to the board of supervisors and this amount of returned unpaid school tax will be assessed and levied against the properties for collection, together with a 7 per cent penalty. This will make the total amount to be collected $311,-012.24, an exceptionally large amount for unpaid school tax.

NOTICE WAS received by the board from B. A. LeFeve, Federal Aid coordinator for the state of New York, that the time for filing for flood damage had been extended to December 15

Dogs which have been immunized against rabies may now run at large in the county. Notice to that effect has been received by the board from the State Health Department. Some time ago it became evident that rabies was wide-spread in wild animals in the county and Ulster county was declared a county in which rabies existed and dogs were ordered confined pending a rabies inoculation program. This program has been concluded and the state has declared it legal again for inoculated dogs to run.

A COMMUNICATION was received and read from the Downtown Business Men's Association calling attention to the advantages of building up that area of the city and setting forth the advantages. The text of the letter was approved at a meeting of the association November 29. A move to have the new county building located in that area has been begun.

The annual report of the county sealer of weights and measures was received and filed.

A report on returned water tax in the several water districts of the county was received. This includes the Highland district, Marlborough district, Phoenicia district, Wallkill and Woodstock districts. The amount of the returned water tax will be assessed and levied against the properties in the respective districts upon which the tax remains unpaid.

THE COST of maintaining inmates at the County Home totaled $16,855.26 and this amount will be apportioned among the towns and city in accordance with the number of inmates from each area.

Cost of Industrial Home care for children amounted to $101,-531.01 and this will also be assessed and levied against the towns and city of Kingston in accordance with the number of children from each subdivision.

The sum of $2,348.86 in unpaid tax in the Marlborough Water Extension district was

Congressman Will Talk Issues With Chamber Groups

Congressman J. Ernest Wharton will attend a special luncheon meeting Monday noon, Dec. 12, of the National Legislative Affairs Committee and the board of directors of the Kingston Area Chamber of Commerce in the Governor Clinton Hotel.

In making this announcement today Frank E. Bourke, chairman of this legislative committee, stated that Congressman Wharton agreed to meet with the group to discuss National issues of current interest and find out how local Chamber leaders felt about them.

Among the topics which he will discuss are flood control procedure, national farm policies, taxes and spending, possible federal school programs and highway policies. Other topics those present may wish to bring up will also be discussed. It will be an informal meeting.

Reservations for the luncheon must be made at the Chamber of Commerce office before noon on Saturday.

Council Laws, Rules Committee Gets Request

Proposed Cement Plant Zoning Action Started

A request for rezoning of the Steep Rocks area of the city to permit operation of a $10,000,000 cement plant there was referred to the Common Council's laws and rules committee last night.

The aldermen also considered a renewed proposal of the New York Central Railroad for modernization of its signal and protection system at several city grade crossings, and authorized transfer of title to the city of lands to be used for a playground in the Colonial Gardens area.

A LETTER from Attorney Abraham Streifer in behalf of the Strelene Realty Corp., asked for the zoning change "to permit construction and operation of a cement plant in the Steep Rocks section of the city."

The letter noted that 500 men would be employed in constructing the plant which would be finished in about 15 months after start of construction. The letter said that the plant would employ 250 workmen steadily and would be of modern dust-proof construction.

FURTHER DETAILS will be given by Ellis Clark Soper, consulting engineer and designer of the plant, when a public hearing is held on the proposed zoning change, Streifer said.

A letter from the New York Central railroad, noted its modernizing proposal of Dec. 1, 1953 for grade-crossing protection at Smith, TenBroeck, Foxhall, and Flatbush avenues, Gage street and Cemetery road, but said conditions then delayed fulfillment.

THE PLAN as again outlined and referred to Mayor Frederick H. Stang, said 24-hour protection would be continued at the Smith avenue crossing, and the high tower would be moved from TenBroeck to Smith avenue. Manual control of automatic protection at TenBroeck avenue, would be installed in the Smith avenue watchman's tower.

Automatic short-arm gates would be installed at TenBroeck avenue and flashing signals would operate automatically by train movements. Manual control in the cabin at Smith avenue would allow raising of gates to avoid delays of traffic when trains are interrupted.

CONTINUOUS 24-hour protection would be maintained at Foxhall avenue, and manual control for automatic protection of Gage street and Cemetery road would also be in the cabin to raise gates when necessary.

Gage street and Cemetery road would also have short-arm gates and flashing signals, operated automatically by train action, and manual control at Flatbush avenue. The latter would have the present 24-hour manual protection.

THE LETTER announcing the grade crossing plan said arrangements are under way to obtain authorization from Public Service Commission for modernization of the system. Corporation Counsel James J. Abernethy, in a letter to the aldermen, asked approval of deeds for land offered by the county and local housing authority for the building of a park in the Colonial Gardens area. The council adopted a resolution accepting them.

AMONG SEVERAL claims filed and referred to the corporation counsel was one of $10,000 by Charles and Dorothy A. DeCicco, 136 Delaware avenue, for injury and damage to real property at 21 South Washington avenue as a result of flooding in August and October. The papers were filed by Nepoletano, Kelly and Saccoman. A claim for $5,500 was filed by Thelma Ford, of 1 Fairview avenue, for damage resulting of a collision between a car of the claimant and a city truck at Fairview and Stickles avenues last Nov. 1. Thomas F. Saccoman is the attorney.

THREE CLAIMS filed for reported water damage caused by a water main break on Mary's avenue were by Mr. and Mrs. W. Glowinski, 11 Mary's avenue, $492; E. J. Ryan, 2 Mary's avenue, $80, and Amelia M. and Henry F. Gronemeyer, Mary's avenue, $429,15.
avenue, $429.15.

Mrs. Paul Hatfield, 163 Miller's Lane, filed a claim for $150 for injuries suffered in a fall Oct. 24 near 32 John street, and Henry Filiatrault, 7 Lebert street, filed a claim of $26 for a broken spring received on Brooks street in October.

A REQUEST from Louis A. DiDonna, attorney for the town of Ulster asking that the city transfer title to the township of city-owned land on the north side of Route 9W near Route 32, was referred to the laws and rules committee.

The town is developing a water system and desires the section of high land in the township, which is owned by the city.

An agreement was approved between the city and Kingston Park, Inc., a property developing unit, whereby $20,000 on deposit, may be used by the city in defraying costs of work to be done as the project progresses.

A REPORT of the laws and rules committee approved changes from residential to business zone designations for Patsy and Mary Amendola, 446-50 Albany avenue and Anthony and Viola Mooney, 349-51 Washington avenue.

F. B. Matthews Co., Inc., 15 Railroad avenue, was allowed a change from business to industrial, and Ella D. Leware was permitted to change a property at 420 Foxhall avenue from a business to a residential designation.

A traffic committee report was adopted favoring no parking on parts of Prospect, Furnace, West O'Reilly and West Chester streets, and Montrepose avenue. It also provided for a loading zone at 20 Dederick street, and

$11,640,288 Job Awarded to IBM

New York, Dec. 7 (AP)—The air force today announced the awarding of contracts to 12 firms in the New York area for equipment and services, amounting to more than 14 million dollars.

Largest of the contracts, involving an expenditure of $11,-640,288, went to the International Business Machines Corp., Poughkeepsie, N. Y., for bombing navigational equipment.

6th Ward Asks Quick Action

Homes, Office Site Are Mentioned in Petition

A bid for immediate action to provide low-cost housing for the downtown area and for consideration of the area for the proposed new county office building were made at last night's Common Council meeting.

Sixth Ward Alderman George P. Norton, Jr., read a petition stressing the need for immediate action in developing the lower section of the city, and Joseph Epstein, downtown merchant, appeared before the aldermen to urge speedy action in behalf of the area.

BOTH NORTON'S resolution and Epstein mentioned the recent meeting at the Community Center in behalf of developing the section, and Epstein urged that when the council decides in favor of a low-cost housing project that the downtown area be most immediately considered.

He asked, however, that when the city acts, that it "be careful, because we don't want business places torn down." A lot rests with the council as to what will be done, he said, and he announced that the aldermen would receive other communications in the future.

THE PETITION read by Norton said that if the city follows "the practice of a number of cities," it will find that development of such an area will benefit the whole community.

The region is one of many churches, schools and business, the petition said, and it has thriving shipping and oil industries, the Miron company and other smaller industries. The petition bore more than 100 signatures.

Epstein held that several downtown areas could be considered for a structure that would house county offices all in one structure.

Saugerties With 1,700 Pupils Has New School Plans

A recent survey in the Saugerties Central School district reveals that 1,700 pupils are enrolled, it was noted last night at a meeting of the Board of Education which reviewed its progress in meeting building needs.

Of the total number, approximately 1,000 pupils are enrolled in the grades, the remainder in the high school groups, 7-12 grades.

THE BOARD pointed to an inevitable increase in future high school enrollments since figures taken from the census covering pupils now living in the district reveal that a grade building of considerable size must shortly be provided in addition to the planned junior-senior high school building.

In addition to the public school enrollment, 260 pupils are enrolled in the local parochial school, it was announced.

The board announced appointments have been made with the architects, Sargent, Webster, Crenshaw and Folley for Saturday afternoon when they will discuss their preliminary study with Dr. Virgil M. Rogers and Dr. Stewart of Syracuse Univer-

Milk Producers Ask Strike Ban

Syracuse, N. Y., Dec. 7 (AP)—The metropolitan milk producers bargaining agency has called on five state legislatures to ban industry-wide strikes.

The dairy cooperative's delegate body yesterday urged action "particularly where perishable foods are involved, or where carriers or public utilities are affected."

It said farmers' losses as a result of strikes by milk distributors' employes were "deplorable and irretrievable."

The agency is a federation of 66 farmer cooperatives, claiming 8,000 members in New York, Pennsylvania, New Jersey, Massachusetts and Vermont.

In another resolution, it called on the federal government to give more consideration in setting the price of fluid milk "to general business conditions and consumer income" and less to the amount of milk supply.

No Scales, Thruway Police Say

Hard to Enforce Overweight Law

Albany, N. Y., Dec. 7 (AP)—The Thruway Authority and the state police say that the Thruway patrol has no scales for checking vehicle weights on the cross-state expressway.

Inspector Robert V. Annett, head of the special detail, and an authority spokesman conceded yesterday that it was impossible properly to enforce the state laws regarding overweight and oversize vehicles on the Thruway.

BUT ANNETT expressed doubt that there was any appreciable law-breaking. The authority spokesman said the problem was largely "academic" on the Thruway because, he said trucks could not get to the superhighway without traveling on other state highways on which weight checks are made.

The officials commented after the Knickerbocker News reported that the authority, "in an effort to boost commercial use of the superhighway, is permitting truckers to violate state law by running overloaded." The authority spokesman denied this.

THE NEWSPAPER said also that the trucking industry had been told vehicles would not be stopped and checked for overloading while on the Thruway.

The authority spokesman commented that "to the best of my knowledge" no trucker or trucking company ever had been told such a thing by a representative of the authority.

He said enforcement of laws regarding overweight and oversize vehicles on the expressway, as on other highways, was in the province of the state police.

The special thruway police detail is equipped by the authority.

THE ONLY POWER the authority has overloaded trucks, the spokesman said, is to order the police to ride herd on them and to equip the police with scales. He said the authority had done neither.

He declared that the authority knew it was illegal for trucks to run overloaded and that it did not condone the practice.

Asked whether the authority

Roth, Committee Appeal to Mayor

12th Ward Stresses Flood Check Needed

A resolution asking action to relieve sections of the 12th ward from flood damage due to overflowing brooks was adopted by the Common Council last night and forwarded to the Board of Public Works, Mayor Frederick H. Stang and a special committee of aldermen.

The aldermen acted on the proposal after a final paragraph of the resolution, asking a 1956 budget provision to cover such flood relief, was deleted. The budget proposal was removed on advice of Corporation Counsel James J. Abernethy, who held that such a budget item without a specified estimate of cost would be illegal.

THE RESOLUTION was prepared through action of a special citizens' committee in the ward, headed by R. W. Dillon, 168 Main street. The committee had also circulated notice of the meeting date and about 70 residents of the ward attended.

Dillon charged that the ward's alderman Richard V. Roth, had refused to sponsor the resolution as presented, but Roth, who had made a flood-relief bid in a letter, held that he had sufficiently covered the same ground.

Dillon said he feared that unless something was done in conjunction with preparation of the budget, another year might pass without action. Roth said in his letter that he would like to feel that something could be done immediately, but he realized that certain steps must be taken first.

ROTH SAID last night that he was "delighted that the Common Council is backing 12th ward residents in their appeal," and he noted that he was named on the committee to meet with the Board of Public Works and the mayor to discuss the problem, "for immediate action."

Alderman-at-Large Joseph Kelly named Aldermen Edwin Radel, third ward; George P. Norton, Jr., sixth ward; James K. Ryan, 10th ward, and Roth on the committee.

Dillon, who was granted privilege of the floor, early in the session, said he spoke for the citizens committee which was out to get "as much action as possible" for flood relief in the ward."

SUCH DAMAGE as done by flooding brooks last August and October, he indicated, was not new in the area, and he offered pictures taken 25 years ago to stress the point.

Sewers in the area, he held are inadequate, and among reasons for this are a steady population growth and property developments.

"In some cases," he said, "the sewers are held together by a hairpin and a string."

Dillon said the city has 16 different places where such floods occur. He said he and the committee and residents of the ward were not at the session "to ask for a luxury," and he suggested that if Alderman Roth did not sponsor the resolution that another alderman do so.

AS CONDITIONS stand now, he said, they are getting worse, and "we are liable to have the 12th ward in the first in another 10 years."

Dillon said the resolution was prepared by "a very able lawyer." It mentioned residents of Main and Emerson streets, Lucas, Hurley, Lafayette and Johnston avenues, as those mostly affected by "the flooding of cellars and basements with every normal and heavy rainfall, due to inadequate sanitary sewers, storm sewers and drainage facilities."

SUCH RECURRENT flooding, it said, "tends to depreciate property values, is a common source of property damage, and a menace to health and safety."

"The present employment of the sanitary sewers on Main street and other streets for carrying away surface waters constitutes a serious threat to public health and is contrary to the regulations of the New York Sanitary Code," it said.

Also, it held, "recent building developments in the 12th ward have increased the load upon the already overburdened sanitary and storm sewers and drainage facilities. These, it said, "are going to tax them still further."

Inadequacy of the system in the ward was proved in the rains of August and October, and has "rendered the situation dangerously acute."

THE RESOLUTION asked that the council request the mayor to direct the city engineer and public works department "to make the necessary engineering surveys, studies and plans to provide adequate sanitary and storm sewers, and drainage to those streets of the 12th ward where existing facilities have proved to be inadequate to carry off sanitary water and surface water without flooding and consequent damage to adjacent properties."

The deleted final paragraph asked that the council make a

Ice Cream Store May Be Delayed

Zoning Board, Council Decisions Up to Court

Building plans of the Carvel Corp., which by recent ruling of the zoning board, was granted permission to build an ice cream store at Foxhall and Albany avenues, may be delayed pending decision on a show cause order answerable in Supreme Court, it was indicated last night.

Alderman Benjamin A. Storms and others in the council sought a legal opinion on the powers of the Common Council as related to those of the zoning board in authorizing changes, and it was indicated that a court decision on the Carvel petition might give the answer.

The corporation was refused permission to operate the store on the Monroe T. Southard property at the intersection by Common Council action last summer, and a recent zoning board opinion reversed that decision.

Storms held that the zoning board at one time said they could not act on the petition, and appeared to change its position through the recent decision.

Alderman Hirshell Mayes said he was opposed to the zoning board's reversal of action taken by the city's legislative body and he felt that the board should be abolished.

Thousands Of Schools In Program

Major Research Also Is Planned

New York, Dec. 7 (AP)—A cabinet member said today the Eisenhower administration "will present to Congress a broadened and improved program to help build thousands of schools for our children."

Marion B. Folsom, secretary of health, education and welfare, outlined government intentions on the school problem at the founding convention of the newly merged AFL-CIO.

"IT IS PERFECTLY possible, I am sure, for the federal government to help build schools for our children without in any way endangering the freedom of local school systems," Folsom said.

Folsom said that meanwhile the administration believes strongly that states and local communities must continue to increase their efforts.

President Eisenhower, he said, believes lack of school facilities "no longer can be allowed."

"EVERY 10 MINUTES, new classrooms of children are reaching school age," Folsom said. "Every 10 minutes, a new teacher and a new classroom are needed."

Folsom is the second cabinet member to address the convention. Secretary of Labor Mitchell spoke yesterday. Although he asked the convention to support the administration's policies, the convention adopted resolutions critical of it.

Such action resulted only 24 hours after President Eisenhower addressed the convention by telephone from Gettysburg.

THE PROGRAM to be presented to Congress, Folsom said, culminates months of work by the administration in "developing a plan of federal assistance to help erase the nation's deficit of classrooms."

"This administration also believes firmly that federal assistance, while benefitting all states, should be distributed according to need," Folsom said. "We accomplish the most good for our total school system by giving more aid where the needs are greatest. ***

"We have also decided to recommend to Congress a major expansion and improvement in educational research and statistics under the office of education. This program will help all of us understand more definitely just what the problems are, where future problems may be developing and what needs to be done about them."

FOLSOM SAID "We look forward" to continued improvement and extension of coverage in Social Security.

But Folsom counseled that "we should carefully avoid tax increases that might undermine or weaken popular support for the system in the future."

"We should remember," he said, "there is a limit to the social security taxes that people may be willing to pay to support the program in all the years ahead."

THE MORE THAN 1,400 convention delegates voted unanimously to "condemn the administration for its failure to live up to its campaign promises to rid the Taft-Hartley Law of its anti-labor provisions."

Other resolutions yesterday "denounced" operation of the National Labor Relations Board (NLRB) under the present administration and sharply criticized current economic policies.

"The administration," said one resolution, "seems more interested in tilting with the windmill of inflation by increasing interest rates than in creating the environment necessary for economic expansion.

"WE RECOGNIZE that monetary policy is a legitimate tool for stabilizing the economy but it

Teachers to Give $100 Scholarship

A scholarship grant to any state teacher's college in the amount of $100 for each year in school will be awarded to a Kingston High School student by the Kingston Teachers Federation next June, it was announced today by Michael Aronica, president of the KTF.

Decision on the award was made Tuesday afternoon during a general membership meeting.

Mrs. Helen Partlan was named chairman of the committee and her assistants will be Mrs. Laura Terpening, Mrs. Anne McNelis and Mrs. Irene Deyo.

Modena Man's Condition 'Fair' Following Crash

Middletown Girl, 18, Dies After Head-on Collision on Route 208

An 18-year-old Middletown girl died at Kingston Hospital at 7:50 p. m. Tuesday six hours after a head-on collision on Route 208 about a half mile north of Ireland Corners.

She is Judith Meyer of 31 Liberty street, passenger in a 1953 sedan operated by Francis Joseph Johnson, 20, of Box 56, Bullville, it was reported by Highland State Police and the Ulster county sheriff's office.

Miss Meyer died as the result of injuries suffered when the car operated by Johnson was in head-on collision with a 1951 convertible operated by Norman Hansen, 20, of Modena, it was reported.

Following investigation, Coroner Francis J. McCardle issued a verdict of accidental death.

A post-mortem, authorized by the coroner, was performed last night by Dr. Herbert Derman of the Kingston City Laboratory, local pathologist. The result indicated that Miss Meyer died as a result of injuries sustained in the accident, the coroner reported — namely, a ruptured spleen and generalized hemothorax.

She was treated at the scene by Dr. Virgil DeWitt of New Paltz and rushed to Kingston Hospital by the New Paltz Fire Department ambulance with a brain concussion and fractured left arm, Trooper C. E. Whiting reported.

Both Johnson and Hansen were reported "fair and slightly improved" by Kingston Hospital authorities today. Johnson reportedly suffered lacerations of the face and hands and possible internal injuries and Hansen lacerations of the chin and right knee and possible rib fractures.

Trooper Whiting said the Johnson car was traveling south approaching the crest of a hill and the Hansen convertible was

Council Laws, Rules Committee Gets Request

Proposed Cement Plant Zoning Action Started

A request for rezoning of the Steep Rocks area of the city to permit operation of a $10,000,000 cement plant there was referred to the Common Council's laws and rules committee last night.

The aldermen also considered a renewed proposal of the New York Central Railroad for modernization of its signal and protection system at several city grade crossings, and authorized transfer of title to the city of lands to be used for a playground in the Colonial Gardens area.

6th Ward Asks Quick Action

A bid for immediate action to provide low-cost housing for the downtown area and for consideration of the area for the proposed new county office building were made at last night's Common Council meeting.

Sixth Ward Alderman George P. Norton, Jr., read a petition stressing the need for immediate action in developing the lower section of the city, and Joseph Epstein, downtown merchant, appeared before the aldermen to urge speedy action in behalf of the area.

BOTH NORTON'S resolution and Epstein mentioned the recent meeting at the Community Center in behalf of developing the section, and Epstein urged that when the council decides in favor of a low-cost housing project that the downtown area be most immediately considered.

He asked, however, that when the city acts, that it "be careful, because we don't want business places torn down." A lot rests with the council as to what will be done, he said, and he announced that the aldermen would receive other communications in the future.

THE PETITION read by Norton said that if the city follows "the practice of a number of cities," it will find that development of such an area will benefit the whole community.

The region is one of many churches, schools and business, the petition said, and it has thriving shipping and oil industries, the Miron company and other smaller industries. The petition bore more than 100 signatures.

Epstein held that several downtown areas could be considered for a structure that would house county offices all in one structure.

Saugerties With 1,700 Pupils Has New School Plans

A recent survey in the Saugerties Central School district reveals that 1,700 pupils are enrolled, it was noted last night at a meeting of the Board of Education which reviewed its progress in meeting building needs.

Of the total number, approximately 1,000 pupils are enrolled in the grades, the remainder in the high school groups, 7-12 grades.

THE BOARD pointed to an inevitable increase in future high school enrollments since figures taken from the census covering pupils now living in the district reveal that a grade building of considerable size must shortly be provided in addition to the planned junior-senior high school building.

In addition to the public school enrollment, 260 pupils are enrolled in the local parochial school, it was announced.

The board announced appointments have been made with the architects, Sargent, Webster, Crenshaw and Folley for Saturday afternoon when they will discuss their preliminary study with Dr. Virgil M. Rogers and Dr. Stewart of Syracuse Univer-

Modena Man's Condition 'Fair' Following Crash

Middletown Girl, 18, Dies After Head-on Collision on Route 208

An 18-year-old Middletown girl died at Kingston Hospital at 7:50 p. m. Tuesday six hours after a head-on collision on Route 208 about a half mile north of Ireland Corners.

She is Judith Meyer of 31 Liberty street, passenger in a 1953 sedan operated by Francis Joseph Johnson, 20, of Box 56, Bullville, it was reported by Highland State Police and the Ulster county sheriff's office.

Miss Meyer died as the result of injuries suffered when the car operated by Johnson was in head-on collision with a 1951 convertible operated by Norman Hansen, 20, of Modena, it was reported.

Following investigation, Coroner Francis J. McCardle issued a verdict of accidental death.

A post-mortem, authorized by the coroner, was performed last night by Dr. Herbert Derman of the Kingston City Laboratory, local pathologist. The result indicated that Miss Meyer died as a result of injuries sustained in the aceident, the coroner reported — namely, a ruptured spleen and generalized hemothorax.

She was treated at the scene by Dr. Virgil DeWitt of New Paltz and rushed to Kingston Hospital by the New Paltz Fire Department ambulance with a brain concussion and fractured left arm, Trooper C. E. Whiting reported.

Both Johnson and Hansen were reported "fair and slightly improved" by Kingston Hospital authorities today. Johnson reportedly suffered lacerations of the face and hands and possible internal injuries and Hansen lacerations of the chin and right knee and possible rib fractures.

Trooper Whiting said the Johnson car was traveling south approaching the crest of a hill and the Hansen convertible was

Milk Producers Ask Strike Ban

Syracuse, N. Y., Dec. 7 (AP)—The metropolitan milk producers bargaining agency has called on five state legislatures to ban industry-wide strikes.

The dairy cooperative's delegate body yesterday urged action "particularly where perishable foods are involved, or where carriers or public utilities are affected."

It said farmers' losses as a result of strikes by milk distributors' employes were "deplorable and irretrievable."

The agency is a federation of 66 farmer cooperatives, claiming 8,000 members in New York, Pennsylvania, New Jersey, Massachusetts and Vermont.

In another resolution, it called on the federal government to give more consideration in setting the price of fluid milk "to general business conditions and consumer income" and less to the amount of milk supply.

No Scales, Thruway Police Say

Hard to Enforce Overweight Law

Albany, N. Y., Dec. 7 (AP)—The Thruway Authority and the state police say that the Thruway patrol has no scales for checking vehicle weights on the cross-state expressway.

Inspector Robert V. Annett, head of the special detail, and an authority spokesman conceded yesterday that it was impossible properly to enforce the state laws regarding overweight and oversize vehicles on the Thruway.

BUT ANNETT expressed doubt that there was any appreciable law-breaking. The authority spokesman said the problem was largely "academic" on the Thruway because, he said trucks could not get to the superhighway without traveling on other state highways on which weight checks are made.

The officials commented after the Knickerbocker News reported that the authority, "in an effort to boost commercial use of the superhighway, is permitting truckers to violate state law by running overloaded." The authority spokesman denied this.

THE NEWSPAPER said also that the trucking industry had been told vehicles would not be stopped and checked for overloading while on the Thruway.

The authority spokesman commented that "to the best of my knowledge" no trucker or trucking company ever had been told such a thing by a representative of the authority.

He said enforcement of laws regarding overweight and oversize vehicles on the expressway, as on other highways, was in the province of the state police.

The special thruway police detail is equipped by the authority.

THE ONLY POWER the authority has overloaded trucks, the spokesman said, is to order the police to ride herd on them and to equip the police with scales. He said the authority had done neither.

He declared that the authority knew it was illegal for trucks to run overloaded and that it did not condone the practice.

Asked whether the authority

Roth, Committee Appeal to Mayor

12th Ward Stresses Flood Check Needed

A resolution asking action to relieve sections of the 12th ward from flood damage due to overflowing brooks was adopted by the Common Council last night and forwarded to the Board of Public Works, Mayor Frederick H. Stang and a special committee of aldermen.

The aldermen acted on the proposal after a final paragraph of the resolution, asking a 1956 budget provision to cover such flood relief, was deleted. The budget proposal was removed on advice of Corporation Counsel James J. Abernethy, who held that such a budget item without a specified estimate of cost would be illegal.

THE RESOLUTION was prepared through action of a special citizens' committee in the ward, headed by R. W. Dillon, 168 Main street. The committee had also circulated notice of the meeting date and about 70 residents of the ward attended.

Dillon charged that the ward's alderman Richard V. Roth, had refused to sponsor the resolution as presented, but Roth, who had made a flood-relief bid in a letter, held that he had sufficiently covered the same ground.

Dillon said he feared that unless something was done in conjunction with preparation of the budget, another year might pass without action. Roth said in his letter that he would like to feel that something could be done immediately, but he realized that certain steps must be taken first.

ROTH SAID last night that he was "delighted that the Common Council is backing 12th ward residents in their appeal," and he noted that he was named on the committee to meet with the Board of Public Works and the mayor to discuss the problem, "for immediate action."

Alderman-at-Large Joseph Kelly named Aldermen Edwin Radel, third ward; George P. Norton, Jr., sixth ward; James K. Ryan, 10th ward, and Roth on the committee.

Dillon, who was granted privilege of the floor, early in the session, said he spoke for the citizens committee which was out to get "as much action as possible" for flood relief in the ward."

SUCH DAMAGE as done by flooding brooks last August and October, he indicated, was not new in the area, and he offered pictures taken 25 years ago to stress the point.

Sewers in the area, he held are inadequate, and among reasons for this are a steady population growth and property developments.

"In some cases," he said, "the sewers are held together, by a hairpin and a string."

Dillon said the city has 16 different places where such floods occur. He said he and the committee and residents of the ward were not at the session "to ask for a luxury," and he suggested that if Alderman Roth did not sponsor the resolution that another alderman do so.

AS CONDITIONS stand now, he said, they are getting worse, and "we are liable to have the 12th ward in the first in another 10 years."

Dillon said the resolution was prepared by "a very able lawyer." It mentioned residents of Main and Emerson streets, Lucas, Hurley, Lafayette and Johnston avenues, as those mostly affected by "the flooding of cellars and basements with every normal and heavy rainfall, due to inadequate sanitary sewers, storm sewers and drainage facilities."

SUCH RECURRENT flooding, it said, "tends to depreciate property values, is a common source of property damage, and a menace to health and safety."

"The present employment of the sanitary sewers on Main street and other streets for carrying away surface waters constitutes a serious threat to public health and is contrary to the regulations of the New York Sanitary Code," it said.

Also, it held, "recent building developments in the 12th ward have increased the load upon the already overburdened sanitary and storm sewers and drainage facilities. These, it said, "are going to tax them still further."

Inadequacy of the system in the ward was proved in the rains of August and October, and has "rendered the situation dangerously acute."

THE RESOLUTION asked that the council request the mayor to direct the city engineer and public works department "to make the necessary engineering surveys, studies and plans to provide adequate sanitary and storm sewers, and drainage to those streets of the 12th ward where existing facilities have proved to be inadequate to carry off sanitary water and surface water without flooding and consequent damage to adjacent properties."

The deleted final paragraph asked that the council make a

Ice Cream Store May Be Delayed

Zoning Board, Council Decisions Up to Court

Building plans of the Carvel Corp., which by recent ruling of the zoning board, was granted permission to build an ice cream store at Foxhall and Albany avenues, may be delayed pending decision on a show cause order answerable in Supreme Court, it was indicated last night.

Alderman Benjamin A. Storms and others in the council sought a legal opinion on the powers of the Common Council as related to those of the zoning board in authorizing changes, and it was indicated that a court decision on the Carvel petition might give the answer.

The corporation was refused permission to operate the store on the Monroe T. Southard property at the intersection by Common Council action last summer, and a recent zoning board opinion reversed that decision.

Storms held that the zoning board at one time said they could not act on the petition, and appeared to change its position through the recent decision.

Alderman Hirshell Mayes said he was opposed to the zoning board's reversal of action taken by the city's legislative body and he felt that the board should be abolished.

FATAL CRASH—Two cars were just a jumbled mass of metal following Tuesday's 7:50 p. m. collision on Route 208 near Ireland Corners in which Judith Meyer, 18, of 31 Liberty street, Middletown, was fatally injured.

Thousands Of Schools In Program

Major Research Also Is Planned

New York, Dec. 7 (AP)—A cabinet member said today the Eisenhower administration "will present to Congress a broadened and improved program to help build thousands of schools for our children."

Marion B. Folsom, secretary of health, education and welfare, outlined government intentions on the school problem at the founding convention of the newly merged AFL-CIO.

"IT IS PERFECTLY possible, I am sure, for the federal government to help build schools for our children without in any way endangering the freedom of local school systems," Folsom said.

Folsom said that meanwhile the administration believes strongly that states and local communities must continue to increase their efforts.

President Eisenhower, he said, believes lack of school facilities "no longer can be allowed."

"EVERY 10 MINUTES, new classrooms of children are reaching school age," Folsom said. "Every 10 minutes, a new teacher and a new classroom are needed."

Folsom is the second cabinet member to address the convention. Secretary of Labor Mitchell spoke yesterday. Although he asked the convention to support the administration's policies, the convention adopted resolutions critical of it.

Such action resulted only 24 hours after President Eisenhower addressed the convention by telephone from Gettysburg.

THE PROGRAM to be presented to Congress, Folsom said, culminates months of work by the administration in "developing a plan of federal assistance to help erase the nation's deficit of classrooms."

"This administration also believes firmly that federal assistance, while benefitting all states, should be distributed according to need," Folsom said. "We accomplish the most good for our total school system by giving more aid where the needs are greatest. ***

"We have also decided to recommend to Congress a major expansion and improvement in educational research and statistics under the office of education. This program will help all of us understand more definitely just what the problems are, where future problems may be developing and what needs to be done about them."

FOLSOM SAID "We look forward" to continued improvement and extension of coverage in Social Security.

But Folsom counseled that "we should carefully avoid tax increases that might undermine or weaken popular support for the system in the future."

"We should remember," he said, "there is a limit to the social security taxes that people may be willing to pay to support the program in all the years ahead."

THE MORE THAN 1,400 convention delegates voted unanimously to "condemn the administration for its failure to live up to its campaign promises to rid the Taft-Hartley Law of its anti-labor provisions."

Other resolutions yesterday "denounced" operation of the National Labor Relations Board (NLRB) under the present administration and sharply criticized current economic policies.

"The administration," said one resolution, "seems more interested in tilting with the windmill of inflation by increasing interest rates than in creating the environment necessary for economic expansion.

"WE RECOGNIZE that monetary policy is a legitimate tool for stabilizing the economy but it

Teachers to Give $100 Scholarship

A scholarship grant to any state teacher's college in the amount of $100 for each year in school will be awarded to a Kingston High School student by the Kingston Teachers Federation next June, it was announced today by Michael Aronica, president of the KTF.

Decision on the award was made Tuesday afternoon during a general membership meeting.

Mrs. Helen Partlan was named chairman of the committee and her assistants will be Mrs. Laura Terpening, Mrs. Anne McNelis and Mrs. Irene Deyo.

Order of Cooties Distribute Gifts At Castle Point

A contingent of over 35 members of Cootie Pup Tent 38 and Bobcat Cootiettes 556 of the Military Order of Cooties made one of their visits recently to the Veterans Hospital at Castle Point and distributed about 200 bags of candy, cookies, chewing gum, fruits, magazines and cigarettes to the veterans who are patients there.

The project was arranged by Hospital Chairman John Kilgannon and Chairlady Mrs. Hazel Drewes.

The Cooties and Cootiettes will conduct their Christmas party at the VFW Home on Delaware avenue Dec. 29. All members are invited and all former members are requested to return to the fold.

Regular Veterans Group Installs Auxiliary's Heads

At joint meeting of Ulster County Memorial Post and Auxiliary, Regular Veterans Association held at the home of Mrs. Anna Boos of Cottekill Thursday the following were installed as 1955-6 Auxiliary officers: President, Mildred W. Nichols, RN; first vice, Anna Boos; second vice, Carrie Kelder; secretary-treasurer, Bessie VanDeBogart; trustees, Elizabeth Konen, Evelyn Myrtle and Julia Barrett.

The office of chaplain and several appointive offices will be filled at next meeting.

The installing officer was George W. Nichols, assistant national RVA service officer who is also local post commander. Assisting in colorful ritualistic installation was Howard Slover, deputy department chief of staff.

Following the ceremony there was a social hour with games and prizes. Refreshments were served by the Auxiliary.

An official announcement from Arthur Waugh, Department N. Y. RVA commander of Staten Island was read appointing Adolph H. M. Wirth, department inspector; Fred Mertine, one year trustee and Howard Slover was reappointed department deputy chief of staff. Also reappointed by department commander was George W. Nichols as department service officer who is accredited by the VA as RVA service representative.

Over 11,300 Dogs Vaccinated May Now Run at Large

According to the Ulster County Department of Health, Ulster county has been designated as an area where vaccinated dogs can legally run at large.

The total of over 11,300 dogs have been vaccinated against rabies in Ulster county which means that more than 70 per cent of the dog population has been vaccinated against this disease. This is the greatest number of dogs that has been vaccinated in Ulster county since the rabies programs have been instituted. The last group of clinics showed better response than any that had been held in previous years.

Even though vaccinated dogs are allowed to run at large, controls will not be lifted upon unvaccinated animals and such animals running at large will be subject to seizure.

Reformed Church Sets Candlelight Service

New Paltz, Dec. 7—Traditional candlelight service ushering in the Christmastide of the New Paltz Reformed Church will be held Sunday, Dec. 11 at the vesper hour, 5 p. m. The doors will open at 4:30 p. m.

The program to be held in the ancient church founded in 1683 and set among the stone houses on the old street of the Huguenots will feature 88 voices in the choirs led by Professor Strothenke of New Paltz State Teachers' College. Mrs. Arthur Kurts will accompany on the organ.

The feature will be the presentation of the "Story of Christmas" by Matthews.

Michigan's Upper Peninsula once produced half the world's supply of copper. Now it furnishes only four per cent of the domestic supply.

No pocket money . .

Funny (or is it?) the way pockets seem to go bare of cash just before the next payday rolls around! If you want to get ahead financially, better do your saving BEFORE you do your spending. Deposit a fixed amount in your savings account the day you get paid. Budget the balance to cover your expenses. Then if your pockets are empty on the morning of the next payday - - - so what? You'll know that you've made progress toward your financial goal - - - because you did your saving IN ADVANCE.

READING ALOUD

In an effort to stimulate interest in reading aloud the Brooklyn, N. Y., Public Library has scheduled a program of six family readings. To initiate the series New York State Supreme Court Justice J. Vincent Keogh, his wife, and their four children visited a branch of the library and read aloud from Ruskin's delightful "King of the Golden River."

Reading aloud at home was once popular before the inroads made by movies, radio and television. Yet it can bring families closer together, let members share experiences in literature, and introduce younger members of the family to the magic of good books.

Today small children still display interest in listening to stories. But the idea has largely passed away among adults. Reviving it might be a very good idea. Families who share such pleasures, who participate in efforts to make their own entertainment, are bound to be stronger and more closely knit. It takes a bit of effort—and it may be difficult to lure the small fry away from the TV for an hour or two—but it can be rewarding.

GOOD NEWS FOR A CHANGE

In recent months we have become accustomed to gloomy reports from the Middle East, from Egypt to Afghanistan. What a satisfaction then to learn there is now something to be cheerful about in that region.

Britain, Turkey, Iraq, Iran and Pakistan, the five nations of the so-called Baghdad pact, have made a start toward setting up a new military, political and economic organization to be called the Middle East Treaty Organization (METO).

In the most practical terms, this means these countries have agreed to fix a new defense line against Communist Russia—the Zagros mountain range stretching across eastern Iraq and western Iran.

Thus the strategic perimeter manned by free nations against the spread of Red tyranny has once more been extended.

The Western arm of the great defense arc is, of course, governed by long-established NATO. On the other side of the world, there is SEATO, though this Asian counterpart is not the same caliber. No solid military organization defending a clearly marked line is in being.

Nevertheless, the new METO setup can be regarded as a link in this vital arc which now comes close to encompassing the Communist world, China included, on three sides.

The only significant gaps are Afghanistan, India, Burma and Indonesia. Winning the latter three to the Western side seems at this stage an almost impossible task. Afghanistan is something else. But there Russia rather than the West is taking a strong initiative.

Yet this is not the moment to bemoan this situation. We ought instead to savor the good news from Baghdad.

One of the best aspects of the recent successful meeting is that economic development is included among the goals. This region is notoriously poverty-ridden and therefore ripe for the phony blandishment of the Communists on the subject of human betterment.

Making the organization broad enough to embrace economic improvement gives it a healthy, constructive orientation. A common complaint of India and others is that most collaborative effort by the free nations is dominated by sterile military objectives. Certainly this is not so in the case of METO.

The establishment of METO can rightly be hailed as at least a partial antidote for the steady diet of bad news that has been flowing in from the Middle East for so long. And it is fresh notice to the Soviet Union that the West has not really been lulled to sleep by the era of Kremlin smiles.

'These Days'

By GEORGE SOKOLSKY

THE DEMOCRATIC CAMPAIGN

When the Democrats were in office, they fought off successfully all designs of the Republicans to debate the foreign policy of the United States. There has been no debate of this nature since the 1938 Congressional Campaign. In the 1940, 1944 and 1948 Presidential Campaigns, the Republicans, out of power, joined the Democrats in power in maintaining that it was in the public interest to show a united front to the world with regard to the foreign policy. As all domestic problems impinge on the costs of our foreign relations, particularly the costs of the fighting war and the cold war, there was actually no genuine political debate.

In the 1952 Campaign, the followers of Senator Robert A. Taft and of General Douglas MacArthur tried to debate the issue of our foreign relations, particularly the Teheran, Yalta and Potsdam Conferences, the loss of China and the failure of the Korean War, but General Eisenhower could not criticize the Acheson-Marshall Policies to which he had been an auxiliary. In the 1954 Congressional Campaign, the followers of Senator Joseph McCarthy attempted to debate the foreign policy but they were put down.

It was President Eisenhower's assumption that he had been elected by a North-South coalition of middle-of-the-roaders, a designation that does not exist. His supporters were Republicans and Democrats and the Democrats in due course, sloughed off to their own party and left Eisenhower stranded among the Republicans. The principal exception among the Democrats was Senator Walter George who pushed Eisenhower into the Geneva disasters which the Democrats now attack officially.

It has been made clear by all leading Democrats, except Adlai Stevenson, that the country will now engage in a debate on the foreign policy and its conduct. Stevenson can hardly criticize Eisenhower's policy as he was one of its authors in association with General George Marshall and Secretary of State Dean Acheson.

John Foster Dulles, as long as he is the keeper of the State Department files, can counter criticism by Stevenson by producing Stevenson's recommendations and proposals when Stevenson was in that department in the company of Alger Hiss for whom he acted as a character witness.

Harriman's record will show, if exposed to review and debate, that he was critical of policy both at Teheran and Yalta, and in between and subsequently. Therefore, he can say, "I told you so!" which is good campaign bait. Kefauver, more or less, stayed out of such subjects, limiting himself to the dramatization of vice. Therefore, he can come into it all fresh as a daisy with a few quotable indiscretions.

At any rate, the Democrats intend to give the Republicans a very tough time, as Carmine DeSapio pointed out in an address. The Republicans can counter by publishing the suppressed pages of the Yalta report, the pages which deal with Alger Hiss and which John Foster Dulless suppressed despite the fact that when the report was issued, it was said to be complete. They might also give the Superintendent of Documents a print order so that the Yalta report could be as freely available as are public documents dealing with the tomato blight and how to do it yourself.

The State Department, could, despite British protests, publish the Teheran, Potsdam and Quebec material; also huge gobs of the Morgenthau Diaries; also their file on the Burgess and Maclean espionage which could not have operated without an American counterpart. Also the suppressed data on the Korean affair, particular events leading to the death of General Walton H. Walker.

As of the present, the Republicans are in a mood to be too proud to fight back, but as the campaign grows hot, the Republicans will be forced to respond to Democratic proddings. They will be forced to show that the Democrats are blaming the Republicans for what the Democrats did under Roosevelt and Truman.

Will it do the United States of America any harm at home or abroad? If this country cannot stand the limelight of the truth, it is, indeed, in a bad way. The men who will be hurt are Benton and Bowles, the hucksters, and Paul Hoffman, the give awayer, and such—not the United States. But out of it may come the whole truth, whatever that may be, and its publication will cleanse the atmosphere of guess and estimate and assumption. We may get at the facts.

That Body of Yours

By JAMES W. BARTON, M.D.

PLASTIC SURGERY OF THE NOSE

It is likely that of all the features making up the face — eyes, nose, mouth, chin, cheecks, eyebrows and lashes — the nose is considered the most important from the standpoint of appearance. The ideal nose is thought of as straight or slightly upturned, thin, in the middle of the face and not too long. It is impossible to calculate the amount of personal unhappiness people suffer because of a hooked, crooked, bulbous or overly long nose. It is not surprising, therefore, that many seek help from plastic surgeons and it is good to report that most people can be greatly improved in their appearance.

There is a word of warning, however, that should be kept in mind by anyone seeking the help of plastic surgery to improve their appearance: no operation will change a person's character or personality. They may have the additional advantage of being more satisfied with their looks and very likely lose some of their inferiority complex but they should not expect the impossible. One of the real dangers in embarking upon plastic operations of this type is that patients frequently develop a preconceived notion of what they will look like after surgery. They imagine a perfect nose and a beautiful or handsome face even when they lack other necessary equipment to attain such a state. They have become so accustomed to blaming an unsightly nose for their failure to be good-looking that they forget their other features may not be perfect.

However, almost every nasal deformity can be corrected to a certain degree and most people are highly satisfied with their appearance after operation. Unfortunately, a small group of people have over-emphasized their nose's appearance to the point of blaming it for their lack of social success. These people need psychiatric help more than plastic surgery and it is wiser for them to seek such aid before undergoing an operation on the nose.

Surgery on the nose can be applied to deformities present since birth or to acquired deformities caused by accidents. Each individual case requires its own study as there is no standard operation. Among the deformities which have been improved by surgery are:

1. Depression of the bridge and ridge of the nose, called saddle-nose.
2. Protuberance of the ridge called hump nose or hook nose.
3. Twisted nose.
4. Deformities of the tip of the nose or nostrils.

There is relatively little pain after these operations. There will probably be swelling of the eyes and face with blue-black discoloration for several days after surgery. There will also be considerable swelling and thickening of the tissues for several weeks. The final judgment of the results of operation should not be made for about three or four months.

AS PEGLER SEES IT

By WESTBROOK PEGLER

Thanks to Jean-Pierre Grenier, of the Swiss foreign sérvice, who was largely responsible for the fine press arrangements at the summit conference in Geneva, I have acquired information about Switzerland which probably will astound others as it did me. Mr. Grenier is an absolute Swiss who knows more about his country and ours than most of his countrymen and ours. Some of this material he poured forth out of his own ready fund but he also sent me a recommended book, "The Political Institutions of Switzerland," by George Sauser-Hall, a professor of law at the University of Geneva, just across a street and a small park from the press house where many of the 900 foreign journalists, but principally the Americans and Britons, were trying to read beautiful meanings into the cynical grins of the Bolsheviki back in July.

Professor Sauser-Hall set me back on my heels with a calm statement that Swiss women have no suffrage although there is no specific forbiddance in either the federal nor any of the cantonal constitutions. The professor expalined simply that two motions to grant women the same civic rights that men have were beaten in the federal parliament in 1918 because "the majority of the citizens do not wish women to throw themselves into the political arena." Perhaps we have occasion for a great armed crusade for "democracy" here, according to our holy zeal for minding other people's business. However, this seems to guarantee the Swiss that they will never have an Eleanor Roosevelt nor an Anna Rosenberg so perhaps calm, practical counsel will prevail, whatever the political ethics of the verboten. Anyway only 29 per cent of the population do enjoy political rights so the distaff are not put upon as severely as they may seem to be.

The disqualification of bankrupts reminded me of an hour spent with Judge Mortimer Byers of the U. S. court in Brooklyn some years ago. Judge Byers explained to me that bankruptcy originated in England to relieve from obviously undeserved penalties honest and patriotic Britons wiped out by piracy and tempest in speculative maritime commerce at a time when such traffic was building the empire. Bankruptcy had a virtuous purpose but now the federal courts in Brooklyn alone contain mountains of bankruptcy cases, many of them obvious frauds but unpunishable because the racket is so vast that the Department of Justice cannot contend with it.

In Switzerland by a federal law of 1920 bankruptcy ceased to "imply" deprivation of the right to vote, but that right still can be revoked by the canton if the debtor became insolvent by his own fault. Cantons also can strike off the voting rolls persons living on relief, another outrageous violation of a sacred political principle of both our partes. Such a law in New York would have forefended Fiorello LaGuardia and, in Kentucky, would have dumped Alben Barkley the year Harry Hopkins bought his election to the Senate with relief money dealt to destitute and merely desirous constituents.

God only knows what hygienic effects on our national morals and our political destiny such a law would have left, but it is a forlorn occupation to sit and wonder. One canton will not grant relief to citizens of any other, and a drunken bum who becomes a nuisance in a canton other than his own can be banished and his home state must accept him back. Foreigners possess certain inalienable rights, namely the right to marry and freedom of conscience, specifically religion or contempt for religion, of the press, and from corporal punishment in any case and capital punishment for political crimes. However, all political rights are reserved exclusively to Swiss citizens and there are restrctions on freedom of the press which apply to Swiss as well as aliens. Any person who publicly insults any foreign nation in the person of its ruling head, even a Truman, to cite an extreme case, its diplomatic representative or its government, is subject to fine and imprisonment.

Switzerland can by law exclude refugees whose presence is "morally undesirable" and no prolonged argument is necessary. She also has the power, approved by her people through a process much simpler than our own, to throw foreigners out for reasons of her own. Such reasons, set forth by Professor Sauser-Hall, include offenses against Swiss "security" by word or deed. Foreigners who go on relief get the same bum's rush and, since the second war, Switzerland has tried, probably without much luck, to hold this threat over "war speculators, profiteers and monopolists whose presence threatens the popular interest."

Sanctuary is provided for "true political offenders," but a refugee can be kicked out for abusing sanctuary. However, Switzerland has been for many years a terrible den of conspriators and spies as nobody will seriously deny. Mussolini, and long before Il Duce, Nicolai Lenin holed up and plotted mischief in Switzerland. More recently Mrs. Donald MacLean, an American girl married to the rat of the British foreign office, bided her time there until the Soviet finally lifted her neatly out and over into Austria and thence into Russia.

Church and state are not separate, but on the contrary "the state organizes churches, grants them subsidies or supports them entirely and confers on them privileges withheld from the other confessions," Professor Sauser-Hall tells us. This system obtains in "most of the Protestant cantons and Catholic cantons," but "the Jews are nowhere organized in state churches."

Democrats More Interested In Ethics Now Than in 1946

By DAVID LAWRENCE

Washington, Dec. 7 — The Democrats are showing a deeper interest in morality and the ethics of the so-called "conflict of interest" problem in government than they did when they were in power. A sort of "holier than thou" atmosphere has recently been created by them, which is all to the good, and it will be helpful indeed, in the event of a Democratic victory in 1956, if they practice what they have been preaching.

For an examination of a typical bit of Congressional testimony in 1946, when President Truman was in office, shows that he didn't object to the fact that one of his principal aids continued to receive a salary of $28,000 a year from a private company while doing a job as adviser at the White House.

NOR WAS IT considered wrong for the members of the Reconstruction Finance Corporation board—a governmental lending agency—to retain their directorates and their holdings in private companies, some of which were doing business with the government. All they had to do in those days to satisfy the requirements of ethics was to refrain from voting on particular questions affecting their own previous or current business connections.

Yet when Charles E. Wilson, up for confirmation as Secretary of Defense, proposed that he do the same thing, a loud protest went up from the Democrats, and Mr. Wilson had to sell all his holdings. Nor did this immunize him from attack. The Democrats kept on pouring out innuendoes implying that his department, in awarding contracts, favored the company with which he had previously been associated.

The purpose of the recent crusade to drive business men out of advisory positions and to keep them from taking appointive positions is clear. It is designed to eliminate business men and put the college professors of the "brain trust" variety, who ran the New Deal and Fair Deal, back into the driver's seat in government. But it will work both ways. Labor leaders who come to government, even in advisory positions, will have to give up their business connections, too. No longer will it be possible to do what the late Martin Durkin did—accept a Cabinet post while preserving his contract for re-employment with his former employer, the plumbers' union.

THE "CONFLICT of interest" case of George E. Allen presents what used to be Democratic custom, and one which ought to be continued under a Republican regime. Mr. Allen was a candid witness. He made no bones about his connections and insisted he could distinguish what was or was not ethical. Here are some passages from the testimony given before the Senate Banking and Currency Committee at its hearing on Feb. 7, 1946, when Mr. Allen was up for confirmation as a member of the RFC board:

"Sen. Taft: Did the President (Truman) ask you to make a study of liquidation of war agencies?

"Mr. Allen: Yes, sir. I then had a desk in the State Department . . .

"Sen. Taft: Were you down at the White House every day with the President?

"Mr. Allen: I would say yes. No, not every day, but the majority of the time; yes, sir . . .

"Sen. Taft: Have you ever been a general adviser of the President on appointments at all?

"Mr. Allen: Well, I think I would answer that, senator, to be honest, of course, sometimes—this is about all I have done except working on that liquidation report—when names come to the President from the Democratic National Committee and from you senators and from congressmen and different people and he is deciding on someone, he has asked me to double-check on individuals.

"Now, I would say that I have done some of that; yes, sir, but as to suggestions without him asking me or as to initiating recommendations, I would say no. . . .

"Sen. Taft: Mr. Allen, during this period while you were in the White House advising the President, how much compensation were you receiving from the Home Life Insurance Co.?"

"Mr. Allen: . . . I was receiving $28,000 from the Home Insurance Co. . . .

"Sen. Millikin: In view of the large interest that, let us say, most of these companies have in what goes on officially here at Washington, the large interest that a number of these companies have in RFC or might have in RFC, why do you retain any official relationship with any of them or take any compensation from any of them if-assuming you get this job?

"Mr. Allen: . . . Senator, the reason for that is that—and I want to—I want to assure you that, if necessary, I will give up everything. I very badly want to be confirmed by you gentlemen; there is no question about that. And to do that, if you find it necessary, I will give up every one of these.

"IT HAS NEVER been done in the past. You made the R.F.C. Act such—and when I—when the President asked me to accept this and go over there, I accepted it, and I thought that was the idea, that—I know all the other directors have always done it—that you wanted business men who had had experience with these companies to go over there, and you allowed them to file with the secretary everything they were interested in; and then if anything came up, they would immediately be disqualified. You see, there are five members of the R.F.C. board that decide these questions.

"Sen. Millikin: Yes.

"Mr. Allen: And it is for that reason, if there is any company in there that conflicts in any way—and, as I say, I think I know what is ethical, and I certainly would do what the secretary or the general counsel recommended on it. I would certainly give up anything that conflicts in any way.

"I don't think that I should be punished individually and singled out to be punished, without we had everybody do that, and made it a part of the law. Then that would be fine. But I think the intent of the law was that you do want men who had had—who had been accustomed to being in business. I would hate to cut out all, because if the Democrats lost out in '48, Senator, I would be in terrible shape then. You wouldn't want that to happen to me."

Edson's Washington News Notebook

BY PETER EDSON
NEA Washington Correspondent

Washington — (NEA) — Department of Agriculture experts today cast a somewhat fishy eye on Sen. W. Kerr Scott's new farm plan.

The North Carolina senator and dairy farm operator unveiled his brain child at a Democratic rally in Council Bluffs, Iowa—the very heart of the Republican farm belt. It got a good reception. But critics immediately said it wouldn't work.

Big idea of the Scott plan is to give 100 per cent of parity price supports to little farmers. This would be scaled down gradually, 5 per cent lower for each production bracket, to a minimum of 60 per cent parity for big operators.

Senator Scott would combine this with new bushel or pound limitations for all the major crops produced, except tobacco. This would replace present acreage allotments.

The Tar Heel senator says his plan would operate on the same principle as the graduated income tax. The more a man has, the higher his tax rate.

THE SCOTT PLAN is directed at two serious farm problems. One purpose is to give more help to small farmers. The other is to discourage big farms from producing surpluses.

Senator Scott gives two examples of how it would work:

Wheat—A farmer marketing 1000 bushels would get 100 per cent of parity price support. On the next 500 bushels he'd get 95 per cent of parity. On the next 500 bushels, 90 per cent and so on. For all over 4500 bushels, he'd get only 60 per cent parity.

Cotton—A farmer marketing up to 15 bales would get 100 per cent of parity. On the next 15 bales he'd get 95 per cent, on the next 20 he'd get 90 per cent, on the next 50 he'd get 85 per cent, on the next 100 he'd get 80 per cent, and so on. For all over 500 bales, he'd get only 60 per cent parity.

SOME OF THE big farmers claim this would be unfair.

Ever since the old Agricultural Adjustment Administration days, the government has operated on a different principle. The government has been making payments for doing something. Cutting back the big farm operators is more vital to reducing surpluses than cutting back little farmers. So big farmers should get the same rate of payment, at least.

It is also recalled that former Secretary of Agriculture Charles F. Brannan's famous plan proposed that government aid cease on all produce over $25,000 marketed from a single farm. This was criticized as "socialistic."

The Scott plan might be difficult to administer. It is easy to control the present acreage allotments just by measuring fields. Bushel and pound quota limitations might be something thing else again.

MANY FARM operators might start looking for loopholes. Big farms could be subdivided among sons or forty-second cousins. New leaves could be worked out with tenants.

Overquota production could easily be concealed. Surplus might be diverted to a black market.

What the Scott plan would do to price levels no one can foresee. The free market price might be driven down to the 60 per cent of parity level.

Big farmers would then be producing for the market. Small farmers would produce for the government. And the surpluses might become even bigger.

These are just a few of the bugs that have to be removed before the North Carolina senator's new plan can be considered a cure for what ails the farm situation.

READING ALOUD

In an effort to stimulate interest in reading aloud the Brooklyn, N. Y., Public Library has scheduled a program of six family readings. To initiate the series New York State Supreme Court Justice J. Vincent Keogh, his wife, and their four children visited a branch of the library and read aloud from Ruskin's delightful "King of the Golden River."

Reading aloud at home was once popular before the inroads made by movies, radio and television. Yet it can bring families closer together, let members share experiences in literature, and introduce younger members of the family to the magic of good books.

Today small children still display interest in listening to stories. But the idea has largely passed away among adults. Reviving it might be a very good idea. Families who share such pleasures, who participate in efforts to make their own entertainment, are bound to be stronger and more closely knit. It takes a bit of effort—and it may be difficult to lure the small fry away from the TV for an hour or two—but it can be rewarding.

GOOD NEWS FOR A CHANGE

In recent months we have become accustomed to gloomy reports from the Middle East, from Egypt to Afghanistan. What a satisfaction then to learn there is now something to be cheerful about in that region.

Britain, Turkey, Iraq, Iran and Pakistan, the five nations of the so-called Baghdad pact, have made a start toward setting up a new military, political and economic organization to be called the Middle East Treaty Organization (METO).

In the most practical terms, this means these countries have agreed to fix a new defense line against Communist Russia—the Zagros mountain range stretching across eastern Iraq and western Iran.

Thus the strategic perimeter manned by free nations against the spread of Red tyranny has once more been extended.

The Western arm of the great defense arc is, of course, governed by long-established NATO. On the other side of the world, there is SEATO, though this Asian counterpart is not the same caliber. No solid military organization defending a clearly marked line is in being.

Nevertheless, the new METO setup can be regarded as a link in this vital arc which now comes close to encompassing the Communist world, China included, on three sides.

The only significant gaps are Afghanistan, India, Burma and Indonesia. Winning the latter three to the Western side seems at this stage an almost impossible task. Afghanistan is something else. But there Russia rather than the West is taking a strong initiative.

Yet this is not the moment to bemoan this situation. We ought instead to savor the good news from Baghdad.

One of the best aspects of the recent successful meeting is that economic development is included among the goals. This region is notoriously poverty-ridden and therefore ripe for the phony blandishment of the Communists on the subject of human betterment.

Making the organization broad enough to embrace economic improvement gives it a healthy, constructive orientation. A common complaint of India and others is that most collaborative effort by the free nations is dominated by sterile military objectives. Certainly this is not so in the case of METO.

The establishment of METO can rightly be hailed as at least a partial antidote for the steady diet of bad news that has been flowing in from the Middle East for so long. And it is fresh notice to the Soviet Union that the West has not really been lulled to sleep by the era of Kremlin smiles.

'These Days'

By GEORGE SOKOLSKY

THE DEMOCRATIC CAMPAIGN

When the Democrats were in office, they fought off successfully all designs of the Republicans to debate the foreign policy of the United States. There has been no debate of this nature since the 1938 Congressional Campaign. In the 1940, 1944 and 1948 Presidential Campaigns, the Republicans, out of power, joined the Democrats in power in maintaining that it was in the public interest to show a united front to the world with regard to the foreign policy. As all domestic problems impinge on the costs of our foreign relations, particularly the costs of the fighting war and the cold war, there was actually no genuine political debate.

In the 1952 Campaign, the followers of Senator Robert A. Taft and of General Douglas MacArthur tried to debate the issue of our foreign relations, particularly the Teheran, Yalta and Potsdam Conferences, the loss of China and the failure of the Korean War, but General Eisenhower could not criticize the Acheson-Marshall Policies to which he had been an auxiliary. In the 1954 Congressional Campaign, the followers of Senator Joseph McCarthy attempted to debate the foreign policy but they were put down.

It was President Eisenhower's assumption that he had been elected by a North-South coalition of middle-of-the-roaders, a designation that does not exist. His supporters were Republicans and Democrats and the Democrats in due course, sloughed off to their own party and left Eisenhower stranded among the Republicans. The principal exception among the Democrats was Senator Walter George who pushed Eisenhower into the Geneva disasters which the Democrats now attack officially.

It has been made clear by all leading Democrats, except Adlai Stevenson, that the country will now engage in a debate on the foreign policy and its conduct. Stevenson can hardly criticize Eisenhower's policy as he was one of its authors in association with General George Marshall and Secretary of State Dean Acheson.

John Foster Dulles, as long as he is the keeper of the State Department files, can counter criticism by Stevenson by producing Stevenson's recommendations and proposals when Stevenson was in that department in the company of Alger Hiss for whom he acted as a character witness.

Harriman's record will show, if exposed to review and debate, that he was critical of policy both at Teheran and Yalta, and in between and subsequently. Therefore, he can say, "I told you so!" which is good campaign bait. Kefauver, more or less, stayed out of such subjects, limiting himself to the dramatization of vice. Therefore, he can come into it all fresh as a daisy with a few quotable indiscretions.

At any rate, the Democrats intend to give the Republicans a very tough time, as Carmine DeSapio pointed out in an address. The Republicans can counter by publishing the suppressed pages of the Yalta report, the pages which deal with Alger Hiss and which John Foster Dulless suppressed despite the fact that when the report was issued, it was said to be complete. They might also give the Superintendent of Documents a print order so that the Yalta report could be as freely available as are public documents dealing with the tomato blight and how to do it yourself.

The State Department, could, despite British protests, publish the Teheran, Potsdam and Quebec material; also huge gobs of the Morgenthau Diaries; also their file on the Burgess and Maclean espionage which could not have operated without an American counterpart. Also the suppressed data on the Korean affair, particular events leading to the death of General Walton H. Walker.

As of the present, the Republicans are in a mood to be too proud to fight back, but as the campaign grows hot, the Republicans will be forced to respond to Democratic proddings. They will be forced to show that the Democrats are blaming the Republicans for what the Democrats did under Roosevelt and Truman.

Will it do the United States of America any harm at home or abroad? If this country cannot stand the limelight of the truth, it is, indeed, in a bad way. The men who will be hurt are Benton and Bowles, the hucksters, and Paul Hoffman, the give awayer, and such—not the United States. But out of it may come the whole truth, whatever that may be, and its publication will cleanse the atmosphere of guess and estimate and assumption. We may get at the facts.

That Body of Yours

By JAMES W. BARTON, M.D.

PLASTIC SURGERY OF THE NOSE

It is likely that of all the features making up the face — eyes, nose, mouth, chin, cheecks, eyebrows and lashes — the nose is considered the most important from the standpoint of appearance. The ideal nose is thought of as straight or slightly upturned, thin, in the middle of the face and not too long. It is impossible to calculate the amount of personal unhappiness people suffer because of a hooked, crooked, bulbous or overly long nose. It is not surprising, therefore, that many seek help from plastic surgeons and it is good to report that most people can be greatly improved in their appearance.

There is a word of warning, however, that should be kept in mind by anyone seeking the help of plastic surgery to improve their appearance: no operation will change a person's character or personality. They may have the additional advantage of being more satisfied with their looks and very likely lose some of their inferiority complex but they should not expect the impossible. One of the real dangers in embarking upon plastic operations of this type is that patients frequently develop a preconceived notion of what they will look like after surgery. They imagine a perfect nose and a beautiful or handsome face even when they lack other necessary equipment to attain such a state. They have become so accustomed to blaming an unsightly nose for their failure to be good-looking that they forget their other features may not be perfect.

However, almost every nasal deformity can be corrected to a certain degree and most people are highly satisfied with their appearance after operation. Unfortunately, a small group of people have over-emphasized their nose's appearance to the point of blaming it for their lack of social success. These people need psychiatric help more than plastic surgery and it is wiser for them to seek such aid before undergoing an operation on the nose.

Surgery on the nose can be applied to deformities present since birth or to acquired deformities caused by accidents. Each individual case requires its own study as there is no standard operation. Among the deformities which have been improved by surgery are:

1. Depression of the bridge and ridge of the nose, called saddle-nose.
2. Protuberance of the ridge called hump nose or hook nose.
3. Twisted nose.
4. Deformities of the tip of the nose or nostrils.

There is relatively little pain after these operations. There will probably be swelling of the eyes and face with blue-black discoloration for several days after surgery. There will also be considerable swelling and thickening of the tissues for several weeks. The final judgment of the results of operation should not be made for about three or four months.

Democrats More Interested In Ethics Now Than in 1946

By DAVID LAWRENCE

Washington, Dec. 7 — The Democrats are showing a deeper interest in morality and the ethics of the so-called "conflict of interest" problem in government than they did when they were in power. A sort of "holier than thou" atmosphere has recently been created by them, which is all to the good, and it will be helpful indeed, in the event of a Democratic victory in 1956, if they practice what they have been preaching.

For an examination of a typical bit of Congressional testimony in 1946, when President Truman was in office, shows that he didn't object to the fact that one of his principal aids continued to receive a salary of $28,000 a year from a private company while doing a job as adviser at the White House.

NOR WAS IT considered wrong for the members of the Reconstruction Finance Corporation board—a governmental lending agency—to retain their directorates and their holdings in private companies, some of which were doing business with the government. All they had to do in those days to satisfy the requirements of ethics was to refrain from voting on particular questions affecting their own previous or current business connections.

Yet when Charles E. Wilson, up for confirmation as Secretary of Defense, proposed that he do the same thing, a loud protest went up from the Democrats, and Mr. Wilson had to sell all his holdings. Nor did this immunize him from attack. The Democrats kept on pouring out innuendoes implying that his department, in awarding contracts, favored the company with which he had previously been associated.

The purpose of the recent crusade to drive business men out of advisory positions and to keep them from taking appointive positions is clear. It is designed to eliminate business men and put the college professors of the "brain trust" variety, who ran the New Deal and Fair Deal, back into the driver's seat in government. But it will work both ways. Labor leaders who come to government, even in advisory positions, will have to give up their business connections, too. No longer will it be possible to do what the late Martin Durkin did—accept a Cabinet post while preserving his contract for re-employment with his former employer, the plumbers' union.

THE "CONFLICT of interest" case of George E. Allen presents what used to be Democratic custom, and one which ought to be continued under a Republican regime. Mr. Allen was a candid witness. He made no bones about his connections and insisted he could distinguish what was or was not ethical. Here are some passages from the testimony given before the Senate Banking and Currency Committee at its hearing on Feb. 7, 1946, when Mr. Allen was up for confirmation as a member of the RFC board:

"Sen. Taft: Did the President (Truman) ask you to make a study of liquidation of war agencies?

"Mr. Allen: Yes, sir. I then had a desk in the State Department . . .

"Sen. Taft: Were you down at the White House every day with the President?

"Mr. Allen: I would say yes. No, not every day, but the majority of the time; yes, sir . . .

"Sen. Taft: Have you ever been a general adviser of the President on appointments at all?

"Mr. Allen: Well, I think I would answer that, senator, to be honest, of course, sometimes—this is about all I have done except working on that liquidation report—when names come to the President from the Democratic National Committee and from you senators and from congressmen and different people and he is deciding on someone, he has asked me to double-check on individuals.

"Now, I would say that I have done some of that; yes, sir, but as to suggestions without him asking me or as to initiating recommendations, I would say no. . . .

"Sen. Taft: Mr. Allen, during this period while you were in the White House advising the President, how much compensation were you receiving from the Home Life Insurance Co.?"

"Mr. Allen: . . . I was receiving $28,000 from the Home Insurance Co. . . .

"Sen. Millikin: In view of the large interest that, let us say, most of these companies have in what goes on officially here at Washington, the large interest that a number of these companies have in RFC or might have in RFC, why do you retain any official relationship with any of them or take any compensation from any of them if-assuming you get this job?

"Mr. Allen: . . . Senator, the reason for that is that—and I want to—I want to assure you that, if necessary, I will give up everything. I very badly want to be confirmed by you gentlemen; there is no question about that. And to do that, if you find it necessary, I will give up every one of these.

"IT HAS NEVER been done in the past. You made the R.F.C. Act such—and when I—when the President asked me to accept this and go over there, I accepted it, and I thought that was the idea, that—I know all the other directors have always done it—that you wanted business men who had had experience with these companies to go over there, and you allowed them to file with the secretary everything they were interested in; and then if anything came up, they would immediately be disqualified. You see, there are five members of the R.F.C. board that decide these questions.

"Sen. Millikin: Yes.

"Mr. Allen: And it is for that reason, if there is any company in there that conflicts in any way—and, as I say, I think I know what is ethical, and I certainly would do what the secretary or the general counsel recommended on it. I would certainly give up anything that conflicts in any way.

"I don't think that I should be punished individually and singled out to be punished, without we had everybody do that, and made it a part of the law. Then that would be fine. But I think the intent of the law was that you do want men who had had—who had been accustomed to being in business. I would hate to cut out all, because if the Democrats lost out in '48, Senator, I would be in terrible shape then. You wouldn't want that to happen to me."

Edson's Washington News Notebook

BY PETER EDSON
NEA Washington Correspondent

Washington — (NEA) — Department of Agriculture experts today cast a somewhat fishy eye on Sen. W. Kerr Scott's new farm plan.

The North Carolina senator and dairy farm operator unveiled his brain child at a Democratic rally in Council Bluffs, Iowa—the very heart of the Republican farm belt. It got a good reception. But critics immediately said it wouldn't work.

Big idea of the Scott plan is to give 100 per cent of parity price supports to little farmers. This would be scaled down gradually, 5 per cent lower for each production bracket, to a minimum of 60 per cent parity for big operators.

Senator Scott would combine this with new bushel or pound limitations for all the major crops produced, except tobacco. This would replace present acreage allotments.

The Tar Heel senator says his plan would operate on the same principle as the graduated income tax. The more a man has, the higher his tax rate.

THE SCOTT PLAN is directed at two serious farm problems. One purpose is to give more help to small farmers. The other is to discourage big farms from producing surpluses.

Senator Scott gives two examples of how it would work:

Wheat—A farmer marketing 1000 bushels would get 100 per cent of parity price support. On the next 500 bushels he'd get 95 per cent of parity. On the next 500 bushels, 90 per cent and so on. For all over 4500 bushels, he'd get only 60 per cent parity.

Cotton—A farmer marketing up to 15 bales would get 100 per cent of parity. On the next 15 bales he'd get 95 per cent, on the next 20 he'd get 90 per cent, on the next 50 he'd get 85 per cent, on the next 100 he'd get 80 per cent, and so on. For all over 500 bales, he'd get only 60 per cent parity.

SOME OF THE big farmers claim this would be unfair.

Ever since the old Agricultural Adjustment Administration days, the government has operated on a different principle. The government has been making payments for doing something. Cutting back the big farm operators is more vital to reducing surpluses than cutting back little farmers. So big farmers should get the same rate of payment, at least.

It is also recalled that former Secretary of Agriculture Charles F. Brannan's famous plan proposed that government aid cease on all produce over $25,000 marketed from a single farm. This was criticized as "socialistic."

The Scott plan might be difficult to administer. It is easy to control the present acreage allotments just by measuring fields. Bushel and pound quota limitations might be something else again.

MANY FARM operators might start looking for loopholes. Big farms could be subdivided among sons or forty-second cousins. New leaves could be worked out with tenants.

Overquota production could easily be concealed. Surplus might be diverted to a black market.

What the Scott plan would do to price levels no one can foresee. The free market price might be driven down to the 60 per cent of parity level.

Big farmers would then be producing for the market. Small farmers would produce for the government. And the surpluses might become even bigger.

These are just a few of the bugs that have to be removed before the North Carolina senator's new plan can be considered a cure for what ails the farm situation.

TILLSON NEWS

Tillson P-TA Have Charter Presentation

Tillson, Dec. 6 — The official charter of the Tillson Parent-Teachers Association was presented to the local organization at the monthly meeting held at Tillson School Thursday evening by regional representatives of the state Parent-Teachers Association.

Plans were made for a dance to take place on January 21 at the school. Floyd Barringer's orchestra has been engaged for the event. Tickets may be purchased from members of the P-TA.

A committee, with Mrs. G. A. Ryerson acting as chairman, will look into the possibilities of obtaining drapes for the various office windows in the school.

The meeting room was gayly decorated with the Christmas theme, and following the business meeting, Christmas gifts were exchanged by those attending. Refreshments were served.

Yule Party Scheduled

Tillson, Dec. 6 — The annual Christmas party for members of the Ladies Aid Society of the Tillson Reformed Church will take place Thursday at the church hall. Mrs. Arthur Deyo is chairman in charge of the activity.

Each member may bring one guest. Gifts will be exchanged. The event will start at 8 p. m.

Bowling Secretary Receives Travel Gift

Tillson, Dec. 6—Chris L. Zimmer, who for more than four years was secretary-treasurer of the Rosendale News Bowling League, received as a going-away gift from members of the National and American teams of the Rosendale News League, a beautiful traveling set. His wife was also presented a set. Unaware of the planned presentation, Mr. Zimmer could only say "thanks" when Bernard Murray, who stopped bowling at 8:30 p. m. last Thursday evening called from where he was bowling for the Chalet team. The Zimmer's will reside for a time at Duluth, Minn. with their daughter, Mrs. Lindseth and family.

They were residents of this community for several years, and during that time made many friends and business acquaintances. Mr. Zimmer was in the real estate business.

Luncheon Planned

Tillson, Dec. 6 — Members of the Ladies Auxiliary of the Tillson Volunteer Fire Company will hold a luncheon Wednesday at 12 noon at the fire hall, with a business meeting following at one o'clock. At the luncheon, secret pals will be revealed.

Final plans for the Christmas party to be held December 17 for children of firemen or auxiliary members will be made. This affair is being sponsored by both the volunteer fire company and the auxiliary. Mrs. Russell Douglass will be in charge of the party.

To Hear Hurley Band

Tillson, Dec. 6—A group of parents of children of the Tillson School plan to go to Hurley Wednesday evening to hear members of the Hurley School band perform. Local students have just recently started studying band instruments and the parents are going to hear the Hurley band to learn what children can do after two years of study.

4-H Square Dance

Tillson, Dec. 6 — A square dance will take place at the Tillson School Saturday evening, Dec. 10, sponsored by the local 4-H Club. Tickets may be purchased at the door. This dance will be similar to the one sponsored by the girl's 4-H club last month. For an evening of fun and learning to do a variety of square dances, the boys 4-H-ers invite you to attend this dance.

Credit Deferred

St. Louis (AP)—Harriett Londoff didn't hang around to claim credit when she saved from serious injury a boy whose hand caught in the rear bumper when he fell against a slowly moving car. His shouts unheard, the boy ran as fast as he could to keep up. Miss Londoff, in her car and noticing the boy's predicament, stepped on the gas and overtook the car just in time. Later when her identity became known Miss Londoff explained she left the scene hurriedly because she recently got two speeding tickets and realized that in making the rescue she was guilty of speeding and running a stop sign.

Credit Deferred

St. Louis (AP)—Harriett Londoff didn't hang around to claim credit when she saved from serious injury a boy whose hand caught in the rear bumper when he fell against a slowly moving car. His shouts unheard, the boy ran as fast as he could to keep up. Miss Londoff, in her car and noticing the boy's predicament, stepped on the gas and overtook the car just in time. Later when her identity became known Miss Londoff explained she left the scene hurriedly because she recently got two speeding tickets and realized that in making the rescue she was guilty of speeding and running a stop sign.

AMERICAN MENU

Why Not a Brace of Birds To Grace Christmas Table?

SOMETHING SPECIAL for a special occasion—have two small birds instead of one big one. Easier to carve, too.

BY GAYNOR MADDOX, NEA Food and Markets Editor

A brace of plump chickens or two small turkeys will make Christmas dinner easier. The birds will roast in a shorter time and the inexperienced carver will find carving two small birds much easier than working on a large one.

Chicken

After rubbing chicken cavity with ½ teaspoon salt, stuff wishbone and body cavities lightly if stuffing is desired. To truss, close by placing skewers across body opening and tying (shoe lace fashion) with a cord. Tie trumsticks to tail or push under bridge of skin if present. Fasten neck skin to back with skewer. Shape wings "akimbo" style; bring tips onto back.

To roast, place bird breast up on a rack in a shallow open pan. Brush skin with fat. Cover top of chicken with fat-moistened thin cloth or a loose cap of aluminum foil. Roast in a slow oven (325 degrees F.). Do not sear. Do not add water. Do not cover. If cloth dries, moisten with fat from bottom of pan. When bird is 2/3 done, cut string between drumsticks and tail or the bridge of skin. Test for doneness: The drumstick-thigh joint breaks or moves easily. Or, drumstick meat is very soft when pressed between fingers.

ROASTING TIMETABLE

Ready-to-Cook Weight	Oven Temperature	Approximate Time—Stuffed Bird	Approximate Time—Unstuffed Bird
1½ to 2½ pound	325 deg. F.	1¼ to 2 hours	1 to 1¾ hours
2½ to 3½ pound	325 deg. F.	2 to 3 hours	1¾ to 2¾ hours

Capon

To roast capon, follow directions for chicken. However, because of the thickness of the meat, the capon will roast more evenly if placed breast down on rack in a shallow pan. When capon is 2/3 done, turn breast side up. It is not necessary to brush skin with fat, nor cover with foil or cloth. Toward the end of roasting time, drippings may be used to baste the capon.

HOLIDAY DINNER: Stuffed celery, olives, deviled ham canapes, brace of roasted chickens, cranberry stuffing, mushroom gravy, whipped potatoes in casserole with browned cheese topping, tiny peas with white onions, baked acorn squash, hot rolls, butter or margarine, lettuce, watercress and grapefruit sections salad, oil and wine vinegar dressing, vanilla ice cream with peppermint stick sauce, nuts and raisins, coffee, tea, milk.

12 Killed During State Deer Season By Gun Acoidents

Albany, N. Y., Dec. 7 (AP) — Seven boys and five men were killed by gun shots in accidents during the state's deer season. Another man died in a fall.

One of the boys was nine years old. One was 15, four were 16 and one was 18.

A spokesman for the Conservation Department said all boys between 14 and 21 must pass National Rifle Assn. tests in the safe handling of firearms before they may be issued hunting licenses.

Boys between 14 and 16 are not issued big game licenses, which allow the taking of deer and bear. They may hunt only when accompanied by a parent, legal guardian or a person over 21 authorized by the parent or guardian in writing.

Boys between 16 and 18 on their first hunting trip must be accompanied by a person over 21 with at least a year's hunting experience.

Yesterday was the last day for shooting deer with guns. Westchester county remains open for long-bow hunting until Dec. 15.

Of the 12 deaths, police attributed six to accidental firing of guns, one while the victim was dragging the carcass of a deer he had shot. Police said the hunters who fired three fatal shots had mistaken the victims for deer. The other three were killed by stray shots.

Two of the 16-year-olds were killed in the field, one as he started on a hunting trip and the fourth on his return home. The nine-year-old was with a party in the woods when shot. The 15-year-old and the 18-year-old also were shot in the woods.

San Diego, Calif. (AP)—Retired Marine Gen. H. M. (Howlin' Mad) Smith of World War 2 fame appeared in civilian clothes, instead of marine dress uniform as requested, at a military function. He explained he has given away all his uniforms, to museums and such places.

First Degree Murder Charge Thrown Out

New York, Dec. 7 (AP)—A 21-year-old man, who knocked a woman down in a subway car and then stabbed her to death with a paring knife, has pleaded guilty to manslaughter.

Kings County (Brooklyn) Judge Nathan R. Sobel accepted the plea of Everett D. Benson yesterday and threw out a first degree murder indictment.

Asst. Dist. Atty. William I. Siegel announced he would appeal the judge's action.

Benson, an automobile mechanic, was indicted for manslaughter in December of 1954 in the killing of the woman, Miss Minnie Williams. Last March, however, the district attorney's office succeeded in having a new grand jury indict him for first degree murder.

Sobel at the time criticized the district attorney's office "for substituting its judgment for that of a grand jury."

Miss Williams, a middle-aged practical nurse, was stabbed 18 times by Benson after he knocked her to the floor and then sat astride her. The attack took place on Oct. 3, 1954.

Benson, who was reported to have visited a dozen bars before the killing, had never seen Miss Williams before. Authorities said the attack was unprovoked.

Sobel, in accepting the plea yesterday, did not set a date for sentencing.

Bird Gets Blame

Greenville, S. C. (AP)—A man says a bird gave him a cold. He was a passenger on a bus whose windshield was broken when a guinea hen crashed through. He said the glass or the hen struck him and caused "great pain and suffering." He also alleged he got a severe cold from drafts through the windshield. He sued the bus company for $2,500.

Negro Leader Is Staying Despite Alleged Threats

Elloree, S. C., Dec. 7 (AP)—A 65-year-old Negro leader says he will remain here despite alleged threats by the Ku Klux Klan to run him out of town.

L. A. Blackman, president of the Elloree Chapter of the National Assn. for the advancement of colored people, said last night he has "no idea of leaving."

The threats were reported to have been made at a klan rally near here Saturday night.

Blackman said he arrived at the rally after the speaking was finished but that friends told him he had been mentioned by klansmen several times during the meeting.

HE SAID they told him the klansmen said it was "up to the colored people to see that he (Blackman) gets out" of Elloree and even the state.

A contractor here for 17 years, Blackman blamed his NAACP activity for the reported threats. He said he had been active in distributing a petition calling for integration of the races in Elloree public schools.

City Magistrate J. R. Bardin said he heard the speeches made by the robed klansmen and that no one suggested Blackman to leave town. He said he had no knowledge of any plan to "run" Blackman out of the community.

HOWEVER, Mayor D. J. Deer said he had been informed such a threat had been made, adding: "All I know about the klan parade and meeting is what people here told me."

Mayor Deer said he did not know the identification of any of the estimated 60 klansmen who gathered in a field by the light of a burning cross. He said he was told some of the cars bore North Carolina or Georgia license tags.

Elloree is a community of about 1,200, mainly engaged in cotton and lumbering operations.

GM Praised, Gets Request to Help Other Problems

Washington, Dec. 7 (AP)—Top officials of General Motors got some praise from Sen. O'Mahoney (D.-Wyo.) today plus a request for their ideas on solving other problems of the auto industry.

O'Mahoney told reporters he hopes that Ford and Chrysler will follow the surprise move of General Motors in extending its one-year retail dealer contracts to five years.

GM PRESIDENT Harlow H. Curtice announced the longer-term agreements at the start of yesterday's public hearing by O'Mahoney's Senate antitrust and monopoly subcommittee.

Curtice said "misleading statements" of a "few complaining dealers" at the hearings might cause "possible damage to General Motors Goodwill."

Frederick J. Bell, executive vice president of the National Automobile Dealers' Assn., described the GM move as a "step forward" but said it "does not remove the many inequities of the one-sided GM contract."

BELL, WHO says his group represents 30,000 retail dealers, had told the committee earlier that dealers have been forced into unsound practices by "factory pressure, threats and coercion."

In Detroit, the Ford Motor Co. declined comment on GM's policy change. A Ford spokesman also declined to say how long its dealer contracts run.

Father, Indicted For Kidnaping, Held in Arizona

Ithaca, N. Y., Dec. 7 (AP)—Authorities here said today that Dr. Frank P. Sainburg had been taken into custody in Yuma, Ariz.

Sainburg has been indicted on a charge of kidnaping his son Phillip II—in court custody of the doctor's former wife—in 1954. A sealed indictment against him is pending here in connection with the taking of the boy a second time, from a nursery school here, last month.

District Attorney Frederick Bryant and Police Chief William Simmers said here that Yuma authorities had informed them Sainburg was picked up in a hotel there. They said he had with him Phillip and Mary Jean Nance, a daughter of his wife by a previous marriage. Both children are four years old. Bryant said they were unharmed.

SAINBURG WAS registered in the hotel as "Jack Carpenter and family," Bryant said.

Sainburg had fled from Longview, Tex., where his present wife has been in jail in protective custody since Sunday. She and her father, Attorney Neal Smith, said Sainburg threatened them in a telephone call Saturday night from Hobbs, N. M.

Smith told police he was told he would never see Mary Jean again unless all charges against Sainburg were dropped.

9 Held in Theft

Albany, N. Y., Dec. 7 (AP)—Albany and Troy police arrested nine men today in connection with the theft of $40,000 worth of cigarettes from the Albany Terminal and Security Warehouse. Police said one of the men, Morgan D. Bates, 32, of Albany, a shipping clerk at the warehouse, had stolen the cigarettes over a two-year period and staged a fake burglary when he feared discovery. One of the other eight men helped Bates in one theft and the rest received the stolen goods, police said.

The annual wood crop of the United States would ring the earth 379 times with a one-inch board a foot wide.

Dr. Comstock Gives Lions Entertaining Talk on Alaska

A haircut in Alaska might cost you $2.50, shoe shine 50 cents, a glass of orange juice 25 cents, Dr. John A. Comstock, Kingston dental surgeon, told the Lions Club Tuesday at its weekly luncheon meeting in the Governor Clinton Hotel.

Dr. Comstock, who recently returned after a visit to Alaska, pointed out that gasoline on the Alcan Highway across Canada would cost from 45 to 70 cents a gallon and that many persons have simply frozen to death on the famous Alaskan highway.

But, if you get there, you can do some tall fishing, "pull in trout until your arms are tired." For salmon, it's the same story, and for halibut. Dr. Comstock pulled in a couple of halibut weighing 63 and 74 pounds respectively, within a few minutes of one another.

YOU CAN ALSO make a lot of money in Alaska—if you take money with you.

Dr. Comstock presented delightful glimpses of Alaskan terrain, climate, animals and men in his brief talk to the Lions:

Alaska is five times the size of Texas with a population of 146,000, half of which is found in its two principal cities, Anchorage and Fairbanks.

YOU PROBABLY wouldn't like to live in Alaska. There isn't much to do, as we know it. Weather varies in different parts of Alaska. Anchorage has a climate rather like that in Kingston. But if the thermometer registers five or 10 below in Anchorage it may show from 25 to 40 below in the more mountainous sections.

The tundra is good soil, "rotting and freezing" for ages. Vegetation grows rapidly during the long summer days. The sunlight throws you off during the long days in summer. You cover your window with a dark blanket and "live by the clock." Of course, most of the natives sleep and rise as they see fit, both winter and summer.

THE NATIVES are both Eskimos and Indians. The Eskimo, the Alaskan aborigine, has a sense of humor and is courageous. His life interests are the "stomach and hunting." He also likes his meat a little rancid, likes blubber and seal meat which has turned a little sour. Igloos, of which Dr. Comstock saw very few, are hot. They also "stink."

There is no written language. An Eskimo can't understand another Eskimo 300 miles away. Their dialects differ sharply even at this short distance. The Eskimo is docile, the Indian resents the white man, will "knife" him on small provocation. The Eskimo sets little value on human life. If he kills you he may feel no particular compunction. The Eskimo never lives to be very old (the climate demands so much of the human body).

WHAT IS TRAGIC to us is often humorous to the Eskimo. He also tends to be helpless and lazy once he comes into contact with the white man. He may send out his children several miles away to collect a few sticks of firewood. When this is consumed, he sends them out again. There is little planning, little provision for the future.

There is more air traffic in Anchorage than anywhere else in the world. Crackups are also common. Moose will charge a train or your car. They often kill themselves by charging locomotives, will dent your fenders, sometimes turn a car over. Caribou and reindeer can't take care of themselves, are easy prey to the Eskimos who slaughter them at will, destroying entire herds. Wolves are wary of men, may refuse to cross fresh sled tracks in the snow.

Dr. Comstock was introduced by Harold O'Connor, program chairman. Harry Gold, president of the club, presided.

Local Death Record

William V. Burgher

William V. Burgher, 59, of Neptune, N. J., and formerly of West Shokan, died Tuesday at Monmouth Memorial Hospital, Long Branch, N. J. Mr. Burgher was an enlisted veteran of the U. S. Merchant Marine of World War I. Surviving are two brothers, Ira A., of Kingston, Benjamin L., of Mt. Tremper, one sister, Miss Ollie Burgher of West Shokan and one nephew, Bruce, of Kingston. Funeral services will be held at the Lasher Funeral Home, Woodstock, Friday at 2 p. m., with the Rev. Olney E. Cook officiating. Burial will be in Bushkill Cemetery, West Shokan.

George B. Roosa

George B. Roosa, of 81 Clinton avenue, died suddenly Tuesday afternoon at Wassaic where he was employed at the state school. Born in Samsonville, a son of Jerry and Mary Kelly Roosa, he is survived by a brother, William of Kingston, with whom he made his home; a sister, Mrs. John Keevill of Cornwall and several nieces and nephews. Funeral services will be held at the George J. Moylan Funeral Home, Main street, Rosendale, Saturday at 2 p. m. Burial will be in the Rosendale Plains Cemetery. Friends may call at the funeral home any time.

Agnes Bowser

The funeral of Mrs. Agnes Bowser was held today at 9:30 a. m., from the Jenson & Deegan Funeral Home, 15 Downs street and 10 a. m. at St. Joseph's Church where a solemn high Mass of requiem was offered for the repose of her soul by the Rt. Rev. Monsignor Stephen P. Connelly as celebrant, the Rev. James Keating, deacon and the Rev. Alfred Glancy as sub-deacon. The Rev. Austin V. Carey sat in the chancel during the Mass. A large number of her relatives and friends attended the services to pay a final tribute of respect to her memory. The soloist during the Mass was Robert Gallo who sang, "Pie Jesu" at the offertory. Following the last blessing he sang, "In Paradisium." Among the large number who called at the chapel during the bereavement was a delegation from the Catholic Daughters of America, Santa Maria Council 164 who were led in the recitation of the Holy Rosary by their chaplain, the Rev. Austin V. Carey Wednesday at 7:30 p. m. They also attended the funeral Mass this morning in a body. Members of the United Mine Workers, Local 13226, also called to pay their respects and were present at the church as a tribute to Mrs. Bowser. Monsignor Connelly and Father Keating visited the chapel and the latter led in the recitation of the Holy Rosary. Beautiful floral pieces and scores of Mass cards testified to the high esteem in which she was held. Bearers were Alexander G. Cahill, Peter Cahill, John Schoonmaker, Adelbert Kinkade, Raymond Dempsey and Patrick Cahill. Burial took place in St. Mary's Cemetery where Father Glancy gave the final absolution at the grave.

Thousands of

is merely one of many weapons in the arsenal of economic programs."

This resolution said automobile production and home building are "leveling off" and said government housing, tax and social aid programs should be geared up to counter any possible economic decline.

Secretary of Labor Mitchell had called on the AFL-CIO in a speech yesterday to support administration policies. He said that under the Eisenhower workers were benefitting from a stable economy and high wages.

THE CONVENTION resolution dealing with the NLRB disagreed with a series of board decisions and said "the administration-dominated board has established . . . antiunion policies almost entirely determental to the rights of labor."

Meanwhile, AFL-CIO President George Meany apparently has moved in to squelch any fueds developing in the assimilation of the one-time rival AFL and CIO unions.

Meany announced that at a founding session of the AFL-CIO's new industrial union department (IUD) he personally would settle any arguments over membership rights of various unions. The IUD was created primarily as a unit for former CIO unions.

Under Meany's apparent guidance the powerful Teamsters Union which announced it now has grown to 1,489,000 members modified a demand for entry into the IUD.

Cleric's Daughter Found

Pueblo, Colo., Dec. 7 (AP)—A minister's 19-year-old daughter, at first feared the victim of an abduction, was found today walking on the highway near La Junta, east of here. Police Capt. James Rafferty said the girl, Donna May Upton, seemed to be in a dazed condition and could not explain her actions. There was no evidence, he said, to show she had been taken forcibly from her home. She was dressed in men's clothing and her blonde hair had been clipped short, Rafferty said.

Proposed Cement

for parking meters on a section of St. James street and on Field Court.

RESOLUTIONS offered and referred for action were:

Radel—that action be taken on his former request for repair of the East Chester street railroad crossing. He proposed that the city do the work and bill the railroad, if necessary; that the mayor send each alderman a copy of the 1956 budget as soon as it is available, and that a light be placed on Fort street between Madden and Garden streets.

Bodenweber—that traffic lights be placed in the center of streets, synchronized, and "stop on red" as in New York city be required at intersections nearest lights, that money for this be provided in the next budget and that steps be taken to provide a playground for the ninth ward, which has none.

Storms—that a new light fixture be placed west of the railroad tracks at the Smith avenue crossing.

Smith—that parking be prohibited at 69 Spring street in front of the Dr. Bight residence for 25 feet.

Brandt—that curbs be cleared of leaves and small brush on Hone street near the Progressive Church and that sewers be cleaned on Abeel and Hone streets.

Roth—that the traffic light at Washington and Lucas avenues be replaced with a walk-type and a policeman be placed there for protection of school children; that stop-signs be placed at Mountain View avenue and Miller's lane; Grandview and Miller's lane, and Lucas avenue and Miller's lane. He asked for street lights on several streets in the ward, for the cleaning of catch basins and patching of streets. He also asked the cleaning of the Main street and Tannery brooks and that Lucas avenue from Green street to Washington avenue be cleaned.

12th Ward Stresses

definite appropriation in the 1956 budget to cover the cost of remedial steps with plans and specifications to be approved by the city engineer and Board of Public Works.

Alderman-at-large Kelly said the resolution had merit, and he said it was his and the council's policy to consider all such bids for remedial action. Under rules of the council, however, he said, resolutions were due to be in by noon on the meeting date, but in cases of emergencies, they could be acted upon if presented on the meeting night.

ALDERMAN ROTH SAID he felt his letter carried the same general idea to the mayor and the council as the resolution. He thanked Dillon and the committee for their efforts, and said he had been assured by the mayor that his letter will be given immediate attention.

Roth's letter also took note of the property damage in the ward due to the two floods. He asked study of the problem and a preliminary survey by the city engineer of the drainage area involved, so that a solution could be recommended and the cost estimated. He also asked an opinion from the corporation counsel as to whom will be responsible for the cost.

Third Ward Alderman Edwin Radel said the problem was one "which concerns all people in all wards." He said one in his ward involved five families and could cost only $1,000 to solve, but nothing has been done, to date. He proposed accepting the resolution as presented by the 12th ward committee with deletion of the final paragraph.

Alderman Charles Cole, 13th ward, said he fully appreciated the problem of the 12th ward residents, "because we in the 13th ward are affected by the same body of water." He suggested that adoption of the resolution, would let the people know that the city "wants to get to work, come up with a plan, and have the work carried out."

Alderman Benjamin A. Storms, second ward, said he also felt that the problem was one of citywide scope, and he thought this could be mentioned in the resolution, but Cole held that the resolution should "stand on its own merits for this particular purpose.

Besides Dillon, who served as chairman, the other members of the 12th ward citizens' committee were: F. Oulton, secretary; R. Murray, Jr., treasurer; T. McNeilis, H. Thomas, J. Scheinwold, F. DuBois and J. McFadden.

Alderman Abram D. Relyea, 11th ward, during discussion on the resolution, also noted that residents of his ward have been troubled by similar flood conditions, and he favored any remedial action that would bring relief. Hirschell Mayes, first ward, also said before voting that he was in favor of any action that would bring relief to residents in the area of the flooding brooks.

Fuel Tank Blast Sets Truck Afire

An asphalt truck owned by Tuckham Roads Co., of White Plains and Cairo was reported heavily damaged this morning when the fuel tank apparently exploded setting the truck on fire on an approach road to a thruway service entrance several hundred yards from the Katsbaan Inn.

The flames were extinguished by the Centerville Fire Department which responded about 7:30 a. m.

It was reported by Mrs. Edward Eyth of the Katsbaan Inn that the truck caught fire when the driver, not identified, tried to start it. She said the fuel tank exploded. The fire burned for about 30 minutes, causing considerable damage to the truck, she said.

The Suez canal is approximately 100 miles long and 500 feet wide.

Children to Trim High Falls Tree With Own Artistry

The High Falls Civic Association met at the home of Marguerite M. Quick at Rock Cliff Cottage last week to make plans for the Christmas season in the village.

A large spruce tree was purchased by the Civic Association under the direction of Roy Ghear and has been placed in the center of the village on the bank of the old D & H Canal and the children of High Falls have been invited to participate in decorating the tree and to make original ornaments. A contest will be conducted to determine which child makes the best and most original ornament.

UNDER THE RULES of the contest each child may make one ornament; the ornament shall be made of weather resistant material such as wood, metal or plastic; the ornament will be accepted at the High Fall post office from now until Dec. 15. Three prizes will be given to those submitting the ornament considered best by a committee of judges.

It was also voted to have a contest for the best decorated house in the village in keeping with the Christmas spirit. Mrs. Frank Lynch, chairman of the House Decorating Committee, with Mrs. Clarence Hansen and Mrs. William Larsen will judge the houses between Christmas and New Years.

A CARD SENT to Mrs. Frank Lynch, High Falls, stating the name and address of those who will take part in this contest, will eliminate anyone being overloaded and especially if the house is situated out of the village.

Any person interested in doing things for the betterment of the town is asked to attend future Civic Association meetings. By taking an interest in the town it is surprising how every little idea and thought each one has, can be used for the improvement of daily living in the village.

traveling north up a slight incline and attempting to pass another vehicle at the time of the collision. Johnson swerved to the right, going off the highway to the west shoulder, in an effort to avoid the collision but was struck in the left front by the Hansen vehicle, according to Trooper Whiting.

The sheriff's office reported that the Hansen car come to rest on the front lawn of the Kurtz Farm.

John Casey of Gardiner reportedly told sheriff's representatives that he was traveling about 45 MPH on his way to attend a funeral in New Paltz when the Hansen car attempted to overtake him. Both were down in a dip in the road at the time, he said, when Casey saw a car coming over the hill from the opposite direction.

He reportedly told a sheriff's deputy that he believed Hansen, who was off his back fender, found himself trapped in the southbound lane and couldn't get back into line.

Both cars had to be towed away, troopers said.

had communicated with any trucker or trucking company on the subject of weight-law enforcement, the spokesman replied "not to the best of my knowledge."

HE SAID the authority had one representative whose job it was to travel about the country drumming up commercial traffic for the thruway. The spokesman said the representative had not indicated in any way that the authority winked at the weight law.

The maximum truck weight under state law is 65,000 pounds unless a special "overweight" permit has been obtained from the Public Works Department. Truckers whose vehicles are over the maximum length or width may obtain special permits to travel on the thruway.

THRUWAY TOLLS for trucks are based on the number of axles they bear rather than their widths.

Annett said the authority was considering installing electronic devices at interchanges to compute the weights of truck entering or leaving the superhighway.

Testimony Given On Contract Case In Court Here

Justice Harry E. Schirick reserved decision on a motion to dismiss the complaint of Harry Frischling and another against Alba Forwarding Co., Inc., Tuesday afternoon in Supreme Court at the conclusion of plaintiff's testimony. He permitted testimony on behalf of the defendants.

The action is one to recover damages for breach of warranty under an alleged contract which Frischling alleges existed between his exporting company and the Alba company for the shipment of sample merchandise to Caracas, Venezuela. Plaintiffs claim they engaged the defendant company to forward samples of merchandise which they intended to attempt to sell. The shipment went by boat while the plaintiff went by air. In South America a controversy arose over the acceptance of the samples and payment of duty. Plaintiff claims they should have been duty free if the defendant company had properly forwarded them. The defendants claim they sent the merchandise in a proper manner.

DURING THE testimony there was large volume of expert testimony given by persons associated with the exporting and importing business, relative to how merchandise should be forwarded, the responsibilities of the forwarders and methods of billing etc.

Louis B. Scheinman appears for plaintiffs and Jacob M. Nahoum for defendants.

Frischling and his associates were engaged in the exporting of merchandise and involved in the Caracas deal was sample wearing apparel and other merchandise from various manufacturers which plaintiffs sought to sell in South America. Included with the samples forwarded was also advertising material describing other articles, including tractors.

A SECOND MEETING will be held Thursday, Dec. 15 with the architects, the Board of Education and the Buildings and Grounds Division of the State Education Department in Albany. An effort will be made at that meeting to unify the thinking of all groups so that the architects may proceed with the drawing of preliminary plans.

In discussing enrollment last September it was noted it was higher than the previous September and in addition to that increase, 96 new pupils have entered school since the second school week of last fall.

THE BOARD NOTED that one room in the Glasco building, a second grade, has grown to 41 pupils. As many as 34 pupils are enrolled in three other situations in other parts of the central school system. Action was taken by the board to authorize an alleviation of this condition in the event it continues.

Borings on the proposed site on the Valley Farm are nw being made under the direction of the architects. The board was advised at last night's meeting that in addition to those originally planned borings will have to be made to insure satisfactory and proper foundations for such a site. These additional borings were authorized by the board.

School Tax . . .

reported and will be assessed and levied against the properties.

Printing of 500 copies of the proceedings of the board of supervisors was voted and bids will be opened at 7 p. m. on Dec. 12.

There were several resolutions to place on the tax rolls, properties which have been omitted by error.

The board adjourned to meet at 8 p. m. on Thursday,.

GM Praised, Gets Request to Help Other Problems

Washington, Dec. 7 (AP)—Top officials of General Motors got some praise from Sen. O'Mahoney (D.-Wyo.) today plus a request for their ideas on solving other problems of the auto industry.

O'Mahoney told reporters he hopes that Ford and Chrysler will follow the surprise move of General Motors in extending its one-year retail dealer contracts to five years.

GM PRESIDENT Harlow H. Curtice announced the longer-term agreements at the start of yesterday's public hearing by O'Mahoney's Senate antitrust and monopoly subcommittee.

Curtice said "misleading statements" of a "few complaining dealers" at the hearings might cause "possible damage to General Motors Goodwill."

Frederick J. Bell, executive vice president of the National Automobile Dealers' Assn., described the GM move as a "step forward" but said it "does not remove the many inequities of the one-sided GM contract."

BELL, WHO says his group represents 30,000 retail dealers, had told the committee earlier that dealers have been forced into unsound practices by "factory pressure, threats and coercion."

In Detroit, the Ford Motor Co. declined comment on GM's policy change. A Ford spokesman also declined to say how long its dealer contracts run.

Father, Indicted For Kidnaping, Held in Arizona

Ithaca, N. Y., Dec. 7 (AP)—Authorities here said today that Dr. Frank P. Sainburg had been taken into custody in Yuma, Ariz.

Sainburg has been indicted on a charge of kidnaping his son Phillip II—in court custody of the doctor's former wife—in 1954. A sealed indictment against him is pending here in connection with the taking of the boy a second time, from a nursery school here, last month.

District Attorney Frederick Bryant and Police Chief William Simmers said here that Yuma authorities had informed them Sainburg was picked up in a hotel there. They said he had with him Phillip and Mary Jean Nance, a daughter of his wife by a previous marriage. Both children are four years old. Bryant said they were unharmed.

SAINBURG WAS registered in the hotel as "Jack Carpenter and family," Bryant said.

Sainburg had fled from Longview, Tex., where his present wife has been in jail in protective custody since Sunday. She and her father, Attorney Neal Smith, said Sainburg threatened them in a telephone call Saturday night from Hobbs, N. M.

Smith told police he was told he would never see Mary Jean again unless all charges against Sainburg were dropped.

9 Held in Theft

Albany, N. Y., Dec. 7 (AP)—Albany and Troy police arrested nine men today in connection with the theft of $40,000 worth of cigarettes from the Albany Terminal and Security Warehouse. Police said one of the men, Morgan D. Bates, 32, of Albany, a shipping clerk at the warehouse, had stolen the cigarettes over a two-year period and staged a fake burglary when he feared discovery. One of the other eight men helped Bates in one theft and the rest received the stolen goods, police said.

Dr. Comstock Gives Lions Entertaining Talk on Alaska

A haircut in Alaska might cost you $2.50, shoe shine 50 cents, a glass of orange juice 25 cents, Dr. John A. Comstock, Kingston dental surgeon, told the Lions Club Tuesday at its weekly luncheon meeting in the Governor Clinton Hotel.

Dr. Comstock, who recently returned after a visit to Alaska, pointed out that gasoline on the Alcan Highway across Canada would cost from 45 to 70 cents a gallon and that many persons have simply frozen to death on the famous Alaskan highway.

But, if you get there, you can do some tall fishing, "pull in trout until your arms are tired." For salmon, it's the same story, and for halibut. Dr. Comstock pulled in a couple of halibut weighing 63 and 74 pounds respectively, within a few minutes of one another.

YOU CAN ALSO make a lot of money in Alaska—if you take money with you.

Dr. Comstock presented delightful glimpses of Alaskan terrain, climate, animals and men in his brief talk to the Lions:

Alaska is five times the size of Texas with a population of 146,000, half of which is found in its two principal cities, Anchorage and Fairbanks.

YOU PROBABLY wouldn't like to live in Alaska. There isn't much to do, as we know it. Weather varies in different parts of Alaska. Anchorage has a climate rather like that in Kingston. But if the thermometer registers five or 10 below in Anchorage it may show from 25 to 40 below in the more mountainous sections.

The tundra is good soil, "rotting and freezing" for ages. Vegetation grows rapidly during the long summer days. The sunlight throws you off during the long days in summer. You cover your window with a dark blanket and "live by the clock." Of course, most of the natives sleep and rise as they see fit, both winter and summer.

THE NATIVES are both Eskimos and Indians. The Eskimo, the Alaskan aborigine, has a sense of humor and is courageous. His life interests are the "stomach and hunting." He also likes his meat a little rancid, likes blubber and seal meat which has turned a little sour. Igloos, of which Dr. Comstock saw very few, are hot. They also "stink."

There is no written language. An Eskimo can't understand another Eskimo 300 miles away. Their dialects differ sharply even at this short distance. The Eskimo is docile, the Indian resents the white man, will "knife" him on small provocation. The Eskimo sets little value on human life. If he kills you he may feel no particular compunction. The Eskimo never lives to be very old (the climate demands so much of the human body).

WHAT IS TRAGIC to us is often humorous to the Eskimo. He also tends to be helpless and lazy once he comes into contact with the white man. He may send out his children several miles away to collect a few sticks of firewood. When this is consumed, he sends them out again. There is little planning, little provision for the future.

There is more air traffic in Anchorage than anywhere else in the world. Crackups are also common. Moose will charge a train or your car. They often kill themselves by charging locomotives, will dent your fenders, sometimes turn a car over. Caribou and reindeer can't take care of themselves, are easy prey to the Eskimos who slaughter them at will, destroying entire herds. Wolves are wary of men, may refuse to cross fresh sled tracks in the snow.

Dr. Comstock was introduced by Harold O'Connor, program chairman. Harry Gold, president of the club, presided.

Local Death Record

William V. Burgher

William V. Burgher, 59, of Neptune, N. J., and formerly of West Shokan, died Tuesday at Monmouth Memorial Hospital, Long Branch, N. J. Mr. Burgher was an enlisted veteran of the U. S. Merchant Marine of World War I. Surviving are two brothers, Ira A., of Kingston, Benjamin L., of Mt. Tremper, one sister, Miss Ollie Burgher of West Shokan and one nephew, Bruce, of Kingston. Funeral services will be held at the Lasher Funeral Home, Woodstock, Friday at 2 p. m., with the Rev. Olney E. Cook officiating. Burial will be in Bushkill Cemetery, West Shokan.

George B. Roosa

George B. Roosa, of 81 Clinton avenue, died suddenly Tuesday afternoon at Wassaic where he was employed at the state school. Born in Samsonville, a son of Jerry and Mary Kelly Roosa, he is survived by a brother, William of Kingston, with whom he made his home; a sister, Mrs. John Keevill of Cornwall and several nieces and nephews. Funeral services will be held at the George J. Moylan Funeral Home, Main street, Rosendale, Saturday at 2 p. m. Burial will be in the Rosendale Plains Cemetery. Friends may call at the funeral home any time.

Agnes Bowser

The funeral of Mrs. Agnes Bowser was held today at 9:30 a. m., from the Jenson & Deegan Funeral Home, 15 Downs street and 10 a. m. at St. Joseph's Church where a solemn high Mass of requiem was offered for the repose of her soul by the Rt. Rev. Monsignor Stephen P. Connelly as celebrant, the Rev. James Keating, deacon and the Rev. Alfred Glancy as sub-deacon. The Rev. Austin V. Carey sat in the chancel during the Mass. A large number of her relatives and friends attended the services to pay a final tribute of respect to her memory. The soloist during the Mass was Robert Gallo who sang, "Pie Jesu" at the offertory. Following the last blessing he sang, "In Paradisium." Among the large number who called at the chapel during the bereavement was a delegation from the Catholic Daughters of America, Santa Maria Council 164 who were led in the recitation of the Holy Rosary by their chaplain, the Rev. Austin V. Carey Wednesday at 7:30 p. m. They also attended the funeral Mass this morning in a body. Members of the United Mine Workers, Local 13226, also called to pay their respects and were present at the church as a tribute to Mrs. Bowser. Monsignor Connelly and Father Keating visited the chapel and the latter led in the recitation of the Holy Rosary. Beautiful floral pieces and scores of Mass cards testified to the high esteem in which she was held. Bearers were Alexander G. Cahill, Peter Cahill, John Schoonmaker, Adelbert Kinkade, Raymond Dempsey and Patrick Cahill. Burial took place in St. Mary's Cemetery where Father Glancy gave the final absolution at the grave.

Thousands of

is merely one of many weapons in the arsenal of economic programs."

This resolution said automobile production and home building are "leveling off" and said government housing, tax and social aid programs should be geared up to counter any possible economic decline.

Secretary of Labor Mitchell had called on the AFL-CIO in a speech yesterday to support administration policies. He said that under the Eisenhower workers were benefitting from a stable economy and high wages.

THE CONVENTION resolution dealing with the NLRB disagreed with a series of board decisions and said "the administration-dominated board has established . . . antiunion policies almost entirely determental to the rights of labor."

Meanwhile, AFL-CIO President George Meany apparently has moved in to squelch any fueds developing in the assimilation of the one-time rival AFL and CIO unions.

Meany announced that at a founding session of the AFL-CIO's new industrial union department (IUD) he personally would settle any arguments over membership rights of various unions. The IUD was created primarily as a unit for former CIO unions.

Under Meany's apparent guidance the powerful Teamsters Union which announced it now has grown to 1,489,000 members modified a demand for entry into the IUD.

Cleric's Daughter Found

Pueblo, Colo., Dec. 7 (AP)—A minister's 19-year-old daughter, at first feared the victim of an abduction, was found today walking on the highway near La Junta, east of here. Police Capt. James Rafferty said the girl, Donna May Upton, seemed to be in a dazed condition and could not explain her actions. There was no evidence, he said, to show she had been taken forcibly from her home. She was dressed in men's clothing and her blonde hair had been clipped short, Rafferty said.

Proposed Cement

for parking meters on a section of St. James street and on Field Court.

RESOLUTIONS offered and referred for action were:

Radel—that action be taken on his former request for repair of the East Chester street railroad crossing. He proposed that the city do the work and bill the railroad, if necessary; that the mayor send each alderman a copy of the 1956 budget as soon as it is available, and that a light be placed on Fort street between Madden and Garden streets.

Bodenweber—that traffic lights be placed in the center of streets, synchronized, and "stop on red" as in New York city be required at intersections nearest lights, that money for this be provided in the next budget and that steps be taken to provide a playground for the ninth ward, which has none.

Storms—that a new light fixture be placed west of the railroad tracks at the Smith avenue crossing.

Smith—that parking be prohibited at 69 Spring street in front of the Dr. Bight residence for 25 feet.

Brandt—that curbs be cleared of leaves and small brush on Hone street near the Progressive Church and that sewers be cleaned on Abeel and Hone streets.

Roth—that the traffic light at Washington and Lucas avenues be replaced with a walk-type and a policeman be placed there for protection of school children; that stop-signs be placed at Mountain View avenue and Miller's lane; Grandview and Miller's lane, and Lucas avenue and Miller's lane. He asked for street lights on several streets in the ward, for the cleaning of catch basins and patching of streets. He also asked the cleaning of the Main street and Tannery brooks and that Lucas avenue from Green street to Washington avenue be cleaned.

12th Ward Stresses

definite appropriation in the 1956 budget to cover the cost of remedial steps with plans and specifications to be approved by the city engineer and Board of Public Works.

Alderman-at-large Kelly said the resolution had merit, and he said it was his and the council's policy to consider all such bids for remedial action. Under rules of the council, however, he said, resolutions were due to be in by noon on the meeting date, but in cases of emergencies, they could be acted upon if presented on the meeting night.

ALDERMAN ROTH SAID he felt his letter carried the same general idea to the mayor and the council as the resolution. He thanked Dillon and the committee for their efforts, and said he had been assured by the mayor that his letter will be given immediate attention.

Roth's letter also took note of the property damage in the ward due to the two floods. He asked study of the problem and a preliminary survey by the city engineer of the drainage area involved, so that a solution could be recommended and the cost estimated. He also asked an opinion from the corporation counsel as to whom will be responsible for the cost.

Third Ward Alderman Edwin Radel said the problem was one "which concerns all people in all wards." He said one in his ward involved five families and could cost only $1,000 to solve, but nothing has been done, to date. He proposed accepting the resolution as presented by the 12th ward committee with deletion of the final paragraph.

Alderman Charles Cole, 13th ward, said he fully appreciated the problem of the 12th ward residents, "because we in the 13th ward are affected by the same body of water." He suggested that adoption of the resolution, would let the people know that the city "wants to get to work, come up with a plan, and have the work carried out."

Alderman Benjamin A. Storms, second ward, said he also felt that the problem was one of citywide scope, and he thought this could be mentioned in the resolution, but Cole held that the resolution should "stand on its own merits for this particular purpose.

Besides Dillon, who served as chairman, the other members of the 12th ward citizens' committee were: F. Oulton, secretary; R. Murray, Jr., treasurer; T. McNeilis, H. Thomas, J. Scheinwold, F. DuBois and J. McFadden.

Alderman Abram D. Relyea, 11th ward, during discussion on the resolution, also noted that residents of his ward have been troubled by similar flood conditions, and he favored any remedial action that would bring relief. Hirschell Mayes, first ward, also said before voting that he was in favor of any action that would bring relief to residents in the area of the flooding brooks.

Jet Fighter Explodes

Richmond, Va., Dec. 7 (AP)—A navy jet fighter crashed and exploded in a fashionable west end residential area here today after colliding with another plane in flight. Two houses were set afire and a housekeeper suffered minor burns. Ens. Robert E. Ammann, 22, the pilot of the crashed plane, ejected himself and parachuted to safety in another section of the city. The pilot of the escort craft, Lt. Edward B. Bristol, of Virginia Beach, made it back to his Oceana, Va., base.

Fuel Tank Blast Sets Truck Afire

An asphalt truck owned by Tuckham Roads Co., of White Plains and Cairo was reported heavily damaged this morning when the fuel tank apparently exploded setting the truck on fire on an approach road to a thruway service entrance several hundred yards from the Katsbaan Inn.

The flames were extinguished by the Centerville Fire Department which responded about 7:30 a. m.

It was reported by Mrs. Edward Eyth of the Katsbaan Inn that the truck caught fire when the driver, not identified, tried to start it. She said the fuel tank exploded. The fire burned for about 30 minutes, causing considerable damage to the truck, she said.

The Suez canal is approximately 100 miles long and 500 feet wide.

Children to Trim High Falls Tree With Own Artistry

The High Falls Civic Association met at the home of Marguerite M. Quick at Rock Cliff Cottage last week to make plans for the Christmas season in the village.

A large spruce tree was purchased by the Civic Association under the direction of Roy Ghear and has been placed in the center of the village on the bank of the old D & H Canal and the children of High Falls have been invited to participate in decorating the tree and to make original ornaments. A contest will be conducted to determine which child makes the best and most original ornament.

UNDER THE RULES of the contest each child may make one ornament; the ornament shall be made of weather resistant material such as wood, metal or plastic; the ornament will be accepted at the High Fall post office from now until Dec. 15. Three prizes will be given to those submitting the ornament considered best by a committee of judges.

It was also voted to have a contest for the best decorated house in the village in keeping with the Christmas spirit. Mrs. Frank Lynch, chairman of the House Decorating Committee, with Mrs. Clarence Hansen and Mrs. William Larsen will judge the houses between Christmas and New Years.

A CARD SENT to Mrs. Frank Lynch, High Falls, stating the name and address of those who will take part in this contest, will eliminate anyone being overloaded and especially if the house is situated out of the village.

Any person interested in doing things for the betterment of the town is asked to attend future Civic Association meetings. By taking an interest in the town it is surprising how every little idea and thought each one has, can be used for the improvement of daily living in the village.

traveling north up a slight incline and attempting to pass another vehicle at the time of the collision. Johnson swerved to the right, going off the highway to the west shoulder, in an effort to avoid the collision but was struck in the left front by the Hansen vehicle, according to Trooper Whiting.

The sheriff's office reported that the Hansen car come to rest on the front lawn of the Kurtz Farm.

John Casey of Gardiner reportedly told sheriff's representatives that he was traveling about 45 MPH on his way to attend a funeral in New Paltz when the Hansen car attempted to overtake him. Both were down in a dip in the road at the time, he said, when Casey saw a car coming over the hill from the opposite direction.

He reportedly told a sheriff's deputy that he believed Hansen, who was off his back fender, found himself trapped in the southbound lane and couldn't get back into line.

Both cars had to be towed away, troopers said.

had communicated with any trucker or trucking company on the subject of weight-law enforcement, the spokesman replied "not to the best of my knowledge."

HE SAID the authority had one representative whose job it was to travel about the country drumming up commercial traffic for the thruway. The spokesman said the representative had not indicated in any way that the authority winked at the weight law.

The maximum truck weight under state law is 65,000 pounds unless a special "overweight" permit has been obtained from the Public Works Department. Truckers whose vehicles are over the maximum length or width may obtain special permits to travel on the thruway.

THRUWAY TOLLS for trucks are based on the number of axles they bear rather than their widths.

Annett said the authority was considering installing electronic devices at interchanges to compute the weights of truck entering or leaving the superhighway.

Testimony Given On Contract Case In Court Here

Justice Harry E. Schirick reserved decision on a motion to dismiss the complaint of Harry Frischling and another against Alba Forwarding Co., Inc., Tuesday afternoon in Supreme Court at the conclusion of plaintiff's testimony. He permitted testimony on behalf of the defendants.

The action is one to recover damages for breach of warranty under an alleged contract which Frischling alleges existed between his exporting company and the Alba company for the shipment of sample merchandise to Caracas, Venezuela. Plaintiffs claim they engaged the defendant company to forward samples of merchandise which they intended to attempt to sell. The shipment went by boat while the plaintiff went by air. In South America a controversy arose over the acceptance of the samples and payment of duty. Plaintiff claims they should have been duty free if the defendant company had properly forwarded them. The defendants claim they sent the merchandise in a proper manner.

DURING THE testimony there was large volume of expert testimony given by persons associated with the exporting and importing business, relative to how merchandise should be forwarded, the responsibilities of the forwarders and methods of billing etc.

Louis B. Scheinman appears for plaintiffs and Jacob M. Nahoum for defendants.

Frischling and his associates were engaged in the exporting of merchandise and involved in the Caracas deal was sample wearing apparel and other merchandise from various manufacturers which plaintiffs sought to sell in South America. Included with the samples forwarded was also advertising material describing other articles, including tractors.

A SECOND MEETING will be held Thursday, Dec. 15 with the architects, the Board of Education and the Buildings and Grounds Division of the State Education Department in Albany. An effort will be made at that meeting to unify the thinking of all groups so that the architects may proceed with the drawing of preliminary plans.

In discussing enrollment last September it was noted it was higher than the previous September and in addition to that increase, 96 new pupils have entered school since the second school week of last fall.

THE BOARD NOTED that one room in the Glasco building, a second grade, has grown to 41 pupils. As many as 34 pupils are enrolled in three other situations in other parts of the central school system. Action was taken by the board to authorize an alleviation of this condition in the event it continues.

Borings on the proposed site on the Valley Farm are nw being made under the direction of the architects. The board was advised at last night's meeting that in addition to those originally planned borings will have to be made to insure satisfactory and proper foundations for such a site. These additional borings were authorized by the board.

School Tax . . .

reported and will be assessed and levied against the properties.

Printing of 500 copies of the proceedings of the board of supervisors was voted and bids will be opened at 7 p. m. on Dec. 12.

There were several resolutions to place on the tax rolls, properties which have been omitted by error.

The board adjourned to meet at 8 p. m. on Thursday.

Diamonds Sparkle In This Play

South considered an opening bid of two diamonds in today's hand but decided against it since both of his suits were minors. He didn't want to push the bidding to the 11-trick level unless his partner could respond without being forced.

When North was able to muster up a free response, South changed his attitude toward the hand. There would probably be a reasonable play for slam if North had practically nothing but strong diamond support.

West opened the king of hearts, and dummy naturally won the first trick with the ace. Declarer quite properly led a low trump from dummy at the second trick and successfully finessed the jack.

Incidentally, it's worth noticing that it would have been a mistake to lead the queen of diamonds from the dummy for the finesse. This play would not help if East had three diamonds, since East would then cover with his king to make sure of a trump trick. The lead of the queen would be unnecessary if East had only two diamonds headed by the king. To lead the queen would be fatal if East had the singleton king, since the West would make a trump trick. If the low diamond is led, a singleton king in the East hand can be won with the ace, after which the jack and queen will draw the rest of the trumps without loss.

All of this was quite academic, of course, since East actually had a natural trump trick. South successfully finessed the jack of diamonds at the second trick and then hopefully led the ace of diamonds. West discarded a heart, and it was clear that East was bound to win a trick later on with his king of diamonds.

Now South had to avoid the loss of a spade trick. The best chance was to catch East with a doubleton spade.

With this object in mind, declarer cashed the ace and king of spades and then began to run his good clubs. East discarded a heart on the fourth round of clubs, but South then led a third trump, forcing East to win with his king.

At this point, East had nothing left but hearts. When he led a heart, South discarded the seven of spades from his hand while trumping in the dummy. This forced ruff and discard play gave declarer his slam contract.

A Christmas Idea For Men's Gifts

Men's rings, both emblematic and colored stone, have soared to new popularity in recent years. Ring-wearing habits spread during World War 2 when military rings grew increasingly popular with the legions of olive drab and navy blue. Now these reminders of service are stored away with school rings and fraternity pins. More than ever before men are wearing rings bearing seals or symbols of organizations such as the Masons or Knights of Columbus, as well as handsomely mounted stone rings, reports the Jewelry Industry Council.

With the spotlight on men's jewelry fashions, there's a brand-new Christmas idea for shoppers who are anxious to get away from tired old standbys. Now available are cuff links and tie slides both in stones and also designed with emblematic seals. These new pieces are carefully matched to men's signet and stone rings.

WALLKILL NEWS

Sunday School Leaders Plan Christmas Events

Wallkill, Dec. 6—A meeting of the teachers and officers of the Wallkill Reformed Sunday school was held on Friday evening, at the church hall with Fred C. Terwilliger, superintendent, presiding.

Mrs. H. Mahlandt gave a detailed report on the Religious Institute she attended at North Tarrytown on Nov. 29. This was a training school and conference for all phases of church organization delegates were sent from more than 80 churches in the area.

Lengthy discussion was held on the Christmas program and it was decided that it would be held on Wednesday, Dec. 21, at 7:30 p. m. in the church hall. The Rev. Walter N. Van Popering's youth group and senior class of the Sunday school will be in charge of the program. It was reported that Santa will be on hand near the close of the program to delight all of the kiddies, young and old.

All teachers and officers will meet at the church hall on December 15 at 7:30 to decorate the hall and make the final preparations for the Christmas program.

Superintendent Terwilliger appointed a nominating committee of the Rev. Mr. Van Popering, chairman; Mrs. George Brach and Mrs. F. Witherel and instructed them to prepare their slate of officers for 1956 and to present them to the next meeting.

It was also decided that the primary group of the Sunday school would meet in the church hall for the next two Sundays, and the older groups would meet at their regular time in the church, while the repairs are being made downstairs in the primary rooms.

Announcement was also made that there would be no regular Sunday school lessons on Christmas morning. Sunday school will meet at 10 a. m. as usual and a special Christmas film will be presented after which the White Christmas offering will be received for the Indian Mission at Dulce.

Local Banker Named To Agriculture Group

Wallkill, Dec. 6 — Announcement has been received of the appointment of Ivan C. Warren, field representative of the Valley National Bank, Wallkill, to the New York Bankers' Association's Committee on Agriculture.

As a key banker for Ulster county for the past five years, Mr. Warren has been very active in the promotion of 4-H Club work along with general work between banks, farm, vo-ag departments.

Upon being graduated in 1936 from the New York State College of Agriculture, Cornell, for seven years he managed a unit of the Farm Credit Administration and was with the New York State Agricultural Extension Service. In 1945 he came to the Wallkill National Bank as field representative, and now serves the Valley National Bank offices in Wallkill and Walden.

Christmas Lighting Ceremony Set Dec. 14

Wallkill, Dec. 6—The traditional ceremony of lighting the village of Wallkill for the holiday season, will be held at 7 p. m. Wednesday, Dec. 14, under the direction of a special committee of the Wallkill Chamber of Commerce.

George W. Parliman, chairman for the affair, is making arrangements for Santa to be on hand with his usual treat for the children of the area.

The ceremony will be held at the village park at the entrance to Wallkill from Route 208 and spectators are urged to attend in large numbers to officially open the holiday season in Wallkill.

Four Are Baptized

Wallkill, Dec. 6—At the regular Sunday morning service of Wallkill Reformed Church on December 4, the Sacrament of Baptism was administered to Cynthia Marlene, daughter of Mr. and Mrs. Edward Edsall; Sandra Lynn, daughter of Mr. and Mrs. Joseph Pangia; Diane Marie, daughter of Mr. and Mrs. Jack Ross Jr. and Robert Paul, son of Mr. and Mrs. Lee Totman.

Dr. C. W. Beattie rendered the solo, "I Walked Today Where Jesus Walked," and the choir offered the anthem, Still, Still With Thee, with Mrs. D. Doscher as soloist.

Choir Program Set

Wallkill, Dec. 6—On Sunday, Dec. 18 at 8 p. m., the choir of the Wallkill Reformed Church will present their annual Chirstmas Cantato, "A Christmas Blessing" under the direction of Jack Henderson, choir director, and Mrs. Louise Didsbury, organist. Soloists will be: Mrs. C. E. Penney, Miss Marjorie DuBois, Miss Judy Brown, Miss Mary Lou Holze, Mrs. Viola Jansen, Alan Vandemark, Dr. C. W. Beattie, and Sam Woodbridge and Miss Catherine Hammesfahr.

Church Notes

Wallkill, Dec. 6 — Thursday, Dec. 8, 7 p. m. prayer meeting in the church with topic, "God the Father." The Rev. Walter N. Van Popering, leader. Following on Thursday at 7:30 choir rehearsal at the church and at 9 p. m., the postponed Consistory meeting will be held at the home of George Vogel.

Thursday, Dec. 15, 7:30 p. m. decoration of church hall for Sunday school Christmas program.

Four Children Die As Fire Hits Home

Kansas City, Dec. 7 (AP)—Four children died early today in a fire that swept "like a flash" through their 4-room frame home.

Their parents, Mr. and Mrs. Lawrence Joseph Hazlett, and two other children escaped.

Dead are Helen Agnes, 3; Mary Ellen, 4; Duane Anthony, 6, and Donald Joseph, 11.

"It was like an explosion, without the sound," Hazlett was quoted by Police Officer Wilkie Dye.

The father rescued Shirley Sue, 9, and Martin Eugene, 13, before being driven back by the flames. Firemen found Mrs. Hazlett in a bathroom.

Gas Mileage goes up AGAIN

And so does the thrill - with Buick's new Variable Pitch Dynaflow!*

WITH ALL the big excitement of Buick's 1956 styling and power and ride and handling—it's easy to overlook this fact:

Gas mileage in the '56 Buicks takes a big step upward.

One reason, of course, is the new power plant itself.

Every new Buick cradles an advanced 322-cubic-inch V8 engine with the highest horsepowers, Series for Series, in all Buick history. Yet every engine delivers more efficiency, and more usable power to the rear wheels—because each one has a new double "Y" manifolding, and a new high in compression ratio.

But the major reason for the happy news in gas mileage—and for the new step-up in safety and thrills—is Buick's latest version of Variable Pitch Dynaflow.

In this airplane-principled transmission, you always had a gas-saving cruising range—and, at a switch of the pitch, a full-power getaway range.

Now Buick engineers have brought to this cruising range what they call "double regeneration." It simply means a new way to make flowing oil *add to its own velocity to build up driving force.*

So now, you merely nudge the pedal to *part* throttle and get new breakaway getaway. And since you get this quicker, safer response in your normal *cruising* range—where you don't use full power—you get plenty more miles from every tankful of gas.

But when you do need sudden safety-surge for emergencies, you just floor the pedal to switch the pitch. Instantly, you're at full-power acceleration—and it's the most thrilling safety measure in the land.

How about coming in to try the most modern transmission yet?

The absolute smoothness of this new Dynaflow is worth a visit in itself. So you can be sure you're in for a wealth of wonderful surprises—for that's just the start of the best Buick yet. Can you make it this week?

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

It's the '56 Buick- Best Buick yet

WALLKILL NEWS

Sunday School Leaders Plan Christmas Events

Wallkill, Dec. 6—A meeting of the teachers and officers of the Wallkill Reformed Sunday school was held on Friday evening, at the church hall with Fred C. Terwilliger, superintendent, presiding.

Mrs. H. Mahlandt gave a detailed report on the Religious Institute she attended at North Tarrytown on Nov. 29. This was a training school and conference for all phases of church organization delegates were sent from more than 80 churches in the area.

Lengthy discussion was held on the Christmas program and it was decided that it would be held on Wednesday, Dec. 21, at 7:30 p. m. in the church hall. The Rev. Walter N. Van Popering's youth group and senior class of the Sunday school will be in charge of the program. It was reported that Santa will be on hand near the close of the program to delight all of the kiddies, young and old.

All teachers and officers will meet at the church hall on December 15 at 7:30 to decorate the hall and make the final preparations for the Christmas program.

Superintendent Terwilliger appointed a nominating committee of the Rev. Mr. Van Popering, chairman; Mrs. George Brach and Mrs. F. Witherel and instructed them to prepare their slate of officers for 1956 and to present them to the next meeting.

It was also decided that the primary group of the Sunday school would meet in the church hall for the next two Sundays, and the older groups would meet at their regular time in the church, while the repairs are being made downstairs in the primary rooms.

Announcement was also made that there would be no regular Sunday school lessons on Christmas morning. Sunday school will meet at 10 a. m. as usual and a special Christmas film will be presented after which the White Christmas offering will be received for the Indian Mission at Dulce.

Local Banker Named To Agriculture Group

Wallkill, Dec. 6 — Announcement has been received of the appointment of Ivan C. Warren, field representative of the Valley National Bank, Wallkill, to the New York Bankers' Association's Committee on Agriculture.

As a key banker for Ulster county for the past five years, Mr. Warren has been very active in the promotion of 4-H Club work along with general work between banks, farm, vo-ag departments.

Upon being graduated in 1936 from the New York State College of Agriculture, Cornell, for seven years he managed a unit of the Farm Credit Administration and was with the New York State Agricultural Extension Service. In 1945 he came to the Wallkill National Bank as field representative, and now serves the Valley National Bank offices in Wallkill and Walden.

Christmas Lighting Ceremony Set Dec. 14

Wallkill, Dec. 6—The traditional ceremony of lighting the village of Wallkill for the holiday season, will be held at 7 p. m. Wednesday, Dec. 14, under the direction of a special committee of the Wallkill Chamber of Commerce.

George W. Parliman, chairman for the affair, is making arrangements for Santa to be on hand with his usual treat for the children of the area.

The ceremony will be held at the village park at the entrance to Wallkill from Route 208 and spectators are urged to attend in large numbers to officially open the holiday season in Wallkill.

Four Are Baptized

Wallkill, Dec. 6—At the regular Sunday morning service of Wallkill Reformed Church on December 4, the Sacrament of Baptism was administered to Cynthia Marlene, daughter of Mr. and Mrs. Edward Edsall; Sandra Lynn, daughter of Mr. and Mrs. Joseph Pangia; Diane Marie, daughter of Mr. and Mrs. Jack Ross Jr. and Robert Paul, son of Mr. and Mrs. Lee Totman.

Dr. C. W. Beattie rendered the solo, "I Walked Today Where Jesus Walked," and the choir offered the anthem, Still, Still With Thee, with Mrs. D. Doscher as soloist.

Choir Program Set

Wallkill, Dec. 6—On Sunday, Dec. 18 at 8 p. m., the choir of the Wallkill Reformed Church will present their annual Chirstmas Cantato, "A Christmas Blessing" under the direction of Jack Henderson, choir director, and Mrs. Louise Didsbury, organist. Soloists will be: Mrs. C. E. Penney, Miss Marjorie DuBois, Miss Judy Brown, Miss Mary Lou Holze, Mrs. Viola Jansen, Alan Vandemark, Dr. C. W. Beattie, and Sam Woodbridge and Miss Catherine Hammesfahr.

Church Notes

Wallkill, Dec. 6 — Thursday, Dec. 8, 7 p. m. prayer meeting in the church with topic, "God the Father." The Rev. Walter N. Van Popering, leader. Following on Thursday at 7:30 choir rehearsal at the church and at 9 p. m., the postponed Consistory meeting will be held at the home of George Vogel.

Thursday, Dec. 15, 7:30 p. m. decoration of church hall for Sunday school Christmas program.

Sunday, Dec. 18, annual Christmas cantata of choir.

Wednesday, Dec. 21, 7:30 p. m. annual Sunday school Christmas program in church hall.

Four Children Die As Fire Hits Home

Kansas City, Dec. 7 (AP)—Four children died early today in a fire that swept "like a flash" through their 4-room frame home.

Their parents, Mr. and Mrs. Lawrence Joseph Hazlett, and two other children escaped.

Dead are Helen Agnes, 3; Mary Ellen, 4; Duane Anthony, 6, and Donald Joseph, 11.

"It was like an explosion, without the sound," Hazlett was quoted by Police Officer Wilkie Dye.

The father rescued Shirley Sue, 9, and Martin Eugene, 13, before being driven back by the flames. Firemen found Mrs. Hazlett in a bathroom.

Gas Mileage goes up AGAIN

And so does the thrill - with Buick's new Variable Pitch Dynaflow!*

WITH ALL the big excitement of Buick's 1956 styling and power and ride and handling—it's easy to overlook this fact:

Gas mileage in the '56 Buicks takes a big step upward.

One reason, of course, is the new power plant itself.

Every new Buick cradles an advanced 322-cubic-inch V8 engine with the highest horsepowers, Series for Series, in all Buick history. Yet every engine delivers more efficiency, and more usable power to the rear wheels—because each one has a new double "Y" manifolding, and a new high in compression ratio.

But the major reason for the happy news in gas mileage—and for the new step-up in safety and thrills—is Buick's latest version of Variable Pitch Dynaflow.

In this airplane-principled transmission, you always had a gas-saving cruising range—and, at a switch of the pitch, a full-power getaway range.

Now Buick engineers have brought to this cruising range what they call "double regeneration." It simply means a new way to make flowing oil *add to its own velocity to build up driving force.*

So now, you merely nudge the pedal to *part* throttle and get new breakaway getaway. And since you get this quicker, safer response in your normal *cruising* range—where you don't use full power—you get plenty more miles from every tankful of gas.

But when you do need sudden safety-surge for emergencies, you just floor the pedal to switch the pitch. Instantly, you're at full-power acceleration—and it's the most thrilling safety measure in the land.

How about coming in to try the most modern transmission yet?

The absolute smoothness of this new Dynaflow is worth a visit in itself. So you can be sure you're in for a wealth of wonderful surprises—for that's just the start of the best Buick yet. Can you make it this week?

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

It's the '56 Buick- Best Buick yet

Woodstock Guild Craft Ready for Christmas

Woodstock, Dec. 7 — For the fifth consecutive season, Celeste, traditional patron angel of artists and craftsmen, now reigns over the Holiday Fair of the Woodstock Guild of Craftsmen shop. Celeste arrived the day following Thanksgiving and will lend enchantment to this fairy-land of gifts until Christmas.

The Guild was the first Woodstock shop to appear in formal Christmas dress. The recently enlarged front windows lend themselves dramatically to their frames of greens and glitter and afford generous display of the gifts within. Madame M. Babian is responsible for the attractive window decoraton, and for the other decoration and display throughout the shop, credit goes to Mari Bollman, Alice Cooke, Toni Drake, Margaret Gruver, Patty Perlmutter, Zellah Pike, Joan Pond, Anita Stallforth and Edith Temple, among others.

The recently redecorated jewelry room, in tones of soft grey and moss green, reflects to full advantage its precious contents —jewelry in every conceivable form with and without semi-precious stones and rich enamel, a collector's piece in a coffee table with a top inlay of silver, gracious shapes and colors in ceramics, bowls, vases, wood carvings in variety and many others.

Throughout the shop is a wealth of gift ideas. A casual tour revealed: dainty crochet and knit fare for the infant; frocks to touch the head of any little girl; toys, especially of the soft cuddly kind, loved by the little—a French poodle by Zellah Pike looked live enough to walk out of the shop. There are books for the young and not-so-young by local authors; original and beautiful Christmas cards of all sentiments; accessories for the hostess, including smart place mats; rich handwoven fabrics put to a variety of uses; boxes for many purposes, and for the gourmet, spices, herbs, jellies, jams and other delectable pantry fare, all jarred and boxed in gift fashion. In the Guild Gallery there are a number of fine, smaller paintings, especially suitable as gifts. These are but a handful of the gift treasures within the charming old Guild shop.

The Guild displays the arts and crafts from all Ulster county.

Reformed Church Announces Activities

Woodstock, Dec. 7 — At the Dutch Reformed Church in Woodstock, the Rev. Harvey I. Todd, pastor, will continue his series of sermons on the early chapters of the Book of Genesis. The subject will be, "The Tower of Babel; Confusion" at the 11 a. m. service on Bible Sunday, Dec. 11.

In the evening the Christian Endeavor Society will meet in the basement at 7 p. m.

On Thursday evening Dec. 22 the Sunday school will present its annual Christmas program ending with the visit of Santa Claus.

Great interest in being shown in the fish and chips supper to be served at the church Thursday beginning at 5:30 p. m. The caterers who do this are people of great experience and excellent reputation in putting on these specialty suppers. The ladies of the church will take charge of the serving.

Last Sunday evening Richard Talleur accompanied by a dozen or more young people from the Christian Endeavor Society of the Tillson Reformed and Friends Churches came to the Woodstock Reformed Church. In an impressive candlelight service the following officers of the Woodstock CE were installed: Konrad King, president; James Cousins, vice president; Ann Russell, secretary and Elsie Ross, treasurer. Following the ceremony there was a social hour and refreshments in the basement.

The concert of the Catskill-Hudson Community Chorus was given in the Reformed Church on Sunday afternoon and was much enjoyed by those in attendacne. Christmas carols from France, America, Moravia, Slovakia, England, Germany, Bohemia were sung. The concert was under the direction of Rolland E. Heermance, with Freeman D. Bell as accompanist.

Motor Club Prepares Slate of New Officers

Woodstock, Dec. 7—The Woodstock Motor Club met Sunday afternoon at the Glenford Country Club. The following complete list of nominations for officers to be voted on at the next meeting, Dec. 21, has been announced: Jim Smith and Joe Clark, president; Frank Gardner and Phil Halzell, vice president; Marion Gardner, secretary; and Gus Lovy, treasurer; Gordon Van De Bogart and Anne Gardner, assistant treasurer.

An invitation has been received from the Shongun Motor Club for members of the Woodstock Motor Club to participate in their rally on January 8. Anyone wishng further information should write Fred Bramhall, 25 Cate avenue, Ellenville.

The annual banquet of the club will be held January 14, with a rally prior to the dinner, time and place of both dinner and rally to be announced. Phil Halzell, Joe Clark and Daisy Smith are serving on the banquet committee.

The club has an invitation from the Mountain Top Rally in Windham to be host and hostess at the rally. This will be held June 8-10. The invitation was accepted. Gale Arnold will serve as technical advisor of the rally.

Jim Smith was the host at last Sunday's meeting and served refreshments.

New members in the club are: Arthur Gervais of New York; John Nolan of Woodland Valley and Paul O. Miller of Woodland Valley.

The time of the next meeting will be announced.

The club will hold its Christmas rally on December 11, starting at the Woodstock Playhouse. The rallymaster is Alfred E. Chant, Red Barn, Rock City road, Woodstock.

Scouts and Explorers See New York Museum

Woodstoik, Dec. 7—On Saturday, Dec. 3, Boy Scout Troop 34, and Explorer Scouts of Troop 34, totalling nine boys went to the Museum of Natural History in New York.

On December 7-9 there will be patrol meetings at the Twin Gables, the home of Albert Hoffman, starting each night at 7 p. m.

On Dec. 11, there will be a "Green Bar" patrol meeting also at the Twin Gables at 2 p. m. Saturday, Dec. 17, the Boy Scouts of Troop 34 will start their bottle collection. They will make house to house calls for returnable bottles and use the proceeds for their troop activities.

Scoutmaster Stephen Todd announces that there will be several patrol contests and instructional movies in subjects such as aviation, time and place to be announced.

Pepers Win Two

Woodstock, Dec. 7—Bowling in the Saugerties "B" League Wednesday night, Peper's Garage won two games out of three against Dobler Beer. Pepers scored 725-876-922 and Doblers 792-828-805.

Individual scores for Pepers were: G. Eichler 121-161-176; J. Raymond 142-188-163; R. Cashdollar 113-133-216; C. Nicponski 151-144-152; A. Peper 134-160-134. Individual scores for Dobler Beer were: J. Wood 144-146; N. Basarb 133-127; Bud Smith 153-190; C. Granwehr 166-155-162; H. Eyler Jr. 212-198-155; R. Carnright 137-176-171.

Zena Club Dance Set

Woodstock, Dec. 7—There will be a dance at the Zena Country Club Friday evening. Music will be provided by the Catskill Mountaineers. Everyone is cordially invited. Refreshments will be available.

Local Artists Exhibit

Woodstock, Dec. 7 — Several Woodstock artists are represented in "Five Arts," a special exhibition in 1955 by members of the Natonal Academy of Design on view from December 1 to 18. Eugene Speicher is showing a drawing, "Seated Figure;" Adolf Dehn, two drawings "Looking Upward" and "Maya Women;" Eugene Speicher is also showing an oil "Roses and Mock Orange" and Adolph Dehn an oil "Up High." Henry Mattson is represented by an oil "Fir Trees."

Why We Say--

WOOD BLOCK: Just why a chump is supposed to be dull witted is somewhat hard to understand. The expression started in Elizabethan England where householders used a block of wood eight inches in diameter as kindling fuel. Since these blocks were around the house at all times and were large unsightly masses dull people were compared to them.

Village Notes

Woodstock, Dec. 7—Mr. and Mrs. James B. Pond write from Kingston, Jamaica that they are enjoying the hot weather there.

Dr. and Mrs. A. E. Solomon have arrived at San Miguel, Mexico.

Mr. and Mrs. Abe Kramer have moved into the home owned by Madame Berrere.

Joseph Forno celebrated his birthday December 3 and Roger Jones will celebrate his on December 7.

Mrs. Alfred Hutty and Mrs. Mrs. Arthur F. Wyman will sail Saturday for Italy on the Independence for a two months stay.

Edward Jaffee of Summit, N. J., purchased a painting by Anton Otto Fischer at the Rainbow Lodge in Mt. Tremper.

Drinks taste better—and you'll feel better

—when you mix with HOFFMAN

and here's why:

The Exclusive Steady Sparkle in Hoffman mixers brings out the full flavor of your drink . . . keeps it sparkling, continuously alive!

That's why the makers and importers of the world's finest whiskies and gins such as Ambassador's 25 year old Scotch Whisky have publicly endorsed and recommended Hoffman mixers as the perfect mixers for use with their products.

After Effects Are Minimized. Hoffman Steady Sparkle speeds the passage of the alcoholic liquid through your stomach 80% faster than plain water, cuts down acid secretion—thereby curtailing acid upsets in your system.

As a mixer or a "chaser," the exclusive Steady Sparkle in Hoffman minimizes heartburn and gastric distress. You feel better, and it's better for you to mix every drink with Hoffman.

WORLD FAMOUS UNIVERSITY PROVES HOFFMAN IS BETTER FOR YOU!

After 2 years of intensive research, a team of leading scientists have now established beyond the shadow of a doubt that the Steady Sparkle in Hoffman mixers minimizes after effects of alcoholic liquor.

For an illustrated booklet giving details of the research and the name of this ranking university, write to Hoffman Beverage Company, 400 Grove Street, Newark 6, N. J.

The recently redecorated jewelry room, in tones of soft grey and moss green, reflects to full advantage its precious contents —jewelry in every conceivable form with and without semi-precious stones and rich enamel, a collector's piece in a coffee table with a top inlay of silver, gracious shapes and colors in ceramics, bowls, vases, wood carvings in variety and many others.

Throughout the shop is a wealth of gift ideas. A casual tour revealed: dainty crochet and knit fare for the infant; frocks to touch the head of any little girl; toys, especially of the soft cuddly kind, loved by the little—a French poodle by Zellah Pike looked live enough to walk out of the shop. There are books for the young and not-so-young by local authors; original and beautiful Christmas cards of all sentiments; accessories for the hostess, including smart place mats; rich handwoven fabrics put to a variety of uses; boxes for many purposes, and for the gourmet, spices, herbs, jellies, jams and other delectable pantry fare, all jarred and boxed in gift fashion. In the Guild Gallery there are a number of fine, smaller paintings, especially suitable as gifts. These are but a handful of the gift treasures within the charming old Guild shop.

The Guild displays the arts and crafts from all Ulster county.

Reformed Church Announces Activities

Woodstock, Dec. 7 — At the Dutch Reformed Church in Woodstock, the Rev. Harvey I. Todd, pastor, will continue his series of sermons on the early chapters of the Book of Genesis. The subject will be, "The Tower of Babel; Confusion" at the 11 a. m. service on Bible Sunday, Dec. 11.

In the evening the Christian Endeavor Society will meet in the basement at 7 p. m.

On Thursday evening Dec. 22 the Sunday school will present its annual Christmas program ending with the visit of Santa Claus.

Great interest in being shown in the fish and chips supper to be served at the church Thursday beginning at 5:30 p. m. The caterers who do this are people of great experience and excellent reputation in putting on these specialty suppers. The ladies of the church will take charge of the serving.

Last Sunday evening Richard Talleur accompanied by a dozen or more young people from the Christian Endeavor Society of the Tillson Reformed and Friends Churches came to the Woodstock Reformed Church. In an impressive candlelight service the following officers of the Woodstock CE were installed: Konrad King, president; James Cousins, vice president; Ann Russell, secretary and Elsie Ross, treasurer. Following the ceremony there was a social hour and refreshments in the basement.

The concert of the Catskill-Hudson Community Chorus was given in the Reformed Church on Sunday afternoon and was much enjoyed by those in attendacne. Christmas carols from France, America, Moravia, Slovakia, England, Germany, Bohemia were sung. The concert was under the direction of Rolland E. Heermance, with Freeman D. Bell as accompanist.

Motor Club Prepares Slate of New Officers

Woodstock, Dec. 7—The Woodstock Motor Club met Sunday afternoon at the Glenford Country Club. The following complete list of nominations for officers to be voted on at the next meeting, Dec. 21, has been announced: Jim Smith and Joe Clark, president; Frank Gardner and Phil Halzell, vice president; Marion Gardner, secretary; and Gus Lovy, treasurer; Gordon Van De Bogart and Anne Gardner, assistant treasurer.

An invitation has been received from the Shongun Motor Club for members of the Woodstock Motor Club to participate in their rally on January 8. Anyone wishng further information should write Fred Bramhall, 25 Cate avenue, Ellenville.

The annual banquet of the club will be held January 14, with a rally prior to the dinner, time and place of both dinner and rally to be announced. Phil Halzell, Joe Clark and Daisy Smith are serving on the banquet committee.

The club has an invitation from the Mountain Top Rally in Windham to be host and hostess at the rally. This will be held June 8-10. The invitation was accepted. Gale Arnold will serve as technical advisor of the rally.

Jim Smith was the host at last Sunday's meeting and served refreshments.

New members in the club are: Arthur Gervais of New York; John Nolan of Woodland Valley and Paul O. Miller of Woodland Valley.

The time of the next meeting will be announced.

The club will hold its Christmas rally on December 11, starting at the Woodstock Playhouse. The rallymaster is Alfred E. Chant, Red Barn, Rock City road, Woodstock.

Scouts and Explorers See New York Museum

Woodstoik, Dec. 7—On Saturday, Dec. 3, Boy Scout Troop 34, and Explorer Scouts of Troop 34, totalling nine boys went to the Museum of Natural History in New York.

On December 7-9 there will be patrol meetings at the Twin Gables, the home of Albert Hoffman, starting each night at 7 p. m.

On Dec. 11, there will be a "Green Bar" patrol meeting also at the Twin Gables at 2 p. m. Saturday, Dec. 17, the Boy Scouts of Troop 34 will start their bottle collection. They will make house to house calls for returnable bottles and use the proceeds for their troop activities.

Scoutmaster Stephen Todd announces that there will be several patrol contests and instructional movies in subjects such as aviation, time and place to be announced.

Pepers Win Two

Woodstock, Dec. 7—Bowling in the Saugerties "B" League Wednesday night, Peper's Garage won two games out of three against Dobler Beer. Pepers scored 725-876-922 and Doblers 792-828-805.

Zena Club Dance Set

Woodstock, Dec. 7—There will be a dance at the Zena Country Club Friday evening. Music will be provided by the Catskill Mountaineers. Everyone is cordially invited. Refreshments will be available.

Local Artists Exhibit

Woodstock, Dec. 7 — Several Woodstock artists are represented in "Five Arts," a special exhibition in 1955 by members of the Natonal Academy of Design on view from December 1 to 18. Eugene Speicher is showing a drawing, "Seated Figure;" Adolf Dehn, two drawings "Looking Upward" and "Maya Women;" Eugene Speicher is also showing an oil "Roses and Mock Orange" and Adolph Dehn an oil "Up High." Henry Mattson is represented by an oil "Fir Trees."

Why We Say--

WOOD BLOCK: Just why a chump is supposed to be dull witted is somewhat hard to understand. The expression started in Elizabethan England where householders used a block of wood eight inches in diameter as kindling fuel. Since these blocks were around the house at all times and were large unsightly masses dull people were compared to them.

Village Notes

Woodstock, Dec. 7—Mr. and Mrs. James B. Pond write from Kingston, Jamaica that they are enjoying the hot weather there.

Dr. and Mrs. A. E. Solomon have arrived at San Miguel, Mexico.

Mr. and Mrs. Abe Kramer have moved into the home owned by Madame Berrere.

Joseph Forno celebrated his birthday December 3 and Roger Jones will celebrate his on December 7.

Mrs. Alfred Hutty and Mrs. Mrs. Arthur F. Wyman will sail Saturday for Italy on the Independence for a two months stay.

Edward Jaffee of Summit, N. J., purchased a painting by Anton Otto Fischer at the Rainbow Lodge in Mt. Tremper.

Drinks taste better—and you'll feel better

—when you mix with HOFFMAN

and here's why:

The Exclusive Steady Sparkle in Hoffman mixers brings out the full flavor of your drink . . . keeps it sparkling, continuously alive!

That's why the makers and importers of the world's finest whiskies and gins such as Ambassador's 25 year old Scotch Whisky have publicly endorsed and recommended Hoffman mixers as the perfect mixers for use with their products.

After Effects Are Minimized. Hoffman Steady Sparkle speeds the passage of the alcoholic liquid through your stomach 80% faster than plain water, cuts down acid secretion—thereby curtailing acid upsets in your system.

As a mixer or a "chaser," the exclusive Steady Sparkle in Hoffman minimizes heartburn and gastric distress. You feel better, and it's better for you to mix every drink with Hoffman.

WORLD FAMOUS UNIVERSITY PROVES HOFFMAN IS BETTER FOR YOU!

After 2 years of intensive research, a team of leading scientists have now established beyond the shadow of a doubt that the Steady Sparkle in Hoffman mixers minimizes after effects of alcoholic liquor.

For an illustrated booklet giving details of the research and the name of this ranking university, write to Hoffman Beverage Company, 400 Grove Street, Newark 6, N. J.

HOFFMAN . . . is the finest!

BINGHAMTON, Dec. 7 (AP)—Gerald Metz and his family have good reason to be glad the deer-hunting season is over.

A shotgun slug shattered a window of their home near here this week. It passed four inches above the head of Mrs. Metz as she sat in a chair, and four feet above two-year-old Randy Metz, who was on a sofa. The slug was believed to have been a stray from a deer-hunter's gun.

A Safe Safe

Irving, Tex. (AP) — Yeggs couldn't crack the safe at an automobile firm's office. So they stole one of the company's new trucks to haul it away. The truck and safe were recovered—but not the $5,000 in cash and checks the safe contained.

Steel Shortage Severe

New York, Dec. 7 (AP)—Price boosts on all major steel products are "only a matter of time" and steel mill production is sold out for the first six months of 1956, The Iron Age, national metalworking weekly, said today. The magazine said also that the steel scrap market is running wild" and prices rocketed to all-time highs this week. It also reported as follows: More cutbacks in industrial production are on the way because of steel shortages. "The steel companies need more money to finance expansion. Higher prices are the most direct way to get it."

Lehman Praises Intent On Immigration Move

Washington, Dec. 7 (AP)—Sen. Lehman (D.-N.Y.) today applauded the Eisenhower administration's avowed intent to seek "drastic revision" of the McCarran-Walter Immigration Act and expressed hope it would not prove to be "just shadow-boxing."

An outspoken foe of the act, passed in 1952 over former President Truman's veto, Lehman is chief sponsor of a bill to rewrite the controversial law.

His measure, among other things, would permit increased immigration and eliminate the present national origins system for fixing immigration quotas. Opponents of the system contend it discriminates against southern and eastern European nations.

Atty. Gen. Brownell told a Republican women's group here Monday that the present law contains "great inequities" and that the administration would propose "drastic revisions" in it when Congress returns in January.

In a statement issued by his office here, Lehman applauded "the words used by Mr. Brownell."

Lehman said he hoped the administration would "push and fight" for revision and that it would be "a real undertaking and not just shadow-boxing."

Movie About Drug Story Not Approved

New York, Dec. 7 (AP)—A new movie dealing with drug addiction, "The Man with the Golden Arm," has been denied the seal of approval by directors of the Motion Picture Assn. of America.

The picture, to have its premiere here on Dec. 15, also was refused a seal last Friday by the Production Code Administration of Hollywood.

The action by the association came yesterday after a screening of the drama for presidents of the five movie companies which are members of the organization

The subject of narcotics is generally tabooed under the production code.

The picture was produced and directed by Otto Preminger from the prize-winning novel by Nelson Algren. It features Frank Sinatra, Eleanor Parker, Kim Novak and Arnold Stang.

CITY OF KINGSTON, N. Y., WEDNESDAY EVENING, DECEMBER 7, 1955.

Housing Survey Gives Rent Picture in City and County

(Editor's note: This is the eighth in a series of articles based on the housing survey and market analysis in the Kingston area prepared recently by the New York State Division of Housing at the request of the Kingston Housing Authority)

There were approximately 3,400 units under rent control in the city of Kingston as of July 1 and about 1,300 in the rest of the county, according to the survey prepared by the New York State Division of Housing.

The Kingston rental market was originally frozen by rent controls as of January, 1943, and was turned over to state control in June, 1950. Controls were due to expire on June 30, 1955, but the city chose to extend them under the local option permitted by the legislature.

THE EXISTENCE of government regulation has created, as in other communities, two types of rental market: 1. The controlled, with frozen and relatively stable rents and, 2. The uncontrolled, with flexible and generally higher rents. There was, of course, a slow upward shift in rent levels in the controlled units, as adjustments were permitted by rent control authorities under the law. As the uncontrolled units these were only a small portion of the supply, since building for the rental market has been limited, with few exceptions, to one garden apartment development, and a public housing project.

There is an indication of some conversion to smaller units which were then permitted to enter the non-controlled market, although none have been reported officially by the city of Kingston which requires such conversions to secure a permit. Conversions, if they took place, would have created additional dwelling units, but these smaller units would not answer the demand for dwelling units for occupancy by families with children.

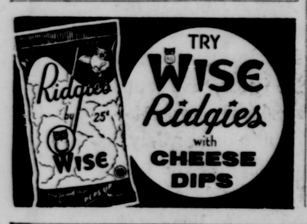
PRESSURE has been exerted on the rental housing market by the influx of higher paid technical and executive personnel at IBM and by the dearth of new building for rental purposes. Many of those who will be permanently assigned to the new plant are in the rental market only during the period it takes to build a house for owner-occupancy. Others may wish to rent permanently. A major load will be placed on the rental market by the IBM training program, however, and the company has made great efforts to fill this need.

As a result of local newspaper publicity, the firm has received offers from over 400 sources covering 1,300 furnished rooms, about one-third of which were doubles. The majority of these are outside Kingston.

Some of these units have been taken up by the permanent production and technical staffs. It appears that many of these rooms are in the better homes area and that the owners are motivated by a desire to help the company and trainees rather than by a need for money. It is not possible to determine what proportion of these rooms would not ordinarily have been in the rental market, but it appears to be a substantial part of those offered. There has been little change in the number of furnished rooms offered on the market for general occupancy.

THAT DEMAND on the rental market was not excessive until the arrival of IBM is illustrated by the situation at the local garden apartments, built in 1951. This development, with rents (including heat, but excluding gas and electricity) of about $80 for 3½ rooms and $95 for 4½ rooms was not fully rented until the arrival of IBM. Even now, no waiting list is kept and the manager advertises whenever units are vacated, but with demand from IBM personnel on the increase this procedure might be changed. There is some turnover as tenants buy their own homes.

(The ninth article in the series will discuss public housing and the role of IBM.)



Clintondale

Clintondale, Dec. 6—Qualified voters of the Clintondale Fire District will vote on December 13 to elect one member of the board of fire commissioners and a secretary-treasurer of the board. The fire commissioner elected will succeed Thomas Powers whose term has expired and the secretary-treasurer will be for a one year term. Harold L. Dingee holds the position at present. The voting will be at the Clintondale Firehouse and the hours are from 7 until 9 p. m.

Miss Lu Mae Smalley, daughter of Mr. and Mrs. Hobert Smalley, will take part in a concert to be given by the Community-College mixed chorus of New Paltz at the New Paltz State Teachers College December 8. Miss Smalley is a student at the college.

The recent masked party given by Vineyard Rebekah Lodge of Highland in the Clintondale Grange hall was well attended.

Mr. and Mrs. Paul Armstrong of Buffalo have been spending a few days here with relatives.

The Clintondale Parent-Teachers Association will hold its annual Christmas party and meeting at the school Wednesday at 8 p. m. Mrs. Egbert Harcourt, president of P-TA will preside for the business meeting. There will be an exchange of gifts and refreshments served by a committee of members.

Mrs. James Stupple and Mrs. John Jacobs attended a meeting of the Highland-Clintondale Neighborhood Association Girl Scouts held last week at the home of Mrs. Louis Smith in Highland.

Mr. and Mrs. Harry Sutton have returned from a visit with Mr. and Mrs. Marshall Sutton and family of Baltimore, Md.

The Ladies Circle of the Clintondale Friends Church will hold a gift sale at the firehouse on Friday. The sale will be held during the afternoon and evening. Mrs. William Coy Sr. is chairman.

$500,00 for Models

Montrela, Dec. 7 (AP) — Canada's St. Lawrence Seaway Authority has awarded a $500,000 contract for the construction of models of seaway sections in the Montreal area to Neyrpic, a French research firm. The authority announced yesterday that the models would be used to study what effect the seaway would have on water levels and possible power developments in the area. The contract calls for construction of a $300,000 building to house the models, which will cost $120,000. The other $80,000 will cover the costs of the research.

Stereotypers Still Out

Detroit, Dec. 7 (AP)—Detroit's newspaper strike, now in its seventh day, appeared no closer to settlement today. Publishers and AFL-CIO stereotypers reportedly still were deadlocked on basic issues which led to the shutdown of the city's three metropolitan dailies. Another bargaining session, the eighth since the strike began at 4:30 a. m. (EST) last Thursday, was scheduled for 8 p. m. tonight. Publishers last night rejected as "highly unrealistic" a new settlement proposal by the 116 striking members of Stereotypers Local 9.

Woman Pockets $64,000 Winning

New York, Dec. 7 (AP)—A pretty young psychologist who became interested in boxing through her husband answered a knotty question on the sport last night to pocket $64,000 in television winnings.

The contestant, Dr. Joyce Brothers, 28, of New York city, became the second person to win the top prize on the CBS show "The $64,000 Question." The first was Capt. Richard S. McCutchen of the Marine Corps, whose category was foods and cooking.

Dr. Brothers, wife of Dr. Milton J. Brothers, a hospital interne here, answered a lengthy question that ranged from boxing in ancient Rome to the modern day ring.

AS AN ASSISTANT, she had Eddie Eagan, ex-Olympic boxing champion and former New York state boxing commission chairman. The show allows a contestant to have an expert at his side when the $64,000 level is reached.

Another contestant on the program, Stanley Skeens, a Danville, W. Va., coal miner, won $32,000 by answering a 10-part question on the story of David and Goliath. He will get a chance to try for $64,000 next week.

Freed in Fire Deaths

Chicago, Dec. 7 (AP) — Lawrence B. Jackson, a suspended high school teacher and owner of a tenement in which seven persons perished in a fire, was acquitted of manslaughter yesterday. Judge Leslie E. Salter in Criminal Court directed the verdict after a defense motion for acquittal and completion of the state's case. Judge Salter referred to a statement by Marion Gregory, 11, who lived in the building, that he set the fire on June 11, 1954, by tossing a lighted cigarette into rubbish. The seven persons died in fourth floor apartments.

Housing Survey Gives Rent Picture in City and County

(Editor's note: This is the eighth in a series of articles based on the housing survey and market analysis in the Kingston area prepared recently by the New York State Division of Housing at the request of the Kingston Housing Authority)

There were approximately 3,400 units under rent control in the city of Kingston as of July 1 and about 1,300 in the rest of the county, according to the survey prepared by the New York State Division of Housing.

The Kingston rental market was originally frozen by rent controls as of January, 1943, and was turned over to state control in June, 1950. Controls were due to expire on June 30, 1955, but the city chose to extend them under the local option permitted by the legislature.

THE EXISTENCE of government regulation has created, as in other communities, two types of rental market: 1. The controlled, with frozen and relatively stable rents and, 2. The uncontrolled, with flexible and generally higher rents. There was, of course, a slow upward shift in rent levels in the controlled units, as adjustments were permitted by rent control authorities under the law. As the uncontrolled units these were only a small portion of the supply, since building for the rental market has been limited, with few exceptions, to one garden apartment development, and a public housing project.

There is an indication of some conversion to smaller units which were then permitted to enter the non-controlled market, although none have been reported officially by the city of Kingston which requires such conversions to secure a permit. Conversions, if they took place, would have created additional dwelling units, but these smaller units would not answer the demand for dwelling units for occupancy by families with children.

PRESSURE has been exerted on the rental housing market by the influx of higher paid technical and executive personnel at IBM and by the dearth of new building for rental purposes. Many of those who will be permanently assigned to the new plant are in the rental market only during the period it takes to build a house for owner-occupancy. Others may wish to rent permanently. A major load will be placed on the rental market by the IBM training program, however, and the company has made great efforts to fill this need.

As a result of local newspaper publicity, the firm has received offers from over 400 sources covering 1,300 furnished rooms, about one-third of which were doubles. The majority of these are outside Kingston.

Some of these units have been taken up by the permanent production and technical staffs. It appears that many of these rooms are in the better homes area and that the owners are motivated by a desire to help the company and trainees rather than by a need for money. It is not possible to determine what proportion of these rooms would not ordinarily have been in the rental market, but it appears to be a substantial part of those offered. There has been little change in the number of furnished rooms offered on the market for general occupancy.

THAT DEMAND on the rental market was not excessive until the arrival of IBM is illustrated by the situation at the local garden apartments, built in 1951. This development, with rents (including heat, but excluding gas and electricity) of about $80 for 3½ rooms and $95 for 4½ rooms was not fully rented until the arrival of IBM. Even now, no waiting list is kept and the manager advertises whenever units are vacated, but with demand from IBM personnel on the increase this procedure might be changed. There is some turnover as tenants buy their own homes.

(The ninth article in the series will discuss public housing and the role of IBM.)

Clintondale

Clintondale, Dec. 6—Qualified voters of the Clintondale Fire District will vote on December 13 to elect one member of the board of fire commissioners and a secretary-treasurer of the board. The fire commissioner elected will succeed Thomas Powers whose term has expired and the secretary-treasurer will be for a one year term. Harold L. Dingee holds the position at present. The voting will be at the Clintondale Firehouse and the hours are from 7 until 9 p. m.

Miss Lu Mae Smalley, daughter of Mr. and Mrs. Hobert Smalley, will take part in a concert to be given by the Community-College mixed chorus of New Paltz at the New Paltz State Teachers College December 8. Miss Smalley is a student at the college.

The recent masked party given by Vineyard Rebekah Lodge of Highland in the Clintondale Grange hall was well attended.

Mr. and Mrs. Paul Armstrong of Buffalo have been spending a few days here with relatives.

The Clintondale Parent-Teachers Association will hold its annual Christmas party and meeting at the school Wednesday at 8 p. m. Mrs. Egbert Harcourt, president of P-TA will preside for the business meeting. There will be an exchange of gifts and refreshments served by a committee of members.

Mrs. James Stupple and Mrs. John Jacobs attended a meeting of the Highland-Clintondale Neighborhood Association Girl Scouts held last week at the home of Mrs. Louis Smith in Highland.

Mr. and Mrs. Harry Sutton have returned from a visit with Mr. and Mrs. Marshall Sutton and family of Baltimore, Md.

The Ladies Circle of the Clintondale Friends Church will hold a gift sale at the firehouse on Friday. The sale will be held during the afternoon and evening. Mrs. William Coy Sr. is chairman.

$500,00 for Models

Montrela, Dec. 7 (AP) — Canada's St. Lawrence Seaway Authority has awarded a $500,000 contract for the construction of models of seaway sections in the Montreal area to Neyrpic, a French research firm. The authority announced yesterday that the models would be used to study what effect the seaway would have on water levels and possible power developments in the area. The contract calls for construction of a $300,000 building to house the models, which will cost $120,000. The other $80,000 will cover the costs of the research.

Stereotypers Still Out

Detroit, Dec. 7 (AP)—Detroit's newspaper strike, now in its seventh day, appeared no closer to settlement today. Publishers and AFL-CIO stereotypers reportedly still were deadlocked on basic issues which led to the shutdown of the city's three metropolitan dailies. Another bargaining session, the eighth since the strike began at 4:30 a. m. (EST) last Thursday, was scheduled for 8 p. m. tonight. Publishers last night rejected as "highly unrealistic" a new settlement proposal by the 116 striking members of Stereotypers Local 9.

Woman Pockets $64,000 Winning

New York, Dec. 7 (AP)—A pretty young psychologist who became interested in boxing through her husband answered a knotty question on the sport last night to pocket $64,000 in television winnings.

The contestant, Dr. Joyce Brothers, 28, of New York city, became the second person to win the top prize on the CBS show "The $64,000 Question." The first was Capt. Richard S. McCutchen of the Marine Corps, whose category was foods and cooking.

Dr. Brothers, wife of Dr. Milton J. Brothers, a hospital interne here, answered a lengthy question that ranged from boxing in ancient Rome to the modern day ring.

AS AN ASSISTANT, she had Eddie Eagan, ex-Olympic boxing champion and former New York state boxing commission chairman. The show allows a contestant to have an expert at his side when the $64,000 level is reached.

Another contestant on the program, Stanley Skeens, a Danville, W. Va., coal miner, won $32,000 by answering a 10-part question on the story of David and Goliath. He will get a chance to try for $64,000 next week.

Freed in Fire Deaths

Chicago, Dec. 7 (AP) — Lawrence B. Jackson, a suspended high school teacher and owner of a tenement in which seven persons perished in a fire, was acquitted of manslaughter yesterday. Judge Leslie E. Salter in Criminal Court directed the verdict after a defense motion for acquittal and completion of the state's case. Judge Salter referred to a statement by Marion Gregory, 11, who lived in the building, that he set the fire on June 11, 1954, by tossing a lighted cigarette into rubbish. The seven persons died in fourth floor apartments.

Metals such as aluminum, copper and gold, when ground very fine, are used as pigments in paint.

Movie Poll Picks Dean and Jones, Mister Roberts

Hollywood, Dec. 7 (AP) — The late James Dean, emotion-torn hero of "East of Eden," and Jennifer Jones, Eurasian doctor of "Love Is a Many Splendored Thing," have been named the top movie performers of the year by the first audience awards poll.

An estimated 15 million fans also voted "Mister Roberts" the best picture and Peggy Lee (Pete Kelly's Blues) and Tab Hunter (Battlecry and Track of the Cat) the outstanding new personalities.

THE FIRST MASS polling of moviegoers produced results that could have important bearings on the award of Oscars next March. Certainly Dean, and perhaps Miss Jones, loom as top contenders for Hollywood's premier honor, the Academy Award.

It was a touching moment when Grace Kelly announced the award for Dean to the glamorous crowd at the Beverly Hilton last night. There was stunned silence, then applause as the audience realized the loss of the brilliant actor, killed at 24 in a highway crash two months ago.

After his co-star, young Natalie Wood, accepted the award, emcee George Murphy asked the crowd to join in a tribute to the late actor. The great names and lesser lights of Hollywood stood for a moment of silence and there were many wet cheeks among them.

JENNIFER JONES, who won an Oscar for "Song of Bernadette" in 1942, made one of her rare public appearances to accept her award. "I think it's wonderful," she explained as she clutched her golden statute, nicknamed "Audy."

Biggest applause of the evening went to Alec Guiness, versatile British actor making his first appearance here. He gave the award to Peggy Lee and added, "may I take the privilege of a custom we have in my little island? He then kissed the blonde songstress amid happy applause.

Miss Lee, who left her career as a pop singer to play a dipsomaniac in "Pete Kelly's Blues," seemed dazed by the award. Said she: "I just hope when I wake up tomorrow I'll find it really happened."

Bobbysox idol Tab Hunter accepted his award from film veteran Rosalind Russell.

Husband Names Ex-Son-in-Law As Wife Slayer

Waco, Tex., Dec. 7 (AP)—The husband of a wealthy auto bomb victim named his former son-in-law as her slayer in testifying yesterday before what probably is the first murder trial to be televised live.

Harry Weaver, 60, said Harry L. Washburn, 39, was the first suspect he named after "a terrible explosion" killed wealthy Mrs. Helen Harris Weaver, 51, at San Angelo, Tex., last Jan. 19.

"FOR TWO YEARS I've been afraid of him," Weaver said.

A TV camera in the balcony and microphones at the witness stand sent the proceedings over Waco station KWTX-TV.

The courtroom was only about half filled with spectators. It was packed during the opening session, which wasn't televised.

Weaver, a stocky graying man, testified in a quavering voice, about rushing from his mother-in-law's home and seeing "an immense cloud of smoke" hanging over the driveway. His "badly mutilated" wife was slumped in the family car's front seat.

"I THOUGHT she was dead and I didn't touch her, Weaver said. He was asked to repeat his answers so the microphones could pick them up. Washburn, a neatly dressed Houston business man, looked up at the TV camera occasionally as his father-in-law testified.

Couple in Hong Kong

Hong Kong, Dec. 7 (AP)—Another American couple, Louis Henkel and his wife Louise, arrived aboard the steamship Soudan from Communist China today. It was his 69th birthday. Henkel and his 70-year-old wife are en route to join their son Victor at his home in Sandy Hook, Conn. The Henkels looked very fit on their arrival. Henkel has been a trader in hides and skins in China since 1906. Mrs. Henkel is a native of Bremen, Ill.

A telephone truck is a safe truck

You see them every day. In all kinds of weather. On city streets and country lanes. They cover nearly 50,000,000 miles every year. And over the years they've set quite a record of safety.

Why is a telephone truck so safe? Because it is equipped with two very effective "safety devices." One is the man behind the wheel. Skilled, carefully trained, courteous. The other is a slogan, stenciled on the dashboard of his truck, "No job is so important and no service is so urgent—that we cannot take time to drive safely." This slogan is a basic policy of the telephone company. And the men behind the wheels of our cars and trucks live by it. Drive by it. And it is reflected in safe-driving records like these:

- Arthur H. Nelson, Rockland County, 275,000 miles in nearly 28 years—without an accident.
- Charles C. Bartolotta, Buffalo, 260,000 miles in over 30 years—without an accident.
- John H. Eaton, Suffolk County, Long Island, 259,000 miles in over 37 years—without an accident.
- Fred Bauer, Manhattan, 200,000 miles in 32 years—without an accident.

Throughout the State there are many other telephone men who have driven many thousands of miles without an accident. These men—and the policy they drive by—make telephone trucks such safe trucks year in and year out. New York Telephone Company.

Successful Swapping

Fork Union, Va. (AP)—Back in 1933 Walter Melton bought an old car for $5 just to help a friend. He sold parts and peddled the body as junk and wound up with a profit of $20. He has been trading ever since. At last count Melton had 450 automobiles of one sort or another strewn over five acres. They surround his general store. "If you've got something you can't sell," say residents here, "take it to Walt Melton. He'll buy anything."

May Not Go to Point

New York, Dec. 7 (AP)—Colin Kelly 3rd, 15-year-old son of the country's first World War 2 air hero, expressed doubt today—Pearl Harbor Day—that he will accept a West Point appointment and follow in his dad's footsteps. The New York Journal-American reported his reaction after a telephone interview. Young Kelly was recommended for the appointment by President Roosevelt shortly after his father, Capt. Colin Kelly, crashed his plane into a Japanese battleship three days after Pearl Harbor. "My appointment comes through next year," the Journal-American quoted Colin, "but I'm uncertain whether I'll go. I've given a lot of thought to becoming a lawyer, or possibly other professions."

Two Made Bishops

Washington, Dec. 7 (AP)—Two Roman Catholic priests have been named bishops by Pope Pius XII, the apostolic delegate to the United States announced today. The new bishops are the Right Rev. Philip J. JENNIFER JONES, who won an Oscar for "Song of Bernadette" in 1942, made one of her rare public appearances to accept her award. "I think it's wonderful," she explained as she clutched her golden statute, nicknamed "Audy."

Biggest applause of the evening went to Alec Guiness, versatile British actor making his first appearance here. He gave the award to Peggy Lee and added, "may I take the privilege of a custom we have in my little island? He then kissed the blonde songstress amid happy applause.

Miss Lee, who left her career as a pop singer to play a dipsomaniac in "Pete Kelly's Blues," seemed dazed by the award. Said she: "I just hope when I wake up tomorrow I'll find it really happened."

Bobbysox idol Tab Hunter accepted his award from film veteran Rosalind Russell.

Couple in Hong Kong

Hong Kong, Dec. 7 (AP)—Another American couple, Louis Henkel and his wife Louise, arrived aboard the steamship Soudan from Communist China today. It was his 69th birthday. Henkel and his 70-year-old wife are en route to join their son Victor at his home in Sandy Hook, Conn. The Henkels looked very fit on their arrival. Henkel has been a trader in hides and skins in China since 1906. Mrs. Henkel is a native of Bremen, Ill.

Successful Swapping

Fork Union, Va. (AP)—Back in 1933 Walter Melton bought an old car for $5 just to help a friend. He sold parts and peddled the body as junk and wound up with a profit of $20. He has been trading ever since. At last count Melton had 450 automobiles of one sort or another strewn over five acres. They surround his general store. "If you've got something you can't sell," say residents here, "take it to Walt Melton. He'll buy anything."

Husband Names Ex-Son-in-Law As Wife Slayer

Waco, Tex., Dec. 7 (AP)—The husband of a wealthy auto bomb victim named his former son-in-law as her slayer in testifying yesterday before what probably is the first murder trial to be televised live.

Harry Weaver, 60, said Harry L. Washburn, 39, was the first suspect he named after "a terrible explosion" killed wealthy Mrs. Helen Harris Weaver, 51, at San Angelo, Tex., last Jan. 19.

"FOR TWO YEARS I've been afraid of him," Weaver said.

A TV camera in the balcony and microphones at the witness stand sent the proceedings over Waco station KWTX-TV.

The courtroom was only about half filled with spectators. It was packed during the opening session, which wasn't televised.

Weaver, a stocky graying man, testified in a quavering voice, about rushing from his mother-in-law's home and seeing "an immense cloud of smoke" hanging over the driveway. His "badly mutilated" wife was slumped in the family car's front seat.

"I THOUGHT she was dead and I didn't touch her, Weaver said. He was asked to repeat his answers so the microphones could pick them up. Washburn, a neatly dressed Houston business man, looked up at the TV camera occasionally as his father-in-law testified.

May Not Go to Point

New York, Dec. 7 (AP)—Colin Kelly 3rd, 15-year-old son of the country's first World War 2 air hero, expressed doubt today —Pearl Harbor Day—that he will accept a West Point appointment and follow in his dad's footsteps. The New York Journal-American reported his reaction after a telephone interview. Young Kelly was recommended for the appointment by President Roosevelt shortly after his father, Capt. Colin Kelly, crashed his plane into a Japanese battleship three days after Pearl Harbor. "My appointment comes through next year," the Journal-American quoted Colin, "but I'm uncertain whether I'll go. I've given a lot of thought to becoming a lawyer, or possibly other professions."

Two Made Bishops

Washington, Dec. 7 (AP)—Two Roman Catholic priests have been named bishops by Pope Pius XII, the apostolic delegate to the United States announced today. The new bishops are the Right Rev. Philip J. Furlong, 63, pastor of St. Thomas More Church, New York city, and the Very Rev. Stephen A. Leven, 50, pastor of St. Francis Xavier Church, Enid, Okla.

A telephone truck is a safe truck

You see them every day. In all kinds of weather. On city streets and country lanes. They cover nearly 50,000,000 miles every year. And over the years they've set quite a record of safety.

Why is a telephone truck so safe? Because it is equipped with two very effective "safety devices." One is the man behind the wheel. Skilled, carefully trained, courteous. The other is a slogan, stenciled on the dashboard of his truck, "No job is so important and no service is so urgent — that we cannot take time to drive safely." This slogan is a basic policy of the telephone company. And the men behind the wheels of our cars and trucks live by it. Drive by it. And it is reflected in safe-driving records like these:

- Arthur H. Nelson, Rockland County, 275,000 miles in nearly 28 years—without an accident.
- Charles C. Bartolotta, Buffalo, 260,000 miles in over 30 years—without an accident.
- John H. Eaton, Suffolk County, Long Island, 259,000 miles in over 37 years —without an accident.
- Fred Bauer, Manhattan, 200,000 miles in 32 years—without an accident.

Throughout the State there are many other telephone men who have driven many thousands of miles without an accident. These men — and the policy they drive by — make telephone trucks such safe trucks year in and year out. New York Telephone Company.

Guided Missiles Given Priority, Newspaper Says

New York, Dec. 7 (AP) — The New York Times said today the army has ordered top priority for guided missile production.

A Washington dispatch to the newspaper reported that Maj. Gen. John Bruce Medaris, assistant chief of the ordnance corps, has been ordered to install himself at Redstone Arsenal, Huntsville, Ala., for the specialized role of expediting the development and production of the push-button artillery.

THE ARMY confirmed Medaris's reassignment following publication Friday of a story in the Birmingham (Ala.) Post-Herald.

The Post-Herald had reported that the Redstone Arsenal may become "the center of guided missile development for the army, navy and air force in the near future."

The Birmingham newspaper said the reassignment of Medaris was one sign of the development planned for Redstone.

THE TIMES said Medaris, who is serving in Washington as chief of the ordnance corps industrial division as well as assistant chief of the corps, will start his new job early in February.

The story also said:

"Great impetus has been given to the army guided missile program by the Redstone, a highly secret supersonic guided missile named for the arsenal. It was produced there by a colony of more than 100 former German rocket and missile experts."

TO HELP YOUTH ALIYAH DRIVE—Members of Coach House Players will present a one-act play, "Overtones," December 12 to aid the Youth Aliyah campaign. Featured in the cast will be (l-r) Miss Eleanor Cohen, Mrs. John Levy, Mrs. William Engelen and Miss Pattie Beere. (Freeman photo)

Crocheting Classes Offered by YW Group

At the December 1 meeting of the Junior Marrieds held at the YWCA, members were so interested in the knitted and crocheted articles put on display by Mrs. Marion Fatum and Mrs. Peggy Taylor of the Idle Hour Yarn Shop, that they are planning to offer classes in knitting and crocheting some time in January. Instructions will be given by Mrs. Fatum and Mrs. Taylor.

The articles displayed included stoles, mittens, scarfs and hats.

Also at the meeting, Mrs. Lois Sargeant demonstrated the art of making copper enamel costume jewelry, using ground glass powder on different shaped pieces of copper and then making them into pins and earrings.

A Christmas party is planned for the December 15 meeting at which time the Wassaic Colony girls will be entertained by the club.

Hostesses include the Mmes. Robert McSpirit, Thomas Maines, Chris Perry, Donald Piehl, John Rowland and Richard McCormick.

B'nai B'rith Women

B'nai B'rith Women's Group will meet Thursday at 8 p. m. at the Jewish Community Center. The program will include a panel discussion, joined by the men's group, on juvenile delinquency. Members are requested to donate small gifts for the Kingston Infirmary. They are also asked to bring worn linens and torn stockings.

Wimpy's Minstrel Set for Thursday; Proceeds for Party

A minstrel show for the benefit of a Christmas party for the children of the Sixth Ward will be presented by the women of Wimpy's Monday Night Club at the Recreation Center, 97 Broadway, Thursday at 8 p. m.

In addition to the minstrel show, pupils from two dancing schools in the city will perform.

Reception for Youth Aliyah to Be Given

Coach House Players will present a one-act play entitled, "Overtones," by Alice Gertsenberg, on Monday, Dec. 12, at 8 p. m. at the Governor Clinton Hotel. The comedy-drama, directed by Fran Matteson, will be the highlight of Hadassah's Annual Youth Aliyah Reception.

Members of cast include, Kay Levy, Harriet Engelen, Eleanor Cohen, and Patricia Beere.

Anyone who contributes to Youth Alilyah during the present drive, members and nonmembers alike, may attend this reception. Contributions may be made at the door. Those contributing play a part in the vital rescue and rehabilitation work for children of Europe, the Middle East, and Israel. Over 70,000 children have been rescued and helped by this Youth Aliyah program. It is a great humanitarian work bringing new hope where there was no hope.

Mrs. Benjamin Suskind and Mrs. I. Werbalowsky are cohostesses of the reception and inform us that refreshment preparations are already in full swing.

St. Mary's Rosary Society Elects New Officers for '56

Mrs. Walter W. Phillips was elected president of St. Mary's Rosary Society for the next two years at a meeting held Monday evening in the school hall.

Other officers elected are Mrs. William Zates, vice president, Mrs. Edmund Netter, secretary and Mrs. Vincent Bradley, treasurer.

Final plans for the Christmas dinner to be held at the Casablanca on December 13 were made at the meeting. Mrs. Charles Ahl, chairlady, requests all members who expect to attend to make reservations early.

West Hurley Church

The regular meeting of the Altar and Rosary Societies of St. John's Church, West Hurley, will be held today at 8 p. m. at the home of Mrs. Mulvaney, Library Lane, Woodstock. All ladies of the parish are invited.

HOW MANY PRESENTS?

A reader tells me: "My husband and I were godparents the beginning of this year for the son of friends of ours. We have been invited to spend Christmas day at their house. I had planned on taking a very nice present to our godchild. These friends, however, have two other young children and my husband thinks that presents should be taken to them as well. He says it would be very wrong to give a present to one and ignore the others. I would very much like to know if you think three presents are necessary."

While not necessary to give three presents, I think one real present for your godchild and two trifling remembrances to the other children to show that they have not been forgotten, would be best.

Announcing Second Engagement

Dear Mrs. Post: Our daughter announced her engagement to a young man two years ago. Several months later the engagement was broken by mutual consent. Now our daughter plans to become engaged again and I am wondering just how to announce this second engagement. We are having a small dinner party to celebrate the occasion. Shall we go ahead and announce it in the newspaper again? As we are long-time residents of this town the first engagement was given prominent notice. What is best taste in a situation of this kind?

Answer: Avoid any mention of her previous engagement and merely announce it as though it were a first engagement — Mr. and Mrs. John Jones announce the engagement of their daughter Mary to ..... etc.

Signing Club Voucher

Dear Mrs. Post: I would appreciate your help on a point of etiquette that has been bothering me for some time. What is the proper way to sign a club chit or a hotel chit if one is married. Should it be signed Mrs. John Smith or Mary Smith?

Answer: A hotel chit should be signed Mrs. John Smith. A member of a club would sign Mary Smith or even M. Smith.

Parking Fees, Rising, Too

Detroit (AP)—Higher taxes, increased wages and bigger cars have resulted in a boost of parking lot fees in downtown Detroit. William H. Coy, general manager of the Detroit Parking Assn., says increased parking fees are in effect at about 40 per cent of downtown lots. Increased tax assessments have contributed to the rise, Coy says, and "newer, wider and much longer automobiles have cut the capacity of lots by a tremendous amount."

Christmas Booth Opened at Junior League Exchange

It was announced today that the Christmas booth at the Junior League Exchange on 45 Crown street is open and features many Christmas articles for gift giving.

Items such as ceramics, jewelry, ash trays, dishes, felt Christmas stockings, knitted caps and mittens, baby articles, baked goods and household articles are available.

All articles for the booth have been consigned by members of the Exchange. Anyone may join by paying the yearly dues.

Each league member also donated a toy for resale at the Christmas booth.

All proceeds derived are used for community projects such as aiding the local welfare agencies, hospitals, sanitoriums and the Exchange Loan Closet.

The Exchange is open six days a week, Monday through Saturday from 10 a. m. to 4 p. m.

Decorations were supervised by Mrs. Howard St. John and the sales promotion committee consisted of Mmes. James Quinn, chairman, Eugene Berardi, John Kerns, Henry Haltermann and John Van Gonsic.

The public is cordially invited to stop in and see the beautiful articles on display.

GUILD CRAFT TAKES FESTIVE SPIRIT—This is a section of the Woodstock Guild of Craftsmen shop now open for pre-holiday business. (Freeman photo)

Story May Be Hoax

Cleveland, Dec. 7 (AP)—A frail 17-year-old boy's story of being made into a human torch by three youths who chained him to a tree may be a hoax, Detective David E. Kerr said today. There were so many discrepancies in the boy's account that further investigation may show the three youths existed only in his imagination, said Kerr, who is head of the police department's homicide bureau. Earl R. Fryman, suffering second and third degree burns over about 85 per cent of his body, was in poor condition today in a hospital.

Philadelphia, Dec. 6 (AP)—A low cost industrial television system in which photographs, signatures and printed matter are transmitted over ordinary telephone lines has been demonstrated here. The demonstration yesterday was put on jointly by the Bell Telephone Co. of Pennsylvania and the developer of the system, Dage Television Division, Thompson Products, Inc., of Michigan City, Ind. Officials and engineers of the telephone company and newspaper men witnessed the demonstration. Telephone engineers said the service, also known as slow-scan television, will be a boon to business and industry, especially banks, for almost instant verification of signatures, pictures, printed or written material. It will be placed in use on an experimental basis for the first time in offices of the Philadelphia National Bank Dec. 14. The new system is called data-vision.

Old Dutch Church Choir Will Present Handel's 'Messiah' on Sunday, Dec. 11

MILDRED G. BOND

JOHN A. McCULLOUGH

The inspiring performance of George Frederick Handel's oratorio, the "Messiah," will be heard at the Old Dutch Church on December 11 at 4 p. m. and will be sung by the Old Dutch Church choir. The choir will be under the direction of Mrs. Willard Burke and Mrs. Clarence Beehler will be at the organ.

It was erroneously reported in yesterday's Freeman that the Mendelssohn Club would sing the "Messiah" at Sunday's performance. The Mendelssohn Club is not connected with this presentation.

Mrs. Mildred Gangwer Bond, soprano, will be one of the featured soloists. A native of Pennsylvania, Mrs. Bond is now a resident of New Paltz. She studied with Alexander Crawford, well-known teacher and coach in the Harrisburg, Pa., area and is a graduate of Lebanon Valley College with a BS in Music Education.

Mrs. Bond has taught vocal music on the grade school level in Pennsylvania and New Jersey and is at present the kindergarten and vocal music teacher in the Tillson Elementary School and director of the school glee club.

Mrs. Bond is the soprano soloist and director of the choir at St. Andrew's Episcopal Church in New Paltz. She made recent appearances in the oratorios, "Elijah," and "Judas Maccabeus," with the college-community chorus of State Teachers College in New Paltz. Mrs. Bond is the wife of Dr. George W. Bond, reading specialist and professor in the division of education, State Unversity of New York, Teachers College, New Paltz, and has three children, Carol, George and William.

Another featured soloist will be John A. McCullough, tenor. Mr. McCullough was born in Kingston and educated in the Kingston schools and Rensselaer Polytechnic Institute at Troy and is now a practicing architect in Kingston.

While at Rensselaer, Mr. McCullough sang with the RPI glee club and was a member of the original quartet group known as the "Four Horsemen," which has perpetuated itself at the college each year since 1939. Also, while at Rensselaer, he was tenor soloist in the First Presbyterian Church of Troy and did radio work over station WTRY.

Locally he is a member of the quartet at the Rondout Presbyterian Church, and is active in the Mendelssohn Club of Kingston, of which he is past president.

He has appeared as soloist in many of the presentations of the former Oratorio Society of Kingston, and has been heard as soloist in the Messiah, The Crucifixion, The Seven Last Words and other oratories and cantatas, in Kingston as well as other cities of the Hudson valley.

He has been guest soloist with the Catskill Glee Club in many of their concerts, and this past summer was soloist with the Yankee Male Chorus, a group of men from the Hudson Valley and Connecticut who gave a number of concerts in New England.

Mr. McCullough is a vocal student of Leonard Stine, music supervisor of the Kingston Schools.

Home Bureau

The regular monthly meeting of the Kingston Day unit will be held Thursday at 1:30 p. m., at the 410 Broadway rooms. Executive meeting at 1 p. m.

Following a short business meeting, the annual Christmas party will be held. Mrs. Vernon Kelley will be in charge of the entertainment.

Each member is requested to bring a small inexpensive gift, which will be exchanged.

Refreshments will be served and all ladies of the community are welcome.

OLIVE HOME BUREAU UNIT of Shokan will hold a Christmas party at Leherb's Thursday. The next work meeting will be held at 10 a. m., on Tuesday, Dec. 13 at the Olive library in West Shokan. Members will work on Christmas greens.

All friends and neighbors are welcome at this meeting.

Approximately 70 people attended the two district county-wide meetings on Holiday Breads sponsored by the Home Demonstration Department of the Ulster County Extension Service Association. Mrs. Sam Kenik of Kingston demonstrated the making of stollen and Hungarian coffee cake. Mrs. Michael Domanic of Highland demonstrated the making of walnut horns. The walnut horns recipe is a Czechoslovakian one and has been in Mrs. Domanic's family for many generations. The first section was held in Saugerties, at the Saugerties Methodist Church and the second section was held in Ellenville, at the Ellenville Methodist Church. As well as demonstrating the making of the breads Mrs. Kenik and Mrs. Domanic told how the breads were served in other countries and a little bit about their origin. Those present had an opportunity to tell about Holiday breads that they had made and how they were served.

The Bloomingdale Home Bureau will meet Tuesday, Dec. 13, in the Bloomingdale Reformed Church. In the morning, Mrs. Don and Mrs. Bordenstein will give a lesson on Christmas decorations. Members are asked to bring greens, an apple, a candle and a stryfoam star.

At 12 noon there will be a pot luck luncheon followed by a Christmas party. There will be an exchange of Christmas gifts.

Fine for TV

Mattoon, Ill. (AP)—Robert D. McCool, 18, was cooled with a $76 fine in Mattoon police court after he had: Pulled loose the television wires from Paul Gibson's set. Showered Gibson with eggs.

Committee to Study P-TA Affiliation Of School 8 Group

Lester Hotaling was selected chairman of an executive committee during a meeting Tuesday night of parents of school children of School No. 8 and residents of District No. 8, town of Ulster.

Named with Mr. Hotaling were Mrs. Harry Wilber of Sunset Park and Ted Musialkoewicz with the cooperation of Principal William Reardon. Two teachers from School 8 also will be named to the group.

Approximately 100 persons were on hand to voice their opinions as to where the affiliation should be and it was decided that for the remainder of the school year that two or more meetings will be held at School 8 in Kingston.

Christmas candy for children of School 8 was discussed and a voluntary contribution was accepted, amounting to $35.70. Candy also will be distributed to the kindergarten children of the Chambers Union Free School of District No. 8.

Edward Dingeldey, president of the board of education of the Chambers Union Free School, said that all of the board of education meetings were open to the public of District No. 8 and that the first Thursday in March the public will be invited to inspect the type of furniture that will be purchased for the new school. The board holds its meetings the first Thursday of each month.

Refreshments and a visitation period followed the business meeting.

Old Dutch Church Choir Will Present Handel's 'Messiah' on Sunday, Dec. 11

MILDRED G. BOND

JOHN A. McCULLOUGH

The inspiring performance of George Frederick Handel's oratorio, the "Messiah," will be heard at the Old Dutch Church on December 11 at 4 p. m. and will be sung by the Old Dutch Church choir. The choir will be under the direction of Mrs. Willard Burke and Mrs. Clarence Beehler will be at the organ.

It was erroneously reported in yesterday's Freeman that the Mendelssohn Club would sing the "Messiah" at Sunday's performance. The Mendelssohn Club is not connected with this presentation.

Mrs. Mildred Gangwer Bond, soprano, will be one of the featured soloists. A native of Pennsylvania, Mrs. Bond is now a resident of New Paltz. She studied with Alexander Crawford, well-known teacher and coach in the Harrisburg, Pa., area and is a graduate of Lebanon Valley College with a BS in Music Education.

Mrs. Bond has taught vocal music on the grade school level in Pennsylvania and New Jersey and is at present the kindergarten and vocal music teacher in the Tillson Elementary School and director of the school glee club.

Mrs. Bond is the soprano soloist and director of the choir at St. Andrew's Episcopal Church in New Paltz. She made recent appearances in the oratorios, "Elijah," and "Judas Maccabeus," with the college-community chorus of State Teachers College in New Paltz. Mrs. Bond is the wife of Dr. George W. Bond, reading specialist and professor in the division of education, State Unversity of New York, Teachers College, New Paltz, and has three children, Carol, George and William.

Another featured soloist will be John A. McCullough, tenor. Mr. McCullough was born in Kingston and educated in the Kingston schools and Rensselaer Polytechnic Institute at Troy and is now a practicing architect in Kingston.

While at Rensselaer, Mr. McCullough sang with the RPI glee club and was a member of the original quartet group known as the "Four Horsemen," which has perpetuated itself at the college each year since 1939. Also, while at Rensselaer, he was tenor soloist in the First Presbyterian Church of Troy and did radio work over station WTRY.

Locally he is a member of the quartet at the Rondout Presbyterian Church, and is active in the Mendelssohn Club of Kingston, of which he is past president.

He has appeared as soloist in many of the presentations of the former Oratorio Society of Kingston, and has been heard as soloist in the Messiah, The Crucifixion, The Seven Last Words and other oratories and cantatas, in Kingston as well as other cities of the Hudson valley.

He has been guest soloist with the Catskill Glee Club in many of their concerts, and this past summer was soloist with the Yankee Male Chorus, a group of men from the Hudson Valley and Connecticut who gave a number of concerts in New England.

Mr. McCullough is a vocal student of Leonard Stine, music supervisor of the Kingston Schools.

Home Bureau

The regular monthly meeting of the Kingston Day unit will be held Thursday at 1:30 p. m., at the 410 Broadway rooms. Executive meeting at 1 p. m.

Following a short business meeting, the annual Christmas party will be held. Mrs. Vernon Kelley will be in charge of the entertainment.

Each member is requested to bring a small inexpensive gift, which will be exchanged.

Refreshments will be served and all ladies of the community are welcome.

OLIVE HOME BUREAU UNIT of Shokan will hold a Christmas party at Leherb's Thursday. The next work meeting will be held at 10 a. m., on Tuesday, Dec. 13 at the Olive library in West Shokan. Members will work on Christmas greens.

All friends and neighbors are welcome at this meeting.

Approximately 70 people attended the two district county-wide meetings on Holiday Breads sponsored by the Home Demonstration Department of the Ulster County Extension Service Association. Mrs. Sam Kenik of Kingston demonstrated the making of stollen and Hungarian coffee cake. Mrs. Michael Domanic of Highland demonstrated the making of walnut horns. The walnut horns recipe is a Czechoslovakian one and has been in Mrs. Domanic's family for many generations. The first section was held in Saugerties, at the Saugerties Methodist Church and the second section was held in Ellenville, at the Ellenville Methodist Church. As well as demonstrating the making of the breads Mrs. Kenik and Mrs. Domanic told how the breads were served in other countries and a little bit about their origin. Those present had an opportunity to tell about Holiday breads that they had made and how they were served.

The Bloomingdale Home Bureau will meet Tuesday, Dec. 13, in the Bloomingdale Reformed Church. In the morning, Mrs. Don and Mrs. Bordenstein will give a lesson on Christmas decorations. Members are asked to bring greens, an apple, a candle and a stryfoam star.

At 12 noon there will be a pot luck luncheon followed by a Christmas party. There will be an exchange of Christmas gifts.

Committee to Study P-TA Affiliation Of School 8 Group

Lester Hotaling was selected chairman of an executive committee during a meeting Tuesday night of parents of school children of School No. 8 and residents of District No. 8, town of Ulster.

Named with Mr. Hotaling were Mrs. Harry Wilber of Sunset Park and Ted Musialkoewicz with the cooperation of Principal William Reardon. Two teachers from School 8 also will be named to the group.

Approximately 100 persons were on hand to voice their opinions as to where the affiliation should be and it was decided that for the remainder of the school year that two or more meetings will be held at School 8 in Kingston.

Christmas candy for children of School 8 was discussed and a voluntary contribution was accepted, amounting to $35.70. Candy also will be distributed to the kindergarten children of the Chambers Union Free School of District No. 8.

Edward Dingeldey, president of the board of education of the Chambers Union Free School, said that all of the board of education meetings were open to the public of District No. 8 and that the first Thursday in March the public will be invited to inspect the type of furniture that will be purchased for the new school. The board holds its meetings the first Thursday of each month.

Refreshments and a visitation period followed the business meeting.

A motorcycle policeman was about to write up a ticket charging a motorist with speeding, when a woman in the back seat who could restrain herself no longer, began this tirade:

Woman—There! Didn't I tell you to watch out? But you kept right on speeding all morning, getting out of line, not blowing your horn, passing stop streets, and everything else. Didn't I tell you you'd get caught? Didn't I? Didn't I?

Officer—Who is this woman? (With pencil poised).

Driver (grimly)—My wife.

Officer (tearing up ticket pityingly)—Drive on—and may the Lord have mercy on you!

The next day she attended church for the first time, and was tired out before the lengthy service ended. At bedtime she talked over with her mother her first visit to the Lord's house.

Margaret — Mother. does the Lord expect us to call at his house every Sunday?

Mother—Yes, Margaret, every Sunday.

Margaret—Well, mother some Sundays mightn't we just leave cards?

High School Routs Hudson in Basketball Opener, 83-63

Bob Smith, Grimaldi Strong Top Scorers

Kingston High's newest edition of Maroon basketball warriors successfully negotiated their first 1955-56 hurdle last night with an impressive 83-63 victory over Hudson High at the Kate Walton field house.

It was a typical opening night game, ragged in spots, but the virtues exceeded the sins and gave hope that the Maroons will have a fair to middling season under their new coach.

Led by Richie Strong, Bobby Smith and Tony Grimaldi, the Maroons fortuitously were able to contain Hudson's big gun—Gunnars Vilsinkis—through the first half.

As everybody expected, Vilsinkis led both teams with 26 points, but he gleaned only eight in the first half, six straight from the foul line. He came alive for 18 after the recess but by that time the Gilligans had the game under control.

SMITH RACKED up 23 points and was playing beautifully in the first half until he ran into an unlucky third personal. Smith moved like a polished veteran.

Rich Strong, the team's big man, showed vast improvement around the boards and meshed 17 points, mostly on tipins and layups. He is gaining poise and could be a big man before the season is over.

Tony Grimaldi was a steady performer through four quarters to wind up with 15 points. Long played his usual dogged game. All in all a fair first night cast it was.

TOM FLEMMING wasn't as sharp as expected but the senior forward is a tried and tested veteran who will get his points.

If the team revealed any weaknesses they were not serious ones.

1. They didn't retreat fast enough to defensive positions after yielding the ball under their own boards.

2. The pass work will have to be sharpened. The boys looked a bit sluggish on their triangle and other passing patterns. But practice should eliminate those kinks.

STRONG'S FOUR baskets from close under set the pace as Kingston went ahead 19-15 at the quarter mark. Smith picked up the baton in the second period with eight points as Hudson was limited to a pair of baskets for a 39-29 margin at the half.

Two fast shots by Flemming and Smith's layup ran the Kingston margin to 45-29 in opening moments of the third quarter. Vilsinkis began to find the range for Hudson with 10 points.

MEL WILLIAMS' long set shot at the buzzer for the third quarter set the Kingston lead at 54-43.

Smith's driving layup and Grimaldi's jump shot sandwiched a one-hander by Vilsinkis to make it 58-45. Grimaldi and Smith repeated their one-two punch and Williams dribbled through for a layup and Strong tapped in a rebounder to widen the gap to 66-47 at the 4:39.

The Maroon reserves came tumbling off the bench en masse but the Kingston attack continued unabated. The locals were still going away at the finish.

The first DUSO test is scheduled Friday at Liberty High.

Saugerties Blasts Marlboro in UCAL 78-49

Hansen, Hanna Score 16 Apiece In Loop Opener

Erceg Drops Shot Length of Court

Saugerties High, the defending Ulster County Athletic League basketball champions, gave their answer to the rest of the conference yesterday at the Saugerties gym.

In command of the game all the way, Coach Buddy Smith's Sawyers trounced Marlboro Central, 78-49. The final margin was the widest Saugerties has scored over the southern Ulster basketeers in UCAL history.

Four players hit in double figures and Bob Hansen and Bill Hanna came up with 16 apiece as Saugerties broke the game open as early as the first period when the first quarter ended 24-11.

THE SAWYERS showed remarkable shooting form from the field hitting on better than 50 per cent of their shots for 37 baskets. All but four of the Saugerties tallies came from the field.

The shooting feature was a long set shot by Jim Erceg at the buzzer ending the half. The basket travelled nearly the length of the court.

BY HALFTIME the Sawyers were winging away 42-20 and although Coach Smith used his subs after the recess there was no diminution of the Saugerties power.

Joe Martin and Joe Kerin dunked 10 points apiece for the winners and 10 of the 11 Sawyers crashed the scoring column.

Veteran Rich Collins was the Marlboro stickout with 18 points. Charlie Mandia rimmed 12 and Bob Paltridge had 10.

Baker Tabbed 8-5 Over Valdes

Cleveland, Dec. 7 (AP)—Pittsburgh's Bob Baker is an 8-5 favorite to beat Cuba's Nino Valdes in their 10-round bout at the Cleveland Arena tonight and gain a shot at Rocky Marciano's heavyweight title next June.

Baker, winner of his last 13 fights and the second ranked heavyweight contender, was a 2½ to 1 choice last week, but the third ranked Valdes has looked sharp in his drills here.

The Pittsburgh clouter won a decision over Valdes when they met in Huntington, W.Va., two years ago.

Their bout tonight, feature attraction on the Clevland News' Toyshop Fund boxing card, will be televised at 10 p. m., EST.

Almost a No-Hitter

Magley Pounds 694 Series in Jr. Major

Cracks Games of 246, 265 and 183

George "No-Hit" Magley came close to a coveted "700" series with a magnificent 694 slam in the Junior Major League.

The City Baseball League pitching ace racked up 511 in his first two games Monday night on slams of 246 and 265. That left him only 189 away from the first 700 of his career.

But toiling under pressure the best the bespectacled flinger could do was 183 in the third game. So he took the 694 for a career high and seasonal mark in the Junior Major.

MILT COLE rolled 236-575, Willie Wilkins 516, Jim Noble 523, Jake Croswell 548, Ernie Bartroff 530, Art Lansperry 541, Ed J. Esposito 542, Robert Weishaupt 522, Paul Khederian 527, Ken Schupp 511.

Phil Sinagra shot 476, E. Every 464, Tom Orr 485, Dick Waltman 495, Jim Peterson 486, John Brady 469, Stan Warren 476, J. Esposito 468, C. Canzoneri 469, Robert Stenson 471, J. Weishaupt 485, Matty Weishaupt 484, Fred Buchanan 479, Warren Wood 483, Rod Phillips 456, Frank Turck 480.

Team results:

A Young Boy Is Happy

Jayvees Win Opener From Hudson 55-53

Shots by Ruffner, Uhl Decide Thriller

George Uhl sank a driving layup shot on a set play in the last six seconds to give Coach Bill Hurley's KHS Jayvees a thrilling 55-53 victory over the Hudson High yearlings in last night's preliminary at the Kate Walton field house.

And George was a mighty happy boy it came about that way.

JUST MOMENTS before at the 1:00 mark he had missed two foul shots which would have broken a 51-51 deadlock set up by Bruce Ruffner's foul shot.

Ruffner, son of the well known radio and TV personality, hit with a jump shot to send Kingston ahead 53-51 with 20 seconds remaining. It was here that Uhl fouled Hawver and the latter calmly canned both to make it 53-53 with only six seconds remaining.

COACH BILL Hurley called time, mapped out a set play for his charges and it clicked beautifully with three players handling the ball and Uhl going under almost unmolested to sink the winning deuce.

Uhl emerged as high scorer for the night with 23 points. Conine dunked 16 for the losers. Williams (9), Sangaline (7) and Ruffner (6) helped the Kingston cause.

It was a tight game all the way after Hudson had reduced a KHS lead from 19-9 at the quarter to 25-22 at the midway point.

High School Routs Hudson in Basketball Opener, 83-63

Bob Smith, Grimaldi Strong Top Scorers

Kingston High's newest edition of Maroon basketball warriors successfully negotiated their first 1955-56 hurdle last night with an impressive 83-63 victory over Hudson High at the Kate Walton field house.

It was a typical opening night game, ragged in spots, but the virtues exceeded the sins and gave hope that the Maroons will have a fair to middling season under their new coach.

Led by Richie Strong, Bobby Smith and Tony Grimaldi, the Maroons fortuitously were able to contain Hudson's big gun—Gunnars Vilsinkis—through the first half.

As everybody expected, Vilsinkis led both teams with 26 points, but he gleaned only eight in the first half, six straight from the foul line. He came alive for 18 after the recess but by that time the Gilligans had the game under control.

SMITH RACKED up 23 points and was playing beautifully in the first half until he ran into an unlucky third personal. Smith moved like a polished veteran.

Rich Strong, the team's big man, showed vast improvement around the boards and meshed 17 points, mostly on tipins and layups. He is gaining poise and could be a big man before the season is over.

Tony Grimaldi was a steady performer through four quarters to wind up with 15 points. Long played his usual dogged game. All in all a fair first night cast it was.

TOM FLEMMING wasn't as sharp as expected but the senior forward is a tried and tested veteran who will get his points.

If the team revealed any weaknesses they were not serious ones.

1. They didn't retreat fast enough to defensive positions after yielding the ball under their own boards.

2. The pass work will have to be sharpened. The boys looked a bit sluggish on their triangle and other passing patterns. But practice should eliminate those kinks.

STRONG'S FOUR baskets from close under set the pace as Kingston went ahead 19-15 at the quarter mark. Smith picked up the baton in the second period with eight points as Hudson was limited to a pair of baskets for a 39-29 margin at the half.

Two fast shots by Flemming and Smith's layup ran the Kingston margin to 45-29 in opening moments of the third quarter. Vilsinkis began to find the range for Hudson with 10 points.

MEL WILLIAMS' long set shot at the buzzer for the third quarter set the Kingston lead at 54-43.

Smith's driving layup and Grimaldi's jump shot sandwiched a one-hander by Vilsinkis to make it 58-45. Grimaldi and Smith repeated their one-two punch and Williams dribbled through for a layup and Strong tapped in a rebounder to widen the gap to 66-47 at the 4:39.

The Maroon reserves came tumbling off the bench en masse but the Kingston attack continued unabated. The locals were still going away at the finish.

The first DUSO test is scheduled Friday at Liberty High.

A Young Boy Is Happy

Jayvees Win Opener From Hudson 55-53

Shots by Ruffner, Uhl Decide Thriller

George Uhl sank a driving layup shot on a set play in the last six seconds to give Coach Bill Hurley's KHS Jayvees a thrilling 55-53 victory over the Hudson High yearlings in last night's preliminary at the Kate Walton field house.

And George was a mighty happy boy it came about that way.

JUST MOMENTS before at the 1:00 mark he had missed two foul shots which would have broken a 51-51 deadlock set up by Bruce Ruffner's foul shot.

Ruffner, son of the well known radio and TV personality, hit with a jump shot to send Kingston ahead 53-51 with 20 seconds remaining. It was here that Uhl fouled Hawver and the latter calmly canned both to make it 53-53 with only six seconds remaining.

COACH BILL Hurley called time, mapped out a set play for his charges and it clicked beautifully with three players handling the ball and Uhl going under almost unmolested to sink the winning deuce.

Uhl emerged as high scorer for the night with 23 points. Conine dunked 16 for the losers. Williams (9), Sangaline (7) and Ruffner (6) helped the Kingston cause.

It was a tight game all the way after Hudson had reduced a KHS lead from 19-9 at the quarter to 25-22 at the midway point.

Mustion's Jump In Final Seconds Decides Thriller

Gates, Stockin, Mustion Hit 13

Johnny Mustion's jump shot in the last five seconds gave Kerhonkson High a thrilling 60-58 win over Fallsburgh Central of the DUSO League last night.

Coach Chick Meehan's cagers dominated the contest through the early going (18-17 and 33-31) and picked up a 14-8 edge in the third quarter.

The DUSO basketeers made their big bid in the final quarter, outscoring the winners, 19-13 and finally tying the score at 58-58 on Fedun's deuce.

MUSTION MOVED into range on the next sequence to bring the game to a sensational climax.

Number 13 proved lucky for Kerhonkson as three of its performers—Mustion, Tom Gates and Art Stockin—rimmed 13 points apiece.

Fundling and Altman with 10 and Fedun with 13 were the Fallsburgh players in double figures.

Kerhonkson plays at Wallkill in a UCAL contest Friday.

Northeastern Sportswriters and Sportcasters Asssociation members have voiced enthusiasm about something that probably will never materialize—an 8-team Class A basketball conference in southeastern New York state.

The teams would be Mont Pleasant and Nott Terrace of Schenectady; Troy, Kingston, Newburgh, Middletown, Amsterdam and Albany High.

With the Thruway operating, traveling problems would be nil for such a circuit. The primary obstacle would be the obvious reticence of the state ruling body to dismantle two Sections—9 and 2—in order to create such a league.

But the boys can dream can't them?

• Flotsam and Jetsam:

Charlie Johnson, the fabulous Poughkeepsie High School gridder, has been nominated for two standout awards—the New York State Junior Chamber of Commerce poll and the Wigwam Wisemen of Oklahoma City—originators of the National High School All-America football team. . . . Neil Johnston, the Philadelphia Warrior ace, who started at a $3,500 salary four years ago, is now close to the $14,000 mark. . . . The largest craft to be displayed at the National Motor Boat Show in two decades—a 61-foot luxury promenade deck motor cruiser—will be the "Queen" of the 1956 edition of that exposition at New York's Kingbridge Armory in January 13-22, 1956. . . . Reports on snow conditions at New York state's ski centers will be issued daily except Sunday, starting Thursday, the State Commerce Department has announced. The ski bulletins will be handled by the New York State Department of Commerce to promote winter recreational travel in the state.

• Of Men and Mice:

If you were surprised that Notre Dame's Paul Hornung didn't make the Associated Press All-America, ex-Irish coach Frank Leahy didn't name him to the all-star array he selected for TV Guide. . . . Newburgh Academy's football squad is feted annually, win, lose or draw. Poughkeepsie take note . . . Section 9 Athletic Council's annual dinner set Dec. 14 at Newburgh. . . . Gail Arnold, Woodstock sports car expert, will direct the second annual Windham Sports Car Rally next June. . . . The rally held for the first time this year was a huge success. Officer "Clancy" Snyder is giving printed directions to the Catskill Game Farm to all Woodstock hunters who failed to bag a deer this season. . . . Otisville's Dick Wilbur, a standout in Andy Murphy's Kingston tournament last spring, has made the Manhattan College basketball varsity.

Ray Lawrence, KHS All-DUSO basketeer of 1954-55 is a member of the frosh squad at Cortland State Teachers where Leo Elwell, ex-Poughkeepsie High, is a member of the varsity. . . . Harry Grayson, an astute boxing observer, put it this way: It's time Floyd Patterson moved. If he's so good, why does he have to fight the likes of Jimmy Slade. Or is the mob trying to embarrass the former Olympic champion who is generally regarded as Rocky Marciano's successor. Tonight's Nino Valdes-Bob Baker bout in Cleveland will impress upon you how pitifully poor is the heavyweight division once you get past The Rock. . . . After Howard Cassady has paced Ohio State to a crushing victory over Indiana, the Hoosier coach, Bernie Crimmins congratulated the famous All-America and said: "Boy, am I glad to see you gone'."

Harp Continues Scoring Spree With 31 Points

Runs Three-Game Total to 98

Ellenville High's DUSO League contenders rolled over New Paltz Central, 68-53, last night but the game wasn't as one sided as the final score might indicate.

Far from it. Trailing 36-15 at the half, Coach Larry Johnson's cagers rallied for a 22-13 margin in the third period.

WITH ONLY THREE minutes remaining in the fourth period, New Paltz had climbed to within five points of the Ellies. Incredibly their attack collapsed as they blew five clean layup shots and four fouls. Ellenville took if from there.

Scoring highlight was Darrel Harp's continued brilliance for New Paltz. The sensational center racked up 31 points on 10 baskets and 11 of 16 foul tries, running his three-game total to 98 points. Rasmissen dunked 12 for the losers.

Ellenville's top shooter was Tannenbaum with 14 points. Gallo hit 10 and Randall had 11.

Illinois Sparkles in Debut; Dons, N. C. State Add Wins

(By The Associated Press)

This figures to be a hectic college basketball season for Illinois Coach Harry Combes, the great worrier. It looks like he has a winner.

Nothing leaves Harry limper than one of those rip-snortin' title races in the Big 10 and that's apparently right where he's headed after the way his Illini made their debut last night with a whomping 107-75 victory over Butler.

ILLINOIS' big noise drowned out the continued success of top-ranked San Francisco and third-rated North Carolina State as each tacked another game to winning streaks. The Dons, with All-America Bill Russell packing in 20 points in the 22 minutes he played, mauled outclassed San Francisco State 72-47 for their 29th consecutive victory. The Dons now put the string on the shelf until meeting Marquette Dec. 16.

N.C. State, meanwhile, bagged No. 15 in a row as Vic Molodet canned 26 in a 90-81 decision over Wake Forest. It was the wolfpack's first Atlantic Coast conference game of the season, but their third straight triumph of the new schedule.

Illinois, ranked eighth in the Associated Press poll, was a pre-season pick for the Big 10 title scrap along with defending champ Iowa and Indiana. But probably no one figured the Illini to break upon the scene with such a show of offensive punch. Capt. Paul Judson and Harv Smith each scored 22 points as the Illini rang up their highest one-game total ever.

IT WAS 20-5 after five minutes of play and 33-17 before Combes let the reserves into the game. Butler got rolling against the reserves and the momentum carried to a mere 58-54 deficit after the starters returned for Illinois. Then the Illini wrapped it up, spurting for 29 points while Butler scored 5.

The Butlers, annual early season tests for Big 10 teams, previously knocked off Wisconsin but were beaten 73-51 by Ohio State.

No other teams among the top 10 in the poll were active last night.

THE SOUTHERN Conference got going en masse, with defending champ West Virginia spilling Furman 85-71. Washington & Lee's five star generals tagged Richmond 78-76 in a battle of contenders and George Washington, another "favorite," smacked William and Mary 81-75.

Washington & Lee's youngsters dumped in six free throws—three by 6-5 Lee Marshall—in the last 2 minutes to snap a 72-72 tie and hand the Spiders their first setback. Sophomore Dom Flora of W&L was high with 27 points.

All-America Darrell Floyd hit 27 for previously unbeaten Furman, but except for a close first half, West Virginia had things its way. Hot Rod Hundley counted 20 for the Mountaineers. George Washington had a bit of a scare in the second half but had room to spare against William & Mary with center Joe Holup scoring 36 points although being triple-teamed.

ELSEWHERE, Kansas State of the Big 7 made its debut with an 89-70 decision over Texas Tech as 6-9 Jack Parr scored 22; and Southern Methodist warmed up for its three-game invasion of the Big 10 (Iowa, Minnesota and Wisconsin) with a 65-42 victory over Texas Wesleyan. Ronnie Morris shackled Wesleyan ace Don Bice with just 5 points while hitting 12 of 12 free throws and topping the scoring for the Southwest Conference champs with 24 points.

LAFAYETTE scored six consecutive points in the last 3 minutes to hand Princeton's Ivy League champs a second defeat 85-83 as both clubs hit better than 50 per cent of their shots.

LaSalle, upset by Muhlenberg last weekend, came back with a 96-63 victory over Albright; Holy Cross whipped Massachusetts 88-76 and Eastern Washington upset Utah State 85-62.

Florida State will lose only two of its football backs to graduation. They are Gene Fox and John Griner.

Johnston Hits 32 as Knicks Crush Lakers

(By The Associated Press)

If it isn't Neil Johston doing the big point making for Philadelphia it's Paul Arizin...or Tom Gola...or Jack George...or Joe Graboski.

That's been the pattern of the Warriors' performance so far this season and it shows no signs of changing as the lads from Philly continue to dominate the National Basketball Assn.

LAST NIGHT, it was Johnston with 32 points and Arizin with 26 who led the Warroirs to an easy 116-103 victory over the Minneapolis Lakers. Busting out with a 38 point third quarter, the Eastern division leaders (11-4) coasted home with Johnston getting 12 points and Gola three quick baskets in the torrid session.

In other games, the Boston Celtics moved into the runnerup spot behind Philadelphia by defeating the St. Louis Hawks, 122-99, the Fort Wayne Pistons downed the Syracuse Nats, 90-88 and the New York Knickerbockers trimmed the Rochester Royals 116-105.

To Put Nashua Up to Bidding

New York, Dec. 7 (AP) — Nashua, 3-year-old champion and leading money winner of 1955 whose earning power still is estimated at more than $500,000, no longer will run under the familiar white-and-red dotted colors of the Belair Stud.

The first step in the dissolution of the famous stable, rumored since the death of William Woodward Jr., Oct. 30, was taken yesterday when executors of Woodward's estate placed Nashua and 61 other thoroughbreds up for public sale. He was placed in a separate category for bidding. Other Belair racers, weanlings, yearlings and broodmares are to be bid on separately.

The executors called for sealed bids to be received no later than 11 a. m. Thursday, Dec. 15, 1955.

Johnny Mustion's jump shot in the last five seconds gave Kerhonkson High a thrilling 60-58 win over Fallsburgh Central of the DUSO League last night.

Coach Chick Meehan's cagers dominated the contest through the early going (18-17 and 33-31) and picked up a 14-8 edge in the third quarter.

The DUSO basketeers made their big bid in the final quarter, outscoring the winners, 19-13 and finally tying the score at 58-58 on Fedun's deuce.

MUSTION MOVED into range on the next sequence to bring the game to a sensational climax.

Number 13 proved lucky for Kerhonkson as three of its performers—Mustion, Tom Gates and Art Stockin—rimmed 13 points apiece.

Fundling and Altman with 10 and Fedun with 13 were the Fallsburgh players in double figures.

Kerhonkson plays at Wallkill in a UCAL contest Friday.

Northeastern Sportswriters and Sportcasters Asssociation members have voiced enthusiasm about something that probably will never materialize—an 8-team Class A basketball conference in southeastern New York state.

The teams would be Mont Pleasant and Nott Terrace of Schenectady; Troy, Kingston, Newburgh, Middletown, Amsterdam and Albany High.

With the Thruway operating, traveling problems would be nil for such a circuit. The primary obstacle would be the obvious reticence of the state ruling body to dismantle two Sections—9 and 2—in order to create such a league.

But the boys can dream can't them?

• Flotsam and Jetsam:

Charlie Johnson, the fabulous Poughkeepsie High School gridder, has been nominated for two standout awards—the New York State Junior Chamber of Commerce poll and the Wigwam Wisemen of Oklahoma City—originators of the National High School All-America football team. . . . Neil Johnston, the Philadelphia Warrior ace, who started at a $3,500 salary four years ago, is now close to the $14,000 mark. . . . The largest craft to be displayed at the National Motor Boat Show in two decades—a 61-foot luxury promenade deck motor cruiser—will be the "Queen" of the 1956 edition of that exposition at New York's Kingbridge Armory in January 13-22, 1956. . . . Reports on snow conditions at New York state's ski centers will be issued daily except Sunday, starting Thursday, the State Commerce Department has announced. The ski bulletins will be handled by the New York State Department of Commerce to promote winter recreational travel in the state.

• Of Men and Mice:

If you were surprised that Notre Dame's Paul Hornung didn't make the Associated Press All-America, ex-Irish coach Frank Leahy didn't name him to the all-star array he selected for TV Guide. . . . Newburgh Academy's football squad is feted annually, win, lose or draw. Poughkeepsie take note . . . Section 9 Athletic Council's annual dinner set Dec. 14 at Newburgh. . . . Gail Arnold, Woodstock sports car expert, will direct the second annual Windham Sports Car Rally next June. . . . The rally held for the first time this year was a huge success. Officer "Clancy" Snyder is giving printed directions to the Catskill Game Farm to all Woodstock hunters who failed to bag a deer this season. . . . Otisville's Dick Wilbur, a standout in Andy Murphy's Kingston tournament last spring, has made the Manhattan College basketball varsity.

Ray Lawrence, KHS All-DUSO basketeer of 1954-55 is a member of the frosh squad at Cortland State Teachers where Leo Elwell, ex-Poughkeepsie High, is a member of the varsity. . . . Harry Grayson, an astute boxing observer, put it this way: It's time Floyd Patterson moved. If he's so good, why does he have to fight the likes of Jimmy Slade. Or is the mob trying to embarrass the former Olympic champion who is generally regarded as Rocky Marciano's successor. Tonight's Nino Valdes-Bob Baker bout in Cleveland will impress upon you how pitifully poor is the heavyweight division once you get past The Rock. . . . After Howard Cassady has paced Ohio State to a crushing victory over Indiana, the Hoosier coach, Bernie Crimmins congratulated the famous All-America and said: "Boy, am I glad to see you gone'."

Harp Continues Scoring Spree With 31 Points

Runs Three-Game Total to 98

Ellenville High's DUSO League contenders rolled over New Paltz Central, 68-53, last night but the game wasn't as one sided as the final score might indicate.

Far from it. Trailing 36-15 at the half, Coach Larry Johnson's cagers rallied for a 22-13 margin in the third period.

WITH ONLY THREE minutes remaining in the fourth period, New Paltz had climbed to within five points of the Ellies. Incredibly their attack collapsed as they blew five clean layup shots and four fouls. Ellenville took if from there.

Scoring highlight was Darrel Harp's continued brilliance for New Paltz. The sensational center racked up 31 points on 10 baskets and 11 of 16 foul tries, running his three-game total to 98 points. Rasmissen dunked 12 for the losers.

Ellenville's top shooter was Tannenbaum with 14 points. Gallo hit 10 and Randall had 11.

Illinois Sparkles in Debut; Dons, N. C. State Add Wins

(By The Associated Press)

This figures to be a hectic college basketball season for Illinois Coach Harry Combes, the great worrier. It looks like he has a winner.

Nothing leaves Harry limper than one of those rip-snortin' title races in the Big 10 and that's apparently right where he's headed after the way his Illini made their debut last night with a whomping 107-75 victory over Butler.

ILLINOIS' big noise drowned out the continued success of top-ranked San Francisco and third-rated North Carolina State as each tacked another game to winning streaks. The Dons, with All-America Bill Russell packing in 20 points in the 22 minutes he played, mauled outclassed San Francisco State 72-47 for their 29th consecutive victory. The Dons now put the string on the shelf until meeting Marquette Dec. 16.

N.C. State, meanwhile, bagged No. 15 in a row as Vic Molodet canned 26 in a 90-81 decision over Wake Forest. It was the wolfpack's first Atlantic Coast conference game of the season, but their third straight triumph of the new schedule.

Illinois, ranked eighth in the Associated Press poll, was a pre-season pick for the Big 10 title scrap along with defending champ Iowa and Indiana. But probably no one figured the Illini to break upon the scene with such a show of offensive punch. Capt. Paul Judson and Harv Smith each scored 22 points as the Illini rang up their highest one-game total ever.

IT WAS 20-5 after five minutes of play and 33-17 before Combes let the reserves into the game. Butler got rolling against the reserves and the momentum carried to a mere 58-54 deficit after the starters returned for Illinois. Then the Illini wrapped it up, spurting for 29 points while Butler scored 5.

The Butlers, annual early season tests for Big 10 teams, previously knocked off Wisconsin but were beaten 73-51 by Ohio State.

No other teams among the top 10 in the poll were active last night.

THE SOUTHERN Conference got going en masse, with defending champ West Virginia spilling Furman 85-71. Washington & Lee's five star generals tagged Richmond 78-76 in a battle of contenders and George Washington, another "favorite," smacked William and Mary 81-75.

Washington & Lee's youngsters dumped in six free throws—three by 6-5 Lee Marshall—in the last 2 minutes to snap a 72-72 tie and hand the Spiders their first setback. Sophomore Dom Flora of W&L was high with 27 points.

All-America Darrell Floyd hit 27 for previously unbeaten Furman, but except for a close first half, West Virginia had things its way. Hot Rod Hundley counted 20 for the Mountaineers. George Washington had a bit of a scare in the second half but had room to spare against William & Mary with center Joe Holup scoring 36 points although being triple-teamed.

ELSEWHERE, Kansas State of the Big 7 made its debut with an 89-70 decision over Texas Tech as 6-9 Jack Parr scored 22; and Southern Methodist warmed up for its three-game invasion of the Big 10 (Iowa, Minnesota and Wisconsin) with a 65-42 victory over Texas Wesleyan. Ronnie Morris shackled Wesleyan ace Don Bice with just 5 points while hitting 12 of 12 free throws and topping the scoring for the Southwest Conference champs with 24 points.

LAFAYETTE scored six consecutive points in the last 3 minutes to hand Princeton's Ivy League champs a second defeat 85-83 as both clubs hit better than 50 per cent of their shots.

LaSalle, upset by Muhlenberg last weekend, came back with a 96-63 victory over Albright; Holy Cross whipped Massachusetts 88-76 and Eastern Washington upset Utah State 85-62.

Florida State will lose only two of its football backs to graduation. They are Gene Fox and John Griner.

Johnston Hits 32 as Knicks Crush Lakers

(By The Associated Press)

If it isn't Neil Johston doing the big point making for Philadelphia it's Paul Arizin...or Tom Gola...or Jack George...or Joe Graboski.

That's been the pattern of the Warriors' performance so far this season and it shows no signs of changing as the lads from Philly continue to dominate the National Basketball Assn.

LAST NIGHT, it was Johnston with 32 points and Arizin with 26 who led the Warroirs to an easy 116-103 victory over the Minneapolis Lakers. Busting out with a 38 point third quarter, the Eastern division leaders (11-4) coasted home with Johnston getting 12 points and Gola three quick baskets in the torrid session.

In other games, the Boston Celtics moved into the runnerup spot behind Philadelphia by defeating the St. Louis Hawks, 122-99, the Fort Wayne Pistons downed the Syracuse Nats, 90-88 and the New York Knickerbockers trimmed the Rochester Royals 116-105.

To Put Nashua Up to Bidding

New York, Dec. 7 (AP) — Nashua, 3-year-old champion and leading money winner of 1955 whose earning power still is estimated at more than $500,000, no longer will run under the familiar white-and-red dotted colors of the Belair Stud.

The first step in the dissolution of the famous stable, rumored since the death of William Woodward Jr., Oct. 30, was taken yesterday when executors of Woodward's estate placed Nashua and 61 other thoroughbreds up for public sale. He was placed in a separate category for bidding. Other Belair racers, weanlings, yearlings and broodmares are to be bid on separately.

The executors called for sealed bids to be received no later than 11 a. m. Thursday, Dec. 15, 1955.

It's a Steal, They Say

Dodgers Get Jackson For Hoak and Moryn

League Officials Puzzled by Trade

Chicago, Dec. 7 (AP)—Rival National League managers were chagringed and embittered over the trade between Chicago and Brooklyn that sent hard hitting third baseman Ransom Jackson to the world champion Dodgers for reserve third sacker Don Hoak and spare outfielder Walter Moryn.

The transaction announced last night, caused eyebrow-raising among baseball people who were almost unanimous in the belief that the Dodgers got much the better of the deal. One NL manager, expressing surprise that the Cubs would consent to such a deal, growled:

"THOSE DODGERS were going to be tough enough to beat as it was. But who's going to stop them now? Last year they had seven men in the lineup who could hit the ball out of the park at any given time. Now they've got eight. And with Don Newcombe on the mound, they have nine.

Cub personnel manager Wid Matthews, who made the swap with Brooklyn vice president E. J. (Buzzie) Bavasi, announced there will be a "tail" to this transaction sometime next week. The tail reportedly is Russ Meyer, the veteran right hander, who will report when the Cubs have been cut below the 40-player limit to make room for him. The Cubs released Walker Cooper and the 42-year-old catcher was expected to sign with the St. Louis Cardinals.

Al Lary, who will get a spring trial with the Chicago Cubs, caught 35 passes for 756 yards with Alabama gridmen in 1950. The number of passes and yards gained are school records.

Majors Assign O'Malley to Draft TV Proposal

Chicago, Dec. 7 (AP)—The National League held out a glimmer of hope to the minors in the form of revenue from a proposed television "game of the week" broadcast today but the majors turned thumbs down on such player requests as a $7,200 minimum pay, unlimited winter ball and an inside role on negotiating a new World Series TV contract.

The National went out of its way to label as "very important" its decision to ask Walter O'Malley, Brooklyn president, to continue his efforts to work out plans to use income from a proposed "game of the week" TV broadcast of major league games on Saturday afternoons to aid the minors.

O'Malley revealed last week his proposal to set up a network telecast that would net $3,000,000, with half going to the minors.

The minors, through the presidents of their class B, C and D leagues have asked the majors to help work out a plan for "immediate relief of the damaging effects of TV broadcasts into minor league territory." Although this request was not acted upon by the American League and was rejected by the National because of its intemperate" language, the National voted to lend a hand.

Buster Brannon, Texas Christian basketball coach, is enthused over the present freshman team. "I can hardly wait until next year," says Brannon.

SPORTSMAN'S DIGEST

BUYING USED GUNS

SOME DEALERS, AND "FRIENDS," TAKE ADVANTAGE OF A BUYER'S LACK OF GUN KNOWLEDGE, SO HE PAYS TOO MUCH OR BUYS JUNK. THE SAFE PROCEDURE IS BUYING ON A MONEY-BACK GUARANTEE FROM REPUTABLE DEALERS, OR, HAVE A 3RD PARTY HOLD PURCHASE PRICE WHILE YOU HAVE GUN VALUED AND INSPECTED BY A GUNSMITH OR EXPERT.

MOST FOLKS TEST A GUN BY SWINGING IT UP TO THEIR SHOULDER. THAT TESTS ITS FIT ONLY, NOT CONDITION.

TO FIGURE COST, SEE WHAT EXACT GUN SELLS FOR NEW. IF USED GUN IS ALMOST NEW, ¾ OF NEW PRICE IS ABOUT RIGHT. IF IT'S USED MODERATELY, ½ TO ⅔ IS A FAIR PRICE. IF IT'S ABUSED, PASS IT UP.

Bonnies Beat Sampson, 75-56

(By The Associated Press)

St. Bonaventure's home court winning streak now has been stretched to 56 consecutive games.

Sampson Air Force Base, the latest victim, took a 76-56 thumping from the Brown Indians last night in the small gym at Olean. St. Bonaventure's season record is 2-0.

Alfred and Hartwick also gained 2-0 records. Alfred, behind the 24-point scoring of Bob Raphael, spanked visiting McMaster of Ontario 86-56. Hartwick handed Griffis Air Force Base its second defeat against four victories in a 94-69 contest at Oneonta.

Satterfield KOs Andrews in 9th Of Dull Contest

Buffalo, Dec. 7 (AP)—Ike Bernstein, a manager of all sorts of fighters in his long career, practically danced a jig around the steamy dressing room.

"Where the hell are Valdes and Baker now?" he crowed triumphantly, draping an arm around the heaving shoulders of Big Bob Satterfield of Chicago.

It was a moment of glory for Bernstein's boy, Bob, who, with one smashing right to the head, sent Paul Andrews spinning through the ropes and out for the count last night in the ninth round of a scheduled 10-round heavyweight battle in Memorial Auditorium.

SATTERFIELD summed it up:

"The left started him on his way, and I finished him with the right."

And finish him he did. After eight slow rounds, Satterfield caught Andrews in a corner and jolted him with a sharp left hook to the jaw. He followed up with a flurry of vicious lefts and rights that left Andrews helpless, his hands hanging limply to his sides.

Then Satterfield landed the right high on the head. Andrews spun around, slumped through the middle strand of the ropes, and slipped through to the apron of the ring. Referee Lou Scozza counted him out there.

Effigy Is Burned

Athens, Ga., Dec. 7 (AP) — A crowd of about 1,000 University of Georgia students burned an effigy of the dean of men during a demonstration last night at which police set off several tear gas bombs. It was the second night in a row the students had milled about in a demonstration around the women's dormitories. Last night's affair apparently was aimed at William Tate, the dean of men. Tate earlier had said there might be "serious trouble" for three students who had taken part Monday night in a protest meeting at which an effigy of Gov. Marvin Griffin was displayed.

Eddie Chavaz, San Jose lightweight, won his first five bouts in 1955 until knocked out in the sixth round by Cisco Andrade.

Sheinvold Hits 573 to Lead in Good Neighbor

Jack Sheinvold topped a low scoring session of the Good Neighbor League with 573 last night. His games were 174, 202 and 197.

Stan Kaplan fired 489, Jack Blinder 521, Mike Wallach 497, Joe Murkoff 459, Ben Chipman 207-535, Herm Schneider 501, Milt Cole 480, Sy Markowitz 496, Mike Levy 480.

Says Attack 'Untrue'

Hong Kong, Dec. 7 (AP)—British naval authorities here said today a report that the British freighter Hydralock was attacked by Chinese Nationalist planes off Paichuan Island was "absolutely untrue." A navy spokesman said a report was received that Chinese Nationalist fighter planes flew over the 979-ton ship Monday but there was no attacks. A spokesman for Wheelock Marden, owners of the ship, also said the shooting report from Peiping radio was untrue. He added that the Hydralock made port at Foochow yesterday.

Ask $10 Per Rescue

Niagara Falls, Ont., Dec. 7 (AP)—Firemen are asking for a $10 bonus for every person they rescue from the Niagara river gorge. Stanley Thompson, president of Local 528 of the International Assn., of Firefighters, communicated the request to the Canadian city's council last night as part of new wage demands the firemen are making. The proposed bonus constitutes no major threat to city finances. Firemen made two rescues over the 300-foot river bank last summer.

Mother Killed by Blast

Marysville, Calif., Dec. 7 (AP)—Mrs. Cleo Delores Cisco, 24, was killed as she napped yesterday by a shotgun accidentally fired by her four-year-old son. Hal Notestein, Yuba county officer, said wesley, the boy, pulled the 12 gauge gun from a closet while Mrs. Cisco slept on a couch. The tot dragged the gun toward his mother. The charge hit her from two-foot range.

Fishing Editor

Alabama is a state that is varied in topography, flora and fauna. Its northen half is made up of pines and softwoods and vast areas that are farmed while the southern portion, in places, takes on an almost semi-tropical aspect. Its fresh waters, which are often roiled by erosion, contain largemouth bass, white bass, wall-eyed pike, pickerel, crappie, sunfish and a host of rough fish.

Its fishing is chiefly in the rivers and reservoirs. There are few natural lakes in Alabama. The state has gone in heavily for farm ponds of every size and shape and these have been extremly producive of fish.

PICKWICK DAM, on the Tennessee river, creates Pickwick lake which extends to Muscle Shoals at Florence Ala.

At Muscle Shoals is Wilson Dam which creates Wilson lake, being about 80 miles in length. Above that river is crossed by the Guntersville Dam which creates Guntersville lake, 75 miles long. These three reservoir lakes comprise more than 200,000 acres with some 2,000 miles of shoreline and a seemingly endless array of jagged bays.

Heaviest fishing of this Tennessee river stretch is below the dams because the fish like to go upstream. Also, the waters below the dams are clear to fairly clear. Virtually through the year, thousands of largemouth bass, white bass, crappies and wall-eyed pike are taken in these tail-waters.

THE SUCCESS of spinning rod and reel outfits in these waters coincides with the same success had elsewhere in TVA waters. Such outfits are a special recommendation. Accommodations for fishermen are found in these lakes.

Make inquiries as to fishing at Richard City, Bridgeport, Scottsboro, Columbus City and Guntersville.

Best times for fishing these and most all other Alabama waters is from April 1 to June 15. The summers are cooking hot. Late September to the first of December is best in the autumn.

It's a Steal, They Say

Dodgers Get Jackson For Hoak and Moryn

League Officials Puzzled by Trade

Chicago, Dec. 7 (AP)—Rival National League managers were chagringed and embittered over the trade between Chicago and Brooklyn that sent hard hitting third baseman Ransom Jackson to the world champion Dodgers for reserve third sacker Don Hoak and spare outfielder Walter Moryn.

The transaction announced last night, caused eyebrow-raising among baseball people who were almost unanimous in the belief that the Dodgers got much the better of the deal. One NL manager, expressing surprise that the Cubs would consent to such a deal, growled:

"THOSE DODGERS were going to be tough enough to beat as it was. But who's going to stop them now? Last year they had seven men in the lineup who could hit the ball out of the park at any given time. Now they've got eight. And with Don Newcombe on the mound, they have nine.

Cub personnel manager Wid Matthews, who made the swap with Brooklyn vice president E. J. (Buzzie) Bavasi, announced there will be a "tail" to this transaction sometime next week. The tail reportedly is Russ Meyer, the veteran right hander, who will report when the Cubs have been cut below the 40-player limit to make room for him. The Cubs released Walker Cooper and the 42-year-old catcher was expected to sign with the St. Louis Cardinals.

Al Lary, who will get a spring trial with the Chicago Cubs, caught 35 passes for 756 yards with Alabama gridmen in 1950. The number of passes and yards gained are school records.

Majors Assign O'Malley to Draft TV Proposal

Chicago, Dec. 7 (AP)—The National League held out a glimmer of hope to the minors in the form of revenue from a proposed television "game of the week" broadcast today but the majors turned thumbs down on such player requests as a $7,200 minimum pay, unlimited winter ball and an inside role on negotiating a new World Series TV contract.

The National went out of its way to label as "very important" its decision to ask Walter O'Malley, Brooklyn president, to continue his efforts to work out plans to use income from a proposed "game of the week" TV broadcast of major league games on Saturday afternoons to aid the minors.

O'Malley revealed last week his proposal to set up a network telecast that would net $3,000,000, with half going to the minors.

The minors, through the presidents of their class B, C and D leagues have asked the majors to help work out a plan for "immediate relief of the damaging effects of TV broadcasts into minor league territory." Although this request was not acted upon by the American League and was rejected by the National because of its intemperate" language, the National voted to lend a hand.

Buster Brannon, Texas Christian basketball coach, is enthused over the present freshman team. "I can hardly wait until next year," says Brannon.

BUYING USED GUNS

SOME DEALERS, AND "FRIENDS," TAKE ADVANTAGE OF A BUYER'S LACK OF GUN KNOWLEDGE, SO HE PAYS TOO MUCH OR BUYS JUNK. THE SAFE PROCEDURE IS BUYING ON A MONEY-BACK GUARANTEE FROM REPUTABLE DEALERS, OR, HAVE A 3RD PARTY HOLD PURCHASE PRICE WHILE YOU HAVE GUN VALUED AND INSPECTED BY A GUNSMITH OR EXPERT.

MOST FOLKS TEST A GUN BY SWINGING IT UP TO THEIR SHOULDER. THAT TESTS ITS FIT ONLY, NOT CONDITION.

TO FIGURE COST, SEE WHAT EXACT GUN SELLS FOR NEW. IF USED GUN IS ALMOST NEW, ¾ OF NEW PRICE IS ABOUT RIGHT. IF IT'S USED MODERATELY, ½ TO ⅔ IS A FAIR PRICE. IF IT'S ABUSED, PASS IT UP.

Bonnies Beat Sampson, 75-56

(By The Associated Press)

St. Bonaventure's home court winning streak now has been stretched to 56 consecutive games.

Sampson Air Force Base, the latest victim, took a 76-56 thumping from the Brown Indians last night in the small gym at Olean. St. Bonaventure's season record is 2-0.

Alfred and Hartwick also gained 2-0 records. Alfred, behind the 24-point scoring of Bob Raphael, spanked visiting McMaster of Ontario 86-56. Hartwick handed Griffis Air Force Base its second defeat against four victories in a 94-69 contest at Oneonta.

Satterfield KOs Andrews in 9th Of Dull Contest

Buffalo, Dec. 7 (AP)—Ike Bernstein, a manager of all sorts of fighters in his long career, practically danced a jig around the steamy dressing room.

"Where the hell are Valdes and Baker now?" he crowed triumphantly, draping an arm around the heaving shoulders of Big Bob Satterfield of Chicago.

It was a moment of glory for Bernstein's boy, Bob, who, with one smashing right to the head, sent Paul Andrews spinning through the ropes and out for the count last night in the ninth round of a scheduled 10-round heavyweight battle in Memorial Auditorium.

SATTERFIELD summed it up:

"The left started him on his way, and I finished him with the right."

And finish him he did. After eight slow rounds, Satterfield caught Andrews in a corner and jolted him with a sharp left hook to the jaw. He followed up with a flurry of vicious lefts and rights that left Andrews helpless, his hands hanging limply to his sides.

Then Satterfield landed the right high on the head. Andrews spun around, slumped through the middle strand of the ropes, and slipped through to the apron of the ring. Referee Lou Scozza counted him out there.

Effigy Is Burned

Athens, Ga., Dec. 7 (AP) — A crowd of about 1,000 University of Georgia students burned an effigy of the dean of men during a demonstration last night at which police set off several tear gas bombs. It was the second night in a row the students had milled about in a demonstration around the women's dormitories. Last night's affair apparently was aimed at William Tate, the dean of men. Tate earlier had said there might be "serious trouble" for three students who had taken part Monday night in a protest meeting at which an effigy of Gov. Marvin Griffin was displayed.

Eddie Chavaz, San Jose lightweight, won his first five bouts in 1955 until knocked out in the sixth round by Cisco Andrade.

Says Attack 'Untrue'

Hong Kong, Dec. 7 (AP)—British naval authorities here said today a report that the British freighter Hydralock was attacked by Chinese Nationalist planes off Paichuan Island was "absolutely untrue." A navy spokesman said a report was received that Chinese Nationalist fighter planes flew over the 979-ton ship Monday but there was no attacks. A spokesman for Wheelock Marden, owners of the ship, also said the shooting report from Peiping radio was untrue. He added that the Hydralock made port at Foochow yesterday.

Ask $10 Per Rescue

Niagara Falls, Ont., Dec. 7 (AP)—Firemen are asking for a $10 bonus for every person they rescue from the Niagara river gorge. Stanley Thompson, president of Local 528 of the International Assn., of Firefighters, communicated the request to the Canadian city's council last night as part of new wage demands the firemen are making. The proposed bonus constitutes no major threat to city finances. Firemen made two rescues over the 300-foot river bank last summer.

Mother Killed by Blast

Marysville, Calif., Dec. 7 (AP)—Mrs. Cleo Delores Cisco, 24, was killed as she napped yesterday by a shotgun accidentally fired by her four-year-old son. Hal Notestein, Yuba county officer, said wesley, the boy, pulled the 12 gauge gun from a closet while Mrs. Cisco slept on a couch. The tot dragged the gun toward his mother. The charge hit her from two-foot range.

By AL McCLANE
Fishing Editor

Alabama is a state that is varied in topography, flora and fauna. Its northen half is made up of pines and softwoods and vast areas that are farmed while the southern portion, in places, takes on an almost semi-tropical aspect. Its fresh waters, which are often roiled by erosion, contain largemouth bass, white bass, wall-eyed pike, pickerel, crappie, sunfish and a host of rough fish.

Its fishing is chiefly in the rivers and reservoirs. There are few natural lakes in Alabama. The state has gone in heavily for farm ponds of every size and shape and these have been extremly producive of fish.

PICKWICK DAM, on the Tennessee river, creates Pickwick lake which extends to Muscle Shoals at Florence Ala.

At Muscle Shoals is Wilson Dam which creates Wilson lake, being about 80 miles in length. Above that river is crossed by the Guntersville Dam which creates Guntersville lake, 75 miles long. These three reservoir lakes comprise more than 200,000 acres with some 2,000 miles of shoreline and a seemingly endless array of jagged bays.

Heaviest fishing of this Tennessee river stretch is below the dams because the fish like to go upstream. Also, the waters below the dams are clear to fairly clear. Virtually through the year, thousands of largemouth bass, white bass, crappies and wall-eyed pike are taken in these tail-waters.

THE SUCCESS of spinning rod and reel outfits in these waters coincides with the same success had elsewhere in TVA waters. Such outfits are a special recommendation. Accommodations for fishermen are found in these lakes.

Make inquiries as to fishing at Richard City, Bridgeport, Scottsboro, Columbus City and Guntersville.

Best times for fishing these and most all other Alabama waters is from April 1 to June 15. The summers are cooking hot. Late September to the first of December is best in the autumn.

Some Sections Get Relief From Cold

(By The Associated Press) . .

Much of the central and western sections of the country got a little relief from the unseasonable cold today, but it was colder in the eastern and southern areas.

The warmer air which spread over the mid-continent and the west sent temperatures up to 10 to 20 degrees. The cold air which extended over the eastern and southern states, including southern Texas, brought a similar drop in readings.

AT FRASER, Colo., this morning it was 23 above compared to 16 below yesterday morning, a rise of 39 degrees. It was 22 at Eau Claire, Wis., as against –12 yesterday.

Freezing and below temperatures extended from Virginia to eastern Tennessee, northwestward into Iowa and southwestward to northern New Mexico and most of the Rocky Mountain region.

Near zero readings prevailed in the Dakotas and Minnesota and parts of Maine. Low marks included –1 at Fargo, N. D., and Bemidji, Minn. Flurries were reported in the northern Great Lakes region and widely scattered sections of the Rockies. Rain and snow fell in the Pacific northwest. High winds whipped the Puget Sound district yesterday knocking down trees and utility poles and disrupting navigation. Winds up to 60 miles an hour sent small vessels scurrying for cover on Puget Sound.

Says Adlai, Aides Crossed Picket Line

Chicago, Dec. 7 (AP)—An official of an AFL union on strike against United Air Lines says that Adlai E. Stevenson and two aides crossed a one-man picket line yesterday when they boarded a UAL plane for New York at Chicago's Midway Airport.

David Landry, an official of the striking union, the Flight Engineers International Assn., said a picket was in a hallway outside the UAL section of Midway Terminal and "was close to Stevenson" when the Stevenson party entered the terminal.

Patricia Milligan, a Stevenson aide, said William McCormick Blair Jr., and Roger Tubby were with Stevenson at the airport. She said Steven and his two aides reported they had seen no pickets and were unaware there was a strike against UAL when they boarded the plane.

Memorial to Honor Pearl Harbor Dead

Pearl Harbor, Dec. 7 (AP)—Fourteen years after the Japanese attack on Pearl Harbor, navy clubs today dedicate a memorial to the dead.

The ceremony gets under way at 8 a. m. (11 a. m., EST) on a platform on the sunken battleship Arizona.

The actual unveiling takes place an hour later on nearby Ford island.

Alton G. Meyer, chairman of the Navy Clubs' Pearl Harbor Memorial Commission, will unveil the memorial.

Charles R. Topp of Des Moines, national commander, will dedicate it.

Rear Adm. C. E. Olson, 14th Naval District commander, will accept.

Killed in the attack were 3,303 military personnel, of whom 3,077 were navy men. Of the latter, 1,102—from an admiral to apprentice seamen—still are entombed in the Arizona.

Doctors Warned Polio May Occur After Inoculation

Rochester, N. Y., Dec. 7 (AP)—Dr. Frederick P. Robbins, co-winner of the 1954 Nobel prize for medicine, urged doctors last night to "be on the lookout" for cases of polio occurring after inoculation by the Salk vaccine.

"It would appear the vaccine is pretty safe," he said. "But I cannot guarantee 100 per cent that a repitition of the Cutter incident does not occur."

Last summer, 204 cases of polio developed after inoculation by vaccine prepared by the Cutter Laboratories of Berkley, Calif. Afterwards, the U. S. Public Health Service stiffened its standards for testing the vaccine.

Dr. Robbins told the Rochester Academy of Medicine that detailed safety standards guiding vaccine production still have to be completed and reported.

"Contrary to reports," he said, "the vaccine will not be available in great supplies in the coming year."

Dr. Robbins won the Nobel prize for his part in developing methods for cultivating polio virus in tissue culture. He is now a professor of pediatrics at Western Reserve School of Medicine in Cleveland.

Cedar Rest Moves Across Broadway To Remodeled Site

The Cedar Rest Restaurant is moving into new quarters across the street from its former location.

The bar and grill, formerly located at 673 Broadway, will have its official opening at 674 Broadway on Friday morning.

Three months of renovations and redecorating are just being completed on the former Carl Miller & Son Electrical Motor Repair Shop.

John Carter and Eugene Rios, partners in the Cedar Rest, report that the whole interior of the building has been redecorated, the walls finished in a paneling of wood, new tile floors and indirect lighting installed and a modern 36-foot bar. A new glass front has been installed on the front of the building, presenting a striking effect in the facade.

The new restaurant and bar will be 23 feet wide and 123 feet deep.

Mr. Rios told The Freeman it would have a complete new kitchen. The restaurant will cater particularly to parties, banquets and weddings.

All kinds of roasts will be featured and many other American and Italian dishes.

Mr. Rios and Mr. Carter operated the Cedar Rest Restaurant in the old location for the past six years.

Willis Arraigned On Policy Charge

New York, Dec. 7 (Special)—An Ellenville resident was arraigned in Gamblers Court here Tuesday on a policy charge.

The defendant, Clarence Willis, 41, of 1 Oakridge road, Ellenville, is accused of having had a slip containing 12 numbers bets in his jacket pocket when arrested Monday morning near 1740 Park avenue, here.

According to Plainclothesman William Kutzing of the 10th Division, Willis said that he had been taking numbers bets for "about a month."

Magistrate Jack Nicoll released Willis in $500 bail for a hearing later this week.

Traffic Quickie

Moline, Ill. (AP)—Mrs. Richard Haegeman paid a $1 fine for illegally parking in an alley. She reappeared seven minutes later in the same cafeteria court with a second ticket which charged her with leaving her car overtime in a metered zone while she was paying the first fine. Traffic Lt. Ray Kinkead, voided the second ticket and returned Mrs. Haegeman's "thank you" with a smile.

The new restaurant and bar will be 23 feet wide and 123 feet deep.

Mr. Rios told The Freeman it would have a complete new kitchen. The restaurant will cater particularly to parties, banquets and weddings.

All kinds of roasts will be featured and many other American and Italian dishes.

Mr. Rios and Mr. Carter operated the Cedar Rest Restaurant in the old location for the past six years.

Willis Arraigned On Policy Charge

New York, Dec. 7 (Special)—An Ellenville resident was arraigned in Gamblers Court here Tuesday on a policy charge.

The defendant, Clarence Willis, 41, of 1 Oakridge road, Ellenville, is accused of having had a slip containing 12 numbers bets in his jacket pocket when arrested Monday morning near 1740 Park avenue, here.

According to Plainclothesman William Kutzing of the 10th Division, Willis said that he had been taking numbers bets for "about a month."

Magistrate Jack Nicoll released Willis in $500 bail for a hearing later this week.

Traffic Quickie

Moline, Ill. (AP)—Mrs. Richard Haegeman paid a $1 fine for illegally parking in an alley. She reappeared seven minutes later in the same cafeteria court with a second ticket which charged her with leaving her car overtime in a metered zone while she was paying the first fine. Traffic Lt. Ray Kinkead, voided the second ticket and returned Mrs. Haegeman's "thank you" with a smile.
